**The Testing Charade** Daniel Koretz, 2017-08-31 For decades we've been studying, experimenting with, and wrangling over different approaches to improving public education and there's still little consensus on what works and what to do. The one thing people seem to agree on, however, is that schools need to be held accountable; we need to know whether what they're doing is actually working. But what does that mean in practice? High-stakes tests. Lots of them. And that has become a major problem. Daniel Koretz, one of the nation's foremost experts on educational testing, argues in *The Testing Charade* that the whole idea of test-based accountability has failed; it has increasingly become an end in itself, harming students and corrupting the very ideals of teaching. In this powerful polemic, built on unimpeachable evidence and rooted in decades of experience with educational testing, Koretz calls out high-stakes testing as a sham, a false idol that is ripe for manipulation and shows little evidence of leading to educational improvement. Rather than setting up incentives to divert instructional time to pointless test prep, he argues, we need to measure what matters and measure it in multiple ways, not just via standardized tests. Right now, we're lying to ourselves about whether our children are learning. And the longer we accept that lie, the more damage we do. It's time to end our blind reliance on high-stakes tests. With *The Testing Charade*, Daniel Koretz insists that we face the facts and change course, and he gives us a blueprint for doing better.

**Impact Coaching** Julie R. Smith, Raymond L. Smith, 2017-12-14 Invest in building talent. The best principals don't just happen. When new principals are

handed the keys and left to make decisions about their schools without adequate sustained support what happens Too often school improvement efforts don't gain full traction principals often give up and leave and real student gains remain out of reach Impact Coaching bucks the notion of leaving principals to learn the ropes on their own This book offers a solid sustainable and laser sharp focus on instructional leadership and helps leaders hone model and lead new learning through deliberate practice by Engaging in rich rigorous and reflective open to learning conversations with both coaches and colleagues to improve instructional leadership practices Leveraging their 5 Big Winner Practices for highest impact Using Linking Walk templates to apply new ideas to real scenarios that improve lead learner practices This book could be your single most impactful investment toward eventual student achievement The authors do a great job of sharing the benefits of coaching and elaborating on how the coaching partnership should and could look The book is very relevant clearly based on research and has some great checklists to further clarify the recommended steps Kathy Rhodes Principal Hinton Elementary Hinton IA Impact Coaching provides school leaders with the tools to turn opportunity into action Educational leaders possess an incredible capacity to influence the system and impact student learning Ray and Julie Smith present strategies for focusing on leadership practices that maximize impact on student learning and achievement This book will re-ignite your commitment to creating effective change bolster your confidence to persist through challenges and renew your motivation to reach your fullest potential The authors will simultaneously inspire your soul and challenge your mind Russell J Quaglia President Founder Quaglia Institute for Student Aspirations      A Chronicle of Echoes Mercedes K. Schneider, 2014-04-01 Corporate reform is not reform at all Instead it is the systematic destruction of the foundational American institution of public education The primary motivation behind this destruction is greed Public education in America is worth almost a trillion dollars a year Whereas American public education is a democratic institution its destruction is being choreographed by a few wealthy well positioned individuals and organizations This book investigates and exposes the handful of people and institutions that are often working together to become the driving force behind destroying the community public school
