Anti Communism And Popular Culture In Mid Century America

Ivan Greenberg

Anti Communism And Popular Culture In Mid Century America:

Anti-Communism and Popular Culture in Mid-Century America Cyndy Hendershot,2003-01-02 Not long after the Allied victories in Europe and Japan America's attention turned from world war to cold war The perceived threat of communism had a definite and significant impact on all levels of American popular culture from government propaganda films like Red Nightmare in Time magazine to Adventures of Rocky and Bullwinkle This work examines representations of anti communist sentiment in American popular culture from the early fifties through the mid sixties The discussion covers television programs films novels journalism maps memoirs and other works that presented anti communist ideology to millions of Americans and influenced their thinking about these controversial issues It also points out the different strands of anti communist rhetoric such as liberal and countersubversive ones that dominated popular culture in different media and tells a much more complicated story about producers and consumers ideas about communism through close study of the cultural artifacts of the Cold War Instructors considering this book for use in a course may request an examination copy here

Anti-Communism and Popular Culture in Mid-Century America Cyndy Hendershot,2015-10-03 Not long after the Allied victories in Europe and Japan America's attention turned from world war to cold war The perceived threat of communism had a definite and significant impact on all levels of American popular culture from government propaganda films like Red Nightmare in Time magazine to Adventures of Rocky and Bullwinkle This work examines representations of anti communist sentiment in American popular culture from the early fifties through the mid sixties The discussion covers television programs films novels journalism maps memoirs and other works that presented anti communist ideology to millions of Americans and influenced their thinking about these controversial issues It also points out the different strands of anti communist rhetoric such as liberal and countersubversive ones that dominated popular culture in different media and tells a much more complicated story about producers and consumers ideas about communism through close study of the cultural artifacts of the Cold War Instructors considering this book for use in a course may request an examination copy here

Atomic Tunes Tim Smolko,Joanna Smolko,2021-05-11 What is the soundtrack for a nuclear war During the Cold War over 500 songs were written about nuclear weapons fear of the Soviet Union civil defense bomb shelters McCarthyism uranium mining the space race espionage the Berlin Wall and glasnost This music uncovers aspects of these world changing events that documentaries and history books cannot In Atomic Tunes Tim and Joanna Smolko explore everything from the serious to the comical the morbid to the crude showing the widespread concern among musicians coping with the effect of communism on American society and the threat of a nuclear conflict of global proportions Atomic Tunes presents a musical history of the Cold War analyzing the songs that capture the fear of those who lived under the shadow of Stalin Sputnik mushroom clouds and missiles Postwar America James Ciment,2015-03-26 From the outbreak of the Cold War to the rise of the United States as the last remaining superpower the years following World War II were filled with momentous events

and rapid change Diplomatically economically politically and culturally the United States became a major influence around the globe On the domestic front this period witnessed some of the most turbulent and prosperous years in American history Postwar America An Encyclopedia of Social Political Cultural and Economic History provides detailed coverage of all the remarkable developments within the United States during this period as well as their dramatic impact on the rest of the world A Z entries address specific persons groups concepts events geographical locations organizations and cultural and technological phenomena Sidebars highlight primary source materials items of special interest statistical data and other information and Cultural Landmark entries chronologically detail the music literature arts and cultural history of the era Bibliographies covering literature from the postwar era and about the era are also included as are illustrations and specialized indexes

The Hollywood Motion Picture Blacklist Larry Ceplair, 2022-09-06 Seventy five years ago the Hollywood blacklist ruined lives stifled creativity and sent waves of proscription and censorship throughout United States culture When the Hollywood Ten refused to answer the questions of the House Committee on Un American Activities about their membership in the Communist Party they were sentenced to prison the five who were under contract were fired by their studios and all were blacklisted from reemployment until they purged themselves of their communist taint By the 1950s this blacklist publicly stigmatized nearly three hundred other Americans in the entertainment industry who invoked the First and Fifth Amendments in their refusal to apologize for their Communist ties or provide the names of other members Dozens of others were graylisted as the result of rumors The Hollywood Motion Picture Blacklist Seventy Five Years Later offers new insights on the origins of the blacklist the characteristics of those blacklisted and the probability of future proscriptions of the blacklist type Author Larry Ceplair draws on previously published work while introducing new material to vigorously recount the events that took place between the US government Hollywood unions and motion picture studios Ceplair thoroughly examines the role of Jewish identity in many anti communist efforts a concept that has never been fully examined by scholars and analyzes the actions of subpoenaed witnesses who were forced to choose between cooperating with the House Committee or joining the blacklist This fascinating book is an illuminating examination of a dark period in American history and the fragility of our rights to free speech and due process

