threat to mankind As the Grays are building up their fleets and personnel Deborah desperately searches the known universe for additional personnel in this search she even goes to primitive nations The United States strips its military forces to provide as many personnel as possible Despite this effort there are still not enough personnel Deborah s scientists are working around the clock to not only upgrade her weapons but also provide her with new types of weapons Ramah and the United States are making a maximum effort to prepare for the upcoming battle with the Grays In this battle either the humans or the Grays will become extinct
