Matter

Terms to Know

- Matter: Anything that has mass and takes up space.
- Mass: The amount of matter in an object.
- Atoms: Tiny particles that matter can be subdivided into.

Mixtures and Solutions

Mixtures

A mixture is when two or more substances are combined. They do not lose their characteristics.

Examples

soil

concrete

fruit particles

Solutions

Solutions are a special type of mixture in which one substance is uniformly dissolved in a liquid.

Examples

sugar water

soda

salt water

Temperature and Phase Changes

Matter can change from one state to another when the temperature increases or decreases.

When the temperature increases, a solid will change to a liquid and then to a gas.

Example:

When a pot of water is put on a hot stove, it boils. The liquid water changes to water vapor.

When the temperature decreases, a gas will change to a liquid and then to a solid.

Example:

When liquid freeze pops are put into a freezer, they become solid.

Mass and Phase Changes

Matter does not gain or lose mass during phase changes.

A Study Of Matter 7 12:

Hidden In Plain Sight: A Study of the Revelation to John Uchenna Mezue, 2015-10-03 The Revelation to John has been with us for about 2000 years and has been the subject of diverse attempts at interpretation The Revelation as given is a vision of the end time work of the Son of Man and the sole purpose is to prepare humanity for that mission and offer them the chance to recognise the last Envoy of God when He does come It is only with this understanding in view that the Revelation can be appreciated All the promised messages for the end time are now available to us and I believe we are in a better position to understand the message of The Revelation Indeed I believe that we urgently need to understand its message The urge and pressure amongst all striving human spirits to unravel the mysteries of The Revelation represents this need This study is not a substitute for The Revelation but may be regarded as a call for a deeper study and hopefully an awakening to the need to experience the times in a more alert manner The work is offered in the recognition that the Revelation is being fulfilled in this epoch and as such is a must read for all striving human spirits *Introduction to Chemical Physics* Thomas Ruggles Pynchon, 1874 **Reports of the Tax Court of the United States** United States.
