

On September 6, 1620 one hundred and two men, woman, and children set sail on the Mayflower for the New World. These people were called Pilgrims. Pilgrims were people that were had fled England in search of religious freedom. This group of people fled to Holland where they had been living for the last 12 years. On November 9th the Mayflower sailed into Cape Cod.

The men came ashore first to look for shelter. They found a deserted Pawtuxet village. The men claimed this area and begin to plan their new village, Plymouth. Winter was so harsh the Pilgrims stayed on the Mayflower during that winter. The Pilgrims did not know how to hunt. They were begin to starve and disease was sweeping through. When winter was over and spring was here only 57 Pilgrims remained. The pilgrims began to plant. In April the Mayflower set sail for England. The Pilgrims were very afraid of the Indians. They believed them to be terrible savages. The Indians had been watching the Pilgrims, learning how they lived. One day one of the Indians approached the Indians and said, "Welcome Englishmen" this was the start of their friendship. Squanto came a few days later. Squanto new the Indians did not know how to survive and planned to teach them. Squanto first taught the men to fish and grow crops. The next thing Squanto did was teach the Pilgrims to hunt. The harvest in 1621 was bountiful and the Pilgrims were ready to celebrate. The Governor, William Bradford, asked Squanto to invite Massasoit and a few friends to the feast. Massasoit came to the feast with deer, turkey and 90 guest. For three days the Pilgrims and Indians feasted. This was a time of celebration. The Pilgrim Thanksgiving was every Thursday. On October 3, 1789 President George Washington made a proclamation and created the first Thanksgiving Day. The following presidents would also each sign proclamations each year for Thanksgiving. In 1863 Abraham Lincoln proclaimed the last Thursday in November would be Thanksgiving.

At Distance Representation of The Migrants in Turkish Textbooks zafer çelik, 2024-04-29 In Turkish textbooks migrants are frequently portrayed as marginalized individuals who are labelled as needy guests and consumers of limited resources These textbooks fail to portray migrants as a constituent element of society neglecting to acknowledge their substantial contributions to both social and economic life Furthermore the textbooks disregard the rich tapestry of migrants lives traditions and cultures by omitting instances of successful migrant experiences This narrative promotes discontent hatred

exclusion and fear towards migrants within educational institutions and society at large However defining migrants as the constituent elements of society highlighting their contributions to social and economic life and including their culture and traditions in textbooks can play a pivotal role in cultivating positive attitudes and behaviors towards immigrants A paradigm shift in depicting migrants as essential constituents of society is imperative **Reading Fluency** Timothy Rasinski, William Rupley, David Paige, Chase Young, 2021-01-21 Reading fluency has been identified as a key component of proficient reading Research has consistently demonstrated significant and substantial correlations between reading fluency and overall reading achievement Despite the great potential for fluency to have a significant outcome on students reading achievement it continues to be not well understood by teachers school administrators and policy makers The chapters in this volume examine reading fluency from a variety of perspectives The initial chapter sketches the history of fluency as a literacy instruction component Following chapters examine recent studies and approaches to reading fluency followed by chapters that explore actual fluency instruction models and the impact of fluency instruction Assessment of reading fluency is critical for monitoring progress and identifying students in need of intervention Two articles on assessment one focused on word recognition and the other on prosody expand our understanding of fluency measurement Finally a study from Turkey explores the relationship of various reading competencies including fluency in an integrated model of reading Our hope for this volume is that it may spark a renewed interest in research into reading fluency and fluency instruction and move toward making fluency instruction an even more integral part of all literacy instruction **Everyday Comprehension**