The Other Cold War Heonik Kwon, 2010-12-06 In this conceptually bold project Heonik Kwon uses anthropology to interrogate the cold war s cultural and historical narratives Adopting a truly panoramic view of local politics and international events he challenges the notion that the cold war was a global struggle fought uniformly around the world and that the end of the war marked a radical universal rupture in modern history Incorporating comparative ethnographic study into a thorough analysis of the period Kwon upends cherished ideas about the global and their hold on contemporary social science His narrative describes the slow decomposition of a complex social and political order involving a number of local and culturally creative processes While the nations of Europe and North America experienced the cold war as a time of long peace postcolonial nations entered a different reality altogether

characterized by vicious civil wars and other exceptional forms of violence Arguing that these events should be integrated into any account of the era Kwon captures the first sociocultural portrait of the cold war in all its subtlety and diversity

Excavating the Future Shawn Malley,2018-04-27 A cultural study of an array of popular North American science fiction film and television texts *Excavating the Future* explores the popular archaeological imagination and the political uses to which it is being employed by the U S state and its adversaries

America, Amerikkka Rosemary Radford Ruether,2014-12-05 America views itself as a nation inhabiting a promised land and enjoying a favoured relation with God This view of unique election has been coupled with racial exclusivism and the marginalization of non white citizens America Amerikkka traces the historical and ideological patterns behind America s sense of itself In its examination of America s chosenness the book ranges across the doctrine of the rights of man in the 18th and 19th centuries the role of America in the twentieth century as global policeman and the enforcement of neo colonial relations over the third world The volume argues for a vision of global relations between peoples based on justice and mutuality rather than hegemonic dominance

The Oxford Handbook of Twentieth-century American Literature Leslie Bow,Russ Castronovo,2022 A collection of essays situating twentieth century American literature in a global frame This volume reads US literature through the a range of critical lenses including critical race and indigenous studies disability and care studies environmental criticism gender analysis and media studies

Hollywood and the Invention of England Jonathan Stubbs,2019-02-21 Drawing on new archival research into Hollywood production history and detailed analysis of individual films *Hollywood and the Invention of England* examines the surprising affinity for the English past in Hollywood cinema Stubbs asks why Hollywood filmmakers have so frequently drawn on images and narratives depicting English history and why films of this type have resonated with audiences in America Beginning with an overview of the cultural interaction between American film and English historical culture the book proceeds to chart the major filmmaking cycles which characterise Hollywood s engagement with the English past from the 1930s to the present assessing the value of English themed films in the American film industry while also placing them in a broader historical context

Redrawing

the Western William Grady, 2024 As the Western began to flourish in literature it also began to appear in illustrations and early comic strips of the late 19th and early 20th centuries William Grady charts the history of the genre in comic strips and books from its origins in this period through its mid century heyday to its gradual decline in the 60s and 70s ending with a brief look at the current afterlife of Western comics over the last few decades In doing so he also argues for the importance of comics in the development of the Western alongside both literature and film television He explains how the mythic historical settings of Western comics allowed the young readers at whom they were aimed to explore different aspects of their contemporary society wrestle with taboo topics and envision different futures for the US Grady begins by exploring the origins of the Western genre in the late 19th century and shows the importance of illustrated narratives and cartoons in helping readers visualize the West thus establishing much of its iconic imagery of frontier life including racist stereotypes of Indigenous Peoples He moves forward in time to show how the West became mythologized and fantastic elements were introduced into the real landscape in comic strips such as Gasoline Alley and Krazy Kat until the Great Depression where strips emphasized the escapist adventures of the West in Red Ryder Lone Ranger and others The postwar Western spread into comic books and was used alternately as positive and negative commentaries on the Cold War and America's place in the world but in the era of Vietnam and Watergate Western comics portrayed darker reflections of American culture and history and eventually more or less died out Despite the genre's apparent demise Grady ends by examining its ongoing influence over the last decades as its tropes are used to interrogate and subvert the idea of the mythic West and explore diverse perspectives on the genre

