American Pentimento Patricia Seed,2001 The modern regulations and pervading attitudes that control native rights in the Americas may appear unrelated to the European colonial rule but traces of the colonizers cultural religious and economic agendas remain Patricia Seed likens this situation to a pentimento a painting in which traces of older compositions become visible over time and shows how the exploitation begun centuries ago continues today Seed examines how the goals of European colonialist in the Americas The English appropriated land while the Spanish and Portuguese attempted to eliminate barbarous religious behavior and used indigenous labor to take mineral resources Ultimately each approach denied native people distinct aspects of their heritage Seed argues that their differing effects persist with natives in former English colonies fighting for land rights while those in former Spanish and Portuguese colonies fight for human dignity Book jacket

*The Jean Freeman Gallery Does Not Exist* Christopher Howard, 2019-03-01 An examination of a 1970s Conceptual art project advertisements for fictional shows by fictional artists in a fictional gallery that hoodwinked the New York art world From the summer of 1970 to March 1971 advertisements appeared in four leading art magazines Artforum Art in America Arts Magazine and ARTnews for a group show and six solo exhibitions at the Jean Freeman Gallery at 26 West Fifty Seventh Street in the heart of Manhattan's gallery district As gallery goers soon discovered this address did not exist the street

numbers went from 16 to 20 to 24 to 28 and neither did the art supposedly exhibited there. The ads were promoting fictional shows by fictional artists in a fictional gallery. The scheme eventually exposed by a New York Times reporter was concocted by the artist Terry Fugate Wilcox as both work of art and critique of the art world. In this book Christopher Howard brings this forgotten Conceptual art project back into view. Howard demonstrates that Fugate Wilcox's project was an exceptionally clever embodiment of many important aspects of Conceptualism incisively synthesizing the major aesthetic issues of its time: documentation and dematerialization, serialism and process, text and image, publishing and publicity. He puts the Jean Freeman Gallery in the context of other magazine-based work by Mel Bochner, Judy Chicago, Yoko Ono, and Ed Ruscha and compares the fictional artists' projects with actual Earthworks by Walter De Maria, Peter Hutchinson, Dennis Oppenheim, and more. Despite the deadpan perfection of the Jean Freeman Gallery project, the art establishment marginalized its creator and the project itself was virtually erased from art history. Howard corrects these omissions, drawing on deep archival research, personal interviews, and investigation of fine-printed clues to shed new light on a New York art world mystery.
