Novel History Mark C. Carnes, 2004-03-05 Historical fiction is a contradiction in terms History is what happened fiction what did not Yet great novelists have often disregarded this logical difficulty taking up the tools of the historian to explore the shadowy recesses of the past Their labors have brought forth many literary treasures But how accurately do these masterpieces of the imagination reflect the past In Novel History twenty accomplished historians

consider this question in relation to some of our most important historical novels Their essays are followed in most instances by a response from the novelist These dialogues illuminate one of the most fascinating and perplexing issues of our time the relation between the real past and our finest imaginative renderings of it Novel History includes essays by distinguished historians such as John Demos Michael Kammen Joan D Hedrick John Lukacs Eugene D Genovese Richard White and Tom Wicker and responses from notable novelists including Gore Vidal John Updike Russell Banks Don DeLillo Larry McMurtry Jane Smiley Madison Smartt Bell William Styron T Coraghessan Boyle William Kennedy Charles Frazier Thomas Fleming and Tim O'Brien Novel History is both a uniquely compelling perspective and a superb collection of literary history *Literature and Law* ,2016-08-09 In recent years there has been a continuing and persistent world wide interest in the interaction between the two disciplines of law and literature Although there have been many collections of primary texts that combined these two areas this volume presents literary analyses and criticism in an attempt to assess the varied relationships between law and justice between lawyers and clients and between readers perceptions and authors intent hopefully suggesting why they have continually been yoked together One similarity between the two is that lawyers like writers must catch their audience's attention by novelty of scene distinctiveness of voice and ingenuity of design Furthermore legal advocates must recreate a concrete sense of reality developing vivid and valid pictures of a specific time and place In short both lawyers and writers attempt to provide a basis for juries readers to judge defendants characters by their motivations and their actions and to decide whether a favorable ruling assessment is justified Collectively the essays in this book are designed to deal with themes of guilt and innocence right and wrong morality and legality The essays also suggest that the world as it is delineated by lawyers is indeed a text that like its literary counterparts sometimes blurs the distinction between fact and fiction as it attempts to define truth and to establish criteria for impartial justice By exploring interdisciplinary contexts readers will surely be made more aware more sensitive to the roles that stories play in the legal profession and to the dilemmas faced by legal systems that often succeed in maintaining the rights and privileges of a dominant societal group at the expense of a less powerful one **Jane Smiley's A Thousand Acres** Susan Elizabeth Farrell,2001-09-01 Continuum Contemporaries will be a wonderful source of ideas and inspiration for members of book clubs and readings groups as well as for literature students The aim of the series is to give readers accessible and informative introductions to 30 of the most popular most acclaimed and most influential novels of recent years A team of contemporary fiction scholars from both sides of the Atlantic has been assembled to provide a thorough and readable analysis of each of the novels in question The books in the series will all follow the same structure a biography of the novelist including other works influences and in some cases an interview a full length study of the novel drawing out the most important themes and ideas a summary of how the novel was received upon publication a summary of how the novel has performed since publication including film or TV adaptations literary prizes etc a wide range of suggestions for further reading including websites and discussion forums and a list of questions for reading

groups to discuss      **Incest in contemporary literature** Miles Leeson, 2018-08-06 This is the first edited collection of essays which focuses on the incest taboo and its literary and cultural presentation from the 1950s to the present day It considers a number of key authors and artists rather than a single author from this period The collection exposes the wide use of incest and sexual trauma and the frequency this appears within contemporary literature and related arts Incest in contemporary literature discusses the impact of this change in attitudes on literature and literary adaptations in the latter half of the twentieth century and early years of the twenty first century Although primarily concerned with fiction the collection includes work on television and film Authors discussed include Iain Banks A S Byatt Angela Carter Simone de Beauvoir Ted Hughes Doris Lessing Ian McEwan Iris Murdoch Vladimir Nabokov Andrea Newman and Pier Pasolini and Sylvia Plath      **A Thousand Acres** Jane Smiley, 2000-04      **Talking Back to Shakespeare** Martha Tuck Rozett, 1994 This book is about the way in which Shakespeare's plays have inspired readers to talk back and about some of the forms such talking back can assume It is also about the way different interpretive communities including students read their cultural political and moral assumptions into Shakespeare's plays appropriating and transforming elements of plot character and verbal text while challenging what they see as the ideological premises of the plays Texts that talk back to Shakespeare pose questions offer alternatives take liberties and fill in gaps Some of the transformations discussed in Talking Back to Shakespeare challenge deeply held assumptions such as for instance that Hamlet is a tragic hero and Shylock a stereotypical grasping usurer Others invent prior or subsequent lives for Shakespeare's characters women characters in particular so as to account for their actions and imagine their lives more fully than Shakespeare chooses to do Very few of these works have received much critical attention and some are virtually unknown or forgotten Rather than a comprehensive study of Shakespeare transformations Talking Back to Shakespeare is an innovative exploration of the kinship between the kind of talking back that occurs in the classroom and the kind to be found in texts produced by writers who rewrite some of Shakespeare's most frequently taught and performed plays Such re-visions unsettle the cultural authority of the plays and expose the accumulated lore that surrounds them to probing often irreverent scrutiny Much of the talking back comes from marginalized readers women like Lillie Wyman author of Gertrude of Denmark An Interpretive Romance and other nineteenth century women critics or Jewish writers like Arnold Wesker whose play The Merchant transforms the relationship between Antonio and Shylock Some talking back comes from an international collection of oppositional voices of the 1960s including Charles Marowitz Aime Cesaire Eugene Ionesco and Joseph Papp Talking Back to Shakespeare ranges from popular books like the recent Pulitzer Prize winning novel A Thousand Acres by Jane Smiley to obscure seldom read ones like Percy MacKaye's ambitious four play prequel The Mystery of Hamlet King of Denmark What these published texts share with student journal entries and transformations is the assumption familiar to postmodern readers that Shakespeare's plays are essentially unstable culturally determined constructs capable of acquiring new meanings and new forms By bringing together

these two kinds of talking back Rozett challenges the traditional separation between critical and pedagogical inquiry that has until recently dominated English studies

