

Anthony Browne Hansel And Gretel

Vanessa Joosen

Anthony Browne Hansel And Gretel:

Hansel and Gretel Jacob Grimm, Wilhelm Grimm, 1988 A poor woodcutter's two children lost in the woods come upon a gingerbread house inhabited by a wicked witch. With illustrations showing characters with modern dress and possessions.

Hansel Y Gretel Wilhelm Grimm, Jacob Ludwig Carl Grimm, 2004-04-27 Anthony Browne recrea Hansel y Gretel en un ambiente contemporáneo. Una sorprendente versión que apela a las fantasías y los sentimientos de manera inusitada. Los niños pasan horas persiguiendo detalles. Su simbolismo mengua la división entre niños y adultos y propicia un diálogo entre ellos, así como entre lo tradicional y lo contemporáneo, un excelente título para dar impulso a la colección y comunicar su propuesta.

How Picturebooks Work Maria Nikolajeva, Carole Scott, 2013-02-01 How Picturebooks Work is an innovative and engaging look at the interplay between text and image in picturebooks. The authors explore picturebooks as a specific medium or genre in literature and culture, one that prepares children for other media of communication, and they argue that picturebooks may be the most influential media of all in the socialization and representation of children. Spanning an international range of children's books, this book examines such favorites as Curious George and Frog and Toad Are Friends along with the works of authors and illustrators including Maurice Sendak and Tove Jansson among others. With 116 illustrations, How Picturebooks Work offers the student of children's literature a new methodology, new theories, and a new set of critical tools for examining the picturebook form.

Why Fairy Tales Stick Jack Zipes, 2013-09-13 In his latest book, fairy tales expert Jack Zipes explores the question of why some fairy tales work and others don't, why the fairy tale is uniquely capable of getting under the skin of culture and staying there. Why, in other words, fairy tales stick. Long an advocate of the fairy tale as a serious genre with wide social and cultural ramifications, Jack Zipes here makes his strongest case for the idea of the fairy tale not just as a collection of stories for children but a profoundly important genre. Why Fairy Tales Stick contains two chapters on the history and theory of the genre, followed by case studies of famous tales including Cinderella, Snow White, and Bluebeard, followed by a summary chapter on the problematic nature of traditional storytelling in the twenty-first century.

Promoting Reading for Pleasure in the Primary School Michael Lockwood, 2008-06-24 Winner of the UKLA Author Award 2009, Lockwood has written a useful, supportive book which will help teachers and librarians. He describes the background and summarises the research, and then proposes thoroughly practical programmes. Carousel Michael Lockwood has produced an excellent practical overview and analysis of what works in the primary school to promote reading for pleasure. Lockwood's work is grounded and valuable to those who need it most: teachers in the classroom working hard to engender a love of reading. English Drama Media: This book is first class. It puts the matter very clearly and succinctly and presents a great deal of evidence to support the argument that pleasure is not a frivolous extra but the very heart and essence of what reading is about. It also gives readers plenty of ideas for carrying the principle into the classroom and for justifying it. This is an excellent piece of work which I hope will find a place on every staffroom bookshelf. Philip Pullman

English primary school children are less likely to read for pleasure than their counterparts in many other countries This practical and focused book discusses the background to this situation and looks at how government initiatives have tried to address it Drawing on the author s own research project in order to identify good practice in promoting reading for enjoyment the book presents specific activities which teachers can use to develop their own whole school and classroom practice enabling them to put the fun back into reading Each chapter features case study material and provides examples of planning from schools that have successfully created thriving reading cultures through schemes such as reading assemblies book clubs library loyalty cards school book evenings and quizzes There is also an extensive annotated list of print and internet based resources Topics covered include Becoming a reading for pleasure school Promoting a love of reading in the early years Developing reading enjoyment in the later primary years Getting boys reading Promoting Reading for Pleasure in the Primary School is written for all those involved in education who would like to see as many children as possible develop a love of reading It will be particularly relevant for primary teachers teaching assistants trainee teachers advisers and consultants as well as teacher educators and researchers

