AP Environmental Science Crash Course Gayle Evans, 2011-10-01 REA's AP Environmental Science Crash Course is the first book of its kind for the last minute student or any AP student who wants a quick refresher on the course. Written by an AP Environmental Science teacher, the targeted review chapters prepare students for the test by only focusing on the important topics tested on the AP Environmental Science exam. The easy-to-read review chapters in outline format cover everything AP students need to know for the exam: human population dynamics, managing public lands, energy conservation, changes in Earth's climate, species extinction, loss of biodiversity, and more. The author also includes must-know key terms all AP students should know before test day. With our Crash Course, students can study the subject faster, learn the crucial material, and boost their AP score all in less time. The author provides key strategies for answering the multiple choice questions so students can build their point scores and get a 5.
