Plain,2019-08-07 This book examines the relationship between war and gender through the analysis of literary texts Focusing on the fiction of Dorothy L Sayers Stevie Smith Virginia Woolf Naomi Mitchison and Elizabeth Bowen during the 1930s and 1940s the book considers the different and sometimes contradictory ways in which British women writers responded both to the threat of war and to actual conflict in this period Leftover in China: The Women Shaping the World's Next

Superpower Roseann Lake,2018-02-13 Factory Girls meets The Vagina Monologues in this fascinating narrative on China's single women and why they could be the source of its economic future Forty years ago China enacted the one child policy only recently relaxed Among many other unintended consequences it resulted in both an enormous gender imbalance with a predicted twenty million more men than women of marriage age by 2020 and China's first generations of only daughters Given the resources normally reserved for boys these girls were pushed to study excel in college and succeed in careers as if they were sons Now living in an economic powerhouse enough of these women have decided to postpone marriage or not marry at all to spawn a label leftovers Unprecedentedly well educated and goal oriented they struggle to find partners in a society where gender roles have not evolved as vigorously as society itself and where new professional opportunities have made women less willing to compromise their careers or concede to marriage for the sake of being wed Further complicating their search for a mate the vast majority of China's single men reside in and are tied to the rural areas where they were raised This makes them geographically economically and educationally incompatible with city dwelling leftovers who also face difficulty in partnering with urban men given the urban men's general preference for more dutiful domesticated wives Part critique of China's paternalistic ideals part playful portrait of the romantic travails of China's trailblazing women and their well meaning parents who are anxious to see their daughters snuggled into traditional wedlock Roseann Lake's Leftover in China focuses on the lives of four individual women against a backdrop of colorful anecdotes hundreds of interviews and rigorous historical and demographic research to show how these leftovers are the linchpin to China's future **A World**

Many aspects of miscarriage are covered including difficult issues that are often avoided: the nature of the loss, tissue, embryo, fetus, or baby; guilt about an earlier abortion; explaining miscarriage to other children; the effect of miscarriage on a relationship; returning to work after miscarriage; coping with repeated miscarriages. The text also provides a set of guidelines to good practice for professionals based on what women say they find helpful. Professionals who want to evaluate their own practice or develop the service they offer will find this an invaluable reference.

*A World Full of Women* Martha Coonfield Ward, 2003. This thorough revision of *A World Full of Women* will appeal to instructors and students in anthropology or any discipline looking for a global approach to the study of women. Reading this book is like sitting down for an intellectually stimulating yet thoroughly comfortable chat with this author, according to a reviewer. Written by an anthropologist who has taught undergraduates for 28 years and designed the first official women's studies course in Louisiana, this book has been fueled by the explosion of research on women since the 1970s. One reviewer describes the text as especially strong in its anthropological grounding, in its appropriate theoretical orientation, its selected ethnographic detail, and in the way it invites participation on the part of its readers. Another reviewer writes, "Ward has achieved a rare thing: an accessible, interesting, personable, opinionated text combined with the comprehensiveness that makes texts valuable."

***Women's Divination in Biblical Literature*** Esther J. Hamori, 2015-04-28. Divination, the use of special talents and techniques to gain divine knowledge, was practiced in many different forms in ancient Israel and throughout the ancient world.