Books in the Life of a Child Maurice Saxby,1997-10-15

Books in the Life of a Child explores the value of books and reading in the stimulation of children s imagination and their fundamental importance in the development of language and true literacy It examines not only the vast range of children s books available but also how to introduce young people to the joys of reading in the home the school and in the community The book has been written as a resource for all adults especially teachers student teachers librarians and parents and those who care about the value of literature for children It is a comprehensive and critical guide with chapters on the history of children s literature and an analysis of its many forms and genres from poetry fairytale myth legend and fantasy through realistic and historical fiction to humour pulp fiction and information books

Teaching Through Texts Holly

Anderson,Morag Styles,2002-02-07 Drawing on many popular and literary texts the contributors to this book write with enthusiasm about opportunities for creative teaching and learning and provide many examples of good practice both inside and outside the Literacy Hour

At Home In The Language Of The Soul Josephine Evetts-Secker,2021-03-31 Language has a primary importance in Jungian psychology and its practice C G Jung saw every act of speech as a psychic event Even the worker words in language like prepositions or conjunctions carry particular archetypal energies working dynamically and daimonically in the conduct of transformational narrative and realizing both personal and collective purposes This book aims to deepen our consciousness of psyche s speech as it occurs in our professional discourses in the psychoanalytic encounter in dreams fairy tales myths and poetry Vividly exploring the grammar of psyche we are urged to constantly kindle and rekindle our engagement with language

Critical and Creative Perspectives on Fairy Tales Vanessa Joosen,2011 An

intertextual approach to fairy tale criticism and fairy tale retellings Marcia K Lieberman s Some day my prince will come Bruno Bettelheim s The uses of enchantment Sandra M Gilbert and Susan Gubar s The madwoman in the attic

Grimm

Legacies Jack Zipes, 2014-11-23 In Grimm Legacies esteemed literary scholar Jack Zipes explores the legacy of the Brothers Grimm in Europe and North America from the nineteenth century to the present Zipes reveals how the Grimms came to play a pivotal and unusual role in the evolution of Western folklore and in the history of the most significant cultural genre in the world the fairy tale Folklorists Jacob and Wilhelm Grimm sought to discover and preserve a rich abundance of stories emanating from an oral tradition and encouraged friends colleagues and strangers to gather and share these tales As a result hundreds of thousands of wonderful folk and fairy tales poured into books throughout Europe and have kept coming Zipes looks at the transformation of the Grimms tales into children s literature the Americanization of the tales the Grimm aspects of contemporary tales and the tales utopian impulses He shows that the Grimms were not the first scholars to turn their attention to folk tales but were vital in expanding readership and setting the high standards for folk tale collecting that continue through the current era Zipes concludes with a look at contemporary adaptations of the tales and raises questions about authenticity target audience and consumerism With erudition and verve Grimm Legacies examines the lasting universal influence of two brothers and their collected tales on today s storytelling world **Creativity and Learning in**

Secondary English Andrew McCallum, 2012 This book borrows from a range of theories about creativity and about learning while remaining largely practical in focus It contains numerous examples for teachers of how to apply ideas about creativity in the classroom In doing so it attempts to maintain the subject s core identity while also keeping abreast of contemporary social pedagogical and technological developments The result is a refreshing challenge to some of the more mundane approaches to English teaching on offer in an age focussed excessively on standardisation and teaching to tests Literacy

