40 Chances Finding Hope In A Hungry World:

40 Chances Howard G Buffett, 2013-10-22 The son of legendary investor Warren Buffet relates how he set out to help nearly a billion individuals who lack basic food security through his passion of farming in forty stories of lessons learned

Forty Chances, 2017 Each of us has about 40 chances to accomplish our goals in life I learned this first as a farmer because all farmers can expect to have about 40 growing seasons giving them just 40 chances to improve on every harvest Then I realized that this applies not just to agriculture but to all of us because we all have about 40 productive years in our careers to do the best job we can and create the change we want to see For me that change means ending hunger Approaching life with a 40 Chances mindset gives you reason to hope and to take action and it forces fresh approaches that our world desperately needs Through this photography book I look forward to sharing with you the photographs that document the people and places I have encountered during my own 40 Chances journey

40 Chances Howard G Buffett, Howard W. Buffet, 2013 The son of legendary investor Warren Buffet relates how he set out to help nearly a billion individuals who lack basic food security through his passion of farming in forty stories of lessons learned **Doing Good** Thomas Nazario, Kelly Quayle, 2017-01-23 When educating the minds of our youth we must not forget to educate their hearts His Holiness the 14th Dalai Lama Are young people more interested in Snapchat than actually talking to each other Is the local mall the first place families think of to go when they want to be happy Too often we get caught up in acquiring more things instead of engaging in meaningful experiences with others This can create distance between people which makes it more difficult to resolve disputes or respond compassionately when someone is in need We can better understand what another person is thinking or feeling if we can imagine being in their shoes and experience a moment in life as they see it It makes it easier to bully someone who is perceived to be different on the outside when in fact on the inside we all basically need the same things to be happy kindness acceptance purpose Through engaging classroom activities thoughtful homework assignments relevant videos and suggested projects young people are introduced to some of our most pressing global challenges As they work together on proposed solutions they begin to create for themselves a meaningful life Our 50-State Border Crisis Howard G. Buffett, 2025-04-08 From one of America's most prominent philanthropists an eye opening myth busting new perspective on the crisis at the U S Mexico border Howard G Buffett has seen first hand the devastating impact of cheap Mexican heroin and other opiate cocktails across America Fueled by failing border policies and lawlessness in Mexico and Central America drugs are pouring over the nation's southern border in record quantities turning Americans into addicts and migrants into drug mules and killing us in record numbers Politicians talk about a border crisis and an opioid crisis as separate issues To Buffett a landowner on the U S border with Mexico and now a sheriff in Illinois these are intimately connected Ineffective border policies not only put residents in border states like Texas and Arizona in harm's way they put American lives in states like Oregon Pennsylvania and Vermont at risk Mexican cartels have grown astonishingly

powerful by exploiting both the gaps in our border security strategy and the desperation of migrants all while profiting enormously off America's growing addiction to drugs. The solution isn't a wall. In this groundbreaking book, Buffett outlines a realistic, effective, and bipartisan approach to fighting cartels, strengthening our national security, and tackling the roots of the chaos below the border.

Food Security, 2020-12-15 For a number of reasons, the global food supply is not as stable as it has been historically. The global population continues to grow, while catastrophic weather events like floods and droughts have an increasingly detrimental effect on crops around the world. Various political factors also impact food security, including violent conflicts within and between countries, trade wars, and tariffs, and contentious decisions regarding which crops to subsidize. The viewpoints in this volume explore the causes of food insecurity around the world while also presenting potential solutions that could stabilize food supply at a local and global level.

The Rotarian: April 2014, Social Value Investing Howard W. Buffett, William B. Eimicke, 2018-05-29 Social Value Investing presents a new way to approach some of society's most difficult and intractable challenges. Although many of our world's problems may seem too great and too complex to solve, inequality, climate change, affordable housing, corruption, healthcare, food insecurity, solutions to these challenges do exist and will be found through new partnerships bringing together leaders from the public, private, and philanthropic sectors. In their new book, Howard W. Buffett and William B. Eimicke present a five-point management framework for developing and measuring the success of such partnerships. Inspired by value investing, one of history's most successful investment paradigms, this framework provides tools to maximize collaborative efficiency and positive social impact so that major public programs can deliver innovative, inclusive, and long-lasting solutions. It also offers practical insights for any private sector CEO, public sector administrator, or nonprofit manager hoping to build successful cross-sector collaborations. Social Value Investing tells the compelling stories of cross-sector partnerships from around the world: Central Park and the High Line in New York City, community-led economic development in Afghanistan, and improved public services in cities across Brazil. Drawing on lessons and observations from a broad selection of collaborations, this book combines real-life stories with detailed analysis, resulting in a blueprint for effective, sustainable partnerships that serve the public interest. Readers also gain access to original academic case material and professionally produced video documentaries for every major partnership profiled, bringing to life the people and stories in a way that few other business or management books have done.