**Rewriting Shakespeare's Plays For and By the Contemporary Stage** Michael Dobson, Estelle Rivier-Arnaud, 2017-06-23 Why have contemporary playwrights been obsessed by Shakespeare's plays to such an extent that most of the canon has been rewritten by one rising dramatist or another over the last half century Among other key figures Edward Bond Heiner Müller Carmelo Bene Arnold Wesker Tom Stoppard Howard Barker Botho Strauss Tim Crouch Bernard Marie Koltès and Normand Chaurette have all put their radical originality into the service of adapting four century old classics The resulting works provide food for thought on issues such as Shakespearean role playing narrative and structural re shuffling Across the world new writers have questioned the political implications and cultural stakes of repeating Shakespeare with and without a difference finding inspiration in their own national experiences and in the different ordeals they have undergone How have our contemporaries carried out their rewritings and with what aims Can we still play Hamlet for instance as Dieter Lesage asks in his book bearing this title or do we have to kill Shakespeare as Normand Chaurette implies in a work where his own creative process is detailed What do these rewritings really share with their sources Are they meaningful only because of Shakespeare's shadow haunting them Where do we draw the lines between interpretation adaptation and rewriting The contributors to this collection of essays examine modern rewritings of Shakespeare from both theoretical and pragmatic standpoints Key questions include can a rewriting be meaningful without the reader's or spectator's already knowing Shakespeare Do modern rewritings supplant Shakespeare's texts or curate them Does the survival of Shakespeare in the theatrical repertory actually depend on the continued dramatization of our difficult encounters with these potentially obsolete scripts represented by rewriting

**The New Midwest** Mark Athitakis, 2017-02-06 Dives deep into Midwestern literature unpacking the mythology of the region and how today's writers are complicating our simple idea of the Heartland Huffington Post In the public imagination Midwestern literature has not evolved far beyond heartland laborers and hardscrabble immigrants of a century past But as the region has changed so in many ways has its fiction In this book the author explores how shifts in work class place race and culture has been reflected or ignored by novelists and short story writers From Marilynne Robinson to Leon Forrest Toni Morrison to Aleksandar Hemon Bonnie Jo Campbell to Stewart O'Nan this book is a call to rethink the way we conceive Midwestern fiction and one that is sure to prompt some new must have additions to every reading list Using the lens of novels and short stories published over the past 30 or so years Athitakis seeks to illuminate the ways we still lean on literary mythology of the Midwest when it comes to defining the region Chicago Tribune The New Midwest rightly praises the Midwestern novels of Marilynne Robinson Jeffrey Eugenides Toni Morrison and Jonathan Franzen but also points out works of comparable merit that warrant rediscovery The Washington Post The New Midwest is a crisp engaging tip sheet and guide for further reading Milwaukee Journal Sentinel A journey through the

Midwest and through some key works by writers Athitakis thinks are most effectively using the region in their fiction Kirkus Reviews

Wounds and Words Christa Schönfelder, 2014-04-15 Trauma has become a hotly contested topic in literary studies But interest in trauma is not new its roots extend to the Romantic period when novelists and the first psychiatrists influenced each others investigations of the wounded mind This book looks back to these early attempts to understand trauma reading a selection of Romantic novels in dialogue with Romantic and contemporary psychiatry It then carries that dialogue forward to postmodern fiction examining further how empirical approaches can deepen our theorizations of trauma Within an interdisciplinary framework this study reveals fresh insights into the poetics politics and ethics of trauma fiction

**The Extension of Life** R. A. York, 2003 Studies ten American novels from the later twentieth century in the light of theories of narration and of the recent debate on the nature of fiction After an introduction to the theoretical background it analyzes works by Malamud Bellow Capote Barth Doctorow Morrison Oates Ford Smiley and Kingsolver emphasizing the complementary tendencies in American fiction to documentation of historical conditions and to the free play of the creative writer to factual record and to self conscious fabulation It argues that the tension between these two tendencies expresses an acute concern with the limitations of modern life with the writer s drive to constitute a realm of freedom and with the challenges of reconciling the two

*The Routledge Companion to Masculinity in American Literature and Culture* Lydia R. Cooper, 2021-12-26 Recently the U S has seen a rise in misogynistic and race based violence perpetrated by men expressing a sense of grievance from incels to alt right activists Grounding sociological historical political and economic analyses of masculinity through the lens of cultural narratives in many forms and expressions The Routledge Companion to Masculinity in American Literature and Culture suggests that how we examine the stories that shape us in turn shapes our understanding of our current reality and gives us language for imagining better futures Masculinity is more than a description of traits associated with particular performances of gender It is more than a study of gender and social power It is an examination of the ways in which gender affects our capacity to engage ethically with each other in complex human societies This volume offers essays from a range of established global experts in American masculinity as well as new and upcoming scholars in order to explore not just what masculinity once meant has come to mean and may mean in the future in the U S it also articulates what is at stake with our conceptions of masculinity