Learning in the Early Years Caroline Barratt-Pugh, Mary Rohl, 2020-07-16 Children s early experiences of literacy have a major influence on how they continue to learn as they grow older Children enter early childhood programs and school with a wealth of knowledge and understandings of literacy It is critical that early childhood professionals and teachers recognise and build on this learning Literacy Learning in the Early Years offers a practical introduction to literacy issues for early childhood professionals and teachers working with children aged 0-8 in childcare preschool and school contexts The authors take a socio cultural approach to literacy learning emphasising the importance of understanding the various contexts in which young children are involved in literacy practices They explore a range of literacy issues that early childhood professionals and teachers are facing in the 21st century These issues include the role of play in literacy learning how to use information communication technologies with young children and ways of introducing critical literacy Literacy is understood broadly and readers are encouraged to explore a range of print and other media with children With chapters from both Australian and UK authors Literacy Learning in the Early Years is an ideal professional reference and student text a very useful introductory text to literacy development in early childhood It is clearly written and accessible to the wide range of professionals working with young children as well as to teachers and parents It will be a valuable text in training at initial

and in service levels on a wide range of courses Lesley Abbott Professor of Early Childhood Education Manchester Metropolitan University this well written comprehensive book combines many practical examples of learning to do literacy and suggestions for action and all the while engages the reader with questions and starting points for reflection Susan Hill Associate professor The Centre for Studies in Literacy University of South Australia

Planning Creative Literacy Lessons Andrew Lambirth, 2013-05-13 This book builds on the guidance given by the Primary Strategy for Literacy By filling in the gaps that the planning documentation leaves the book provides teachers with the structures and ideas to plan creatively and effectively for their children whilst following and enhancing the recommendations of the strategy It includes clear and practical ways to plan units of work that embrace reading writing speaking and listening in exciting and active ways examples of effective practice using children's work that highlight the effects of creative planning suggestions for texts and resources that can be included in half termly and termly planning Written by a team of leading educationalists and teacher educators in the primary literacy field this edited collection is a must have for primary teachers wishing to inject creativity into the planning of their literacy lessons

Challenging and Controversial Picturebooks Janet Evans, 2015-06-05 It is often assumed that picturebooks are for very young readers because of their emphasis on the illustrations and their scarcity of text however there are increasing numbers of picturebooks where the age of the implied reader is questionable These are picturebooks whose controversial subject matter and unconventional often unsettling style of illustration challenge the reader pushing them to question and probe deeper to understand what the book is about In addition to the book challenging the reader the reader often challenges the book in an attempt to understand what is being said These increasingly popular picturebooks work on many different levels they are truly polysemic and worthy of in depth analysis They push the reader to ask questions and in many instances are intrinsically philosophical often dealing with fundamental life issues Challenging and Controversial Picturebooks examines these unconventional non conformist picturebooks considering what they are their audience and their purpose It also considers Children's and adults thoughts on these kinds of picturebooks How challenging and unsettling wordless picturebooks can play with the mind and promote philosophical thought What creates non conformity and strangeness is it the illustrations and their style the subject matter or a combination of both Why certain countries create promote and accept these picturebooks more than others Why certain picturebooks are censored and what factors are in play when these decisions are made The role of publishers in translating and publishing these picturebooks Children's creative and critical responses to strange unsettling and often disturbing visual texts This inspiring and thought provoking volume explores the work of a number of highly respected international picturebook experts and includes an exclusive interview with the legendary Klaus Flugge Managing Director of Andersen Press one of the few remaining independent children's book publishers in England It is an indispensable reference for all interested in or working with picturebooks including researchers students in higher and teacher education English advisors

inspectors literacy consultants and classroom teachers

Picturebooks: Representation and Narration Bettina

Kümmerling-Meibauer, 2014-01-03 This volume discusses the aesthetic and cognitive challenges of modern picturebooks from different countries such as Denmark France Germany Norway Spain Sweden United Kingdom and USA The overarching issue concerns the mutual relationship between representation and narration by means of the picturebooks multimodal character Moreover this volume includes the main lines of debate and approaches to picturebooks by international leading researchers in the field Topics covered are the impact of paratexts and intertextual allusions the relationship between artists books crossover picturebooks and picturebooks for adults the narrative defiance of wordless picturebooks the representation of emotions in images and text and the depiction of hybrid characters in picturebooks The enlargement of the picturebook corpus beyond an Anglo American picturebook canon opens up new horizons and highlights the diverging styles and genre shifts in modern picturebooks This tendency also demonstrates the influence of specific authors and illustrators on the appreciation of the picturebook genre as in the case of Astrid Lindgren s picturebooks and the picturebooks created by renowned illustrators such as Anthony Browne Wolf Erlbruch Stian Hole and Bruno Munari This book will be the definite contribution to contemporary picturebook research for many years to come *The Power of the Page* Pat

