Lobsien,2010-05-27 Transparency and Dissimulation analyses the configurations of ancient neoplatonism in early modern English texts In looking closely at poems and prose writings by authors as diverse as Thomas Wyatt Philip Sidney Edmund Spenser John Donne Edward Herbert Andrew Marvell Thomas Traherne Thomas Browne and last not least Aphra Behn this study attempts to map the outlines of a neoplatonic aesthetics in literary practice as well as to chart its transformative potential in the shifting contexts of cultural turbulency and denominational conflict in 16th and 17th century England As part of a new contextually aware aesthetics it seeks to determine some of the functions neoplatonic structures such as forms of recursivity or certain modes of apophatic speech are capable of fulfilling in combination and interaction with other heterogeneous or even ideologically incompatible elements What emerges is a surprisingly versatile poetics of excess and enigma with strong Plotinian and Erigenist accents This appears to need the traditional ingredients of petrarchism or courtliness only as material for the formation of new and dynamic wholes revealing its radical metaphysical potential above all in the way it helps to resist the easy answers in religion science or the fashions of libertine love **Transparent Urban**

Development Benjamin W. Stanley,2017-07-19 This book studies both the tangible benefits and substantial barriers to sustainable development in the city of Phoenix Arizona Utilizing mixed research methods to probe downtown Phoenix s political economy of development this study illustrates how non local property ownership and land speculation negatively impacted a concerted public private effort to encourage infill construction on vacant land The book elaborates urban sustainability not only as a set of ecological and design prescriptions but as a field needing increased engagement with the growth based impetus structural economic forces and political details behind American urban land policy Demonstrating how land use policies evolved in relation to Phoenix s historical dependence on outside investment and are now interwoven across jurisdictional scales the book concludes by identifying policy intervention points to increase the sustainability of Phoenix s development trajectory **Transparent** David Richardson,2023-10-17 Assumptions are the most potent of ideas but also the least understood Transparent reveals what assumptions we make how they control us and how they are all inherently religious Even atheists are religious at the level of their assumptions Some assumptions are true and most are not How can you tell without being an intellectual Transparent introduces the Transparent App an innovative and creative tool that helps

people quickly see through the messages they encounter daily in the things they read watch and hear using the power of assumptions The Transparent App is simple enough for a student to use but powerful enough for adults to find God and engage with Him in their areas of interest expertise and leadership How can someone bring God with them to work or school How does God give us knowledge and guidance in the things that matter in real life At the level of assumptions God is everywhere Transparent is not just a theoretical theological exercise for intellectuals It translates the complex ideologies of the intellectuals into everyday language for everyday people Written more like an adventure than a textbook Transparent is a refreshing departure from the usual books about apologetics theology and culture Students parents pastors and professionals will all love Transparent
