*The King's Jews* Robin R. Mundill, 2010-06-07 In July 1290 Edward I issued writs to the Sheriffs of the English counties ordering them to enforce a decree to expel all Jews from England before All Saints Day of that year England became the first country to expel a Jewish minority from its borders

They were allowed to take their portable property but their houses were confiscated by the king In a highly readable account Robin Mundill considers the Jews of medieval England as victims of violence notably the massacre of Shabbat haGadol when York s Jewish community perished at Clifford s Tower and as a people apart isolated amidst a hostile environment The origins of the business world are considered including the fact that the medieval English Jew perfected modern business methods many centuries before its recognised time What emerges is a picture of a lost society which had much to contribute and yet was turned away in 1290      *Publications of the American Jewish Historical Society* American Jewish Historical Society,1928

The Many Ways Jews Loved Constance Harris,2020-06-18 While acknowledging the ways in which persecution inevitably affects a community this book deviates from most Jewish studies to survey the ways in which Jewish history has been shaped by the everyday experience of love It examines erotic poetry sensual art and literature and biblical and rabbinic stories about lust It reviews the ways in which Jewish law has both encouraged and regulated sexual interaction and studies the diversity of Jewish attitudes toward such relationships found in a vast array of works whose authors and artists often speak to the confusion and failure of love while also finding a purpose in its pursuance It tells the stories of those people who revel in love and of others who remember love and grieve in its absence