Pinsent, 2013-10-31 First Published in 1994 This series of books is aimed primarily at student and practising teachers It covers key issues in current educational debate relating to age phases school management the curriculum and teaching methods Each volume examines the topic critically bringing out the practical implications for teachers and school organisation The texts which are discussed in Part One of the present book The Picture and the Story are ones which can be enjoyed many times by child and adult because they have a wealth of different meanings reinforcing and cutting across each other

Reading Contemporary Picturebooks

David Lewis, 2012-11-12 Reading Contemporary Picturebooks takes a look at one of the most vibrant branches of children s literature the modern picturebook This exciting new book takes a sample of contemporary picturebooks and closely examines the features that make them distinctive and then suggests a way of characterising the interanimation of words and pictures that is the essence of the form The reasons for the picturebook s vitality and flexibility are also explored and the close bond between the picturebook and its readers is analyzed Advances in our understanding of how visual images are organized are examined and the book concludes with an attempt to redescribe the picturebook in such a way that pictures readers and text may be drawn together Picturing Text will be of interest to students teachers and researchers interested in reading children s literature and media studies

The Family in English

Children's Literature Ann Alston, 2008-06-03 From the trials of families experiencing divorce as in Anne Fine s Madame Doubtfire to the childcare problems highlighted in Jacqueline Wilson s Tracy Beaker it might seem that the traditional family and the ideals that accompany it have long vanished However in The Family in English Children s Literature Ann Alston argues that this is far from the case She suggests that despite the tales of family woe portrayed in children s literature the

desire for the happy contented nuclear family remains inherent within the ideological subtexts of children's literature Using 1818 as a starting point Alston investigates families in children's literature at their most intimate focusing on how they share their spaces their ideals of home and even on what they eat for dinner What emerges from Alston's study are not so much the contrasts that exist between periods but rather the startling similarities of the ideology of family intrinsic to children's literature The Family in English Children's Literature sheds light on who maintains control who behaves and how significant children's literature is in shaping our ideas about what makes a family good *Artists of the Page* Sylvia Marantz, Kenneth Marantz, 2013-03-28 The creative process of those who make picture books come alive is explored in this collection of 30 interviews with children's book illustrators The interviewees Allan and Janet Ahlberg Molly Bang Nicola Bayley Gavin Bishop Quentin Blake Anthony Browne Ashley Bryan John Burningham Babette Cole Peter Collington Roy Gerrard M B Goffstein Diane Goode Shirley Hughes Pat Hutchins Ann Jonas Errol Lloyd Deborah Niland Graham Oakley Jan Ormerod Helen Oxenbury Ken Robbins Tony Ross Amy Schwartz Peter Sis Ralph Steadman Ed Young and Paul Zelinsky discuss their craft methods and philosophies *The Routledge Companion to Picturebooks* Bettina Kümmerling-Meibauer, 2017-12-06 Containing forty eight chapters The Routledge Companion to Picturebooks is the ultimate guide to picturebooks It contains a detailed introduction surveying the history and development of the field and emphasizing the international and cultural diversity of picturebooks Divided into five key parts this volume covers Concepts and topics from hybridity and ideology to metafiction and emotions Genres from baby books through to picturebooks for adults Interfaces their relations to other forms such as comics and visual media Domains and theoretical approaches including developmental psychology and cognitive studies Adaptations With ground breaking contributions from leading and emerging scholars alike this comprehensive volume is one of the first to focus solely on picturebook research Its interdisciplinary approach makes it key for both scholars and students of literature as well as education and media