White Bread Aaron Bobrow-Strain, 2012-03-06 The story of how white bread became white trash this social history shows how our relationship with the love it or hate it food staple reflects our country's changing values In the early twentieth century the factory baked loaf heralded a bright new future a world away from the hot dusty dirty bakeries run by immigrants Fortified with vitamins this bread was considered the original superfood and even marketed as patriotic while food reformers painted white bread as a symbol of all that was wrong with America So how did this icon of American progress become white trash In this lively history of bakers dietary crusaders and social reformers Aaron Bobrow Strain shows us that what we think about the humble puffy loaf says a lot about who we are and what we want our society to look like It teaches us that when Americans debate what one should eat they are also wrestling with larger questions of race class immigration and gender As Bobrow Strain traces the story of bread from the first factory loaf to the latest gourmet pain au levain he shows how efforts to champion good food reflect dreams of a better society even as they reinforce stark social hierarchies The history of America's love hate relationship with white bread reveals a lot about contemporary efforts to change the way we eat Today the alternative food movement favors foods deemed ethical and environmentally friendly and fluffy industrial loaves are about as far from slow local and organic as you can get Still the early twentieth century belief that getting people to eat a certain food could restore the nation's decaying physical moral and social fabric will sound

surprisingly familiar Given that open disdain for unhealthy eaters and discrimination on the basis of eating habits grow increasingly acceptable White Bread is a timely and important examination of what we talk about when we talk about food

Cold War II Tatiana Prorokova-Konrad,2020-11-24 Contributions by Thomas J Cobb Donna A Gessell Helena Goscilo Cyndy Hendershot Christian Jimenez David LaRocca Lori Maguire Tatiana Prorokova Konrad Ian Scott Vesta Silva Lucian Tion Dan Ward and Jon Wiebel In recent years Hollywood cinema has forwarded a growing number of images of the Cold War and entertained a return to memories of conflicts between the USSR and the US Russians and Americans and communism and capitalism Cold War II Hollywood s Renewed Obsession with Russia explores the reasons for this sudden reestablished interest in the Cold War Essayists examine such films as Guy Ritchie s The Man from U N C L E Steven Spielberg s Bridge of Spies Ethan Coen and Joel Coen s Hail Caesar David Leitch s Atomic Blonde Guillermo del Toro s The Shape of Water Ryan Coogler s Black Panther and Francis Lawrence s Red Sparrow among others as well as such television shows as Comrade Detective and The Americans Contributors to this collection interrogate the revival of the Cold War movie genre from multiple angles and examine the issues of patriotism national identity otherness gender and corruption They consider cinematic aesthetics and the ethics of these representations They reveal how Cold War imagery shapes audiences understanding of the period in general and of the relationship between the US and Russia in particular The authors complicate traditional definitions of the Cold War film and invite readers to discover a new phase in the Cold War movie genre Cold War II

Cold War and McCarthy Era Caroline S. Emmons,2010-06-04 This volume offers readers the opportunity to see how the Cold War and McCarthy eras affected men women and children of varying backgrounds providing a more personal examination of this important era Studies of the Cold War often focus on the political power players who shaped American Soviet relations Cold War and McCarthy Era People and Perspectives shifts the spotlight to show how the fear of a Soviet attack and Communist infiltration affected the daily life of everyday Americans Cold War and McCarthy Era gauges the impact of McCarthyism on a wide range of citizens Chapters examine Cold War era popular culture as well as the community based Civil Defense Societies Essays key primary documents and other reference tools further readers understanding of how official reactions to Communist threats both real and perceived altered every aspect of American society

Surveillance in America Ivan Greenberg,2012-05-31 Surveillance in America provides a historical exploration of FBI surveillance practices and policies since 1920 based on recently declassified FBI files Using the new information available through these documents Ivan Greenberg sheds light on the activities and beliefs of top FBI officials as they develop and implement surveillance practices Paying particular attention to the uses of the media Greenberg provides a thorough reconsideration of the Watergate scandal and the role of W Mark Felt as Deep Throat He exposes new evidence which suggests that Felt led a faction at the FBI that worked together to bring down President Nixon The book concludes with an in depth treatment of surveillance practices since the year 2000 He considers the question of surveillance as

harassment and looks at the further erosion of privacy stemming from Obama's counter terror policies which extend those of the Bush Administration's second term. The startling increase in surveillance since the events of September 11th reveal the extent to which America is losing the battle for civil liberties. *Duck and Cover* Melvin E. Matthews, Jr., 2011-11-08 During the 1950s and early 1960s school air raid drills, bomb shelters and unnerving civil defense films served as constant reminders of the looming threat of nuclear war. Throughout America a widespread civil defense effort used town meetings, public school educational programs and the mass media television, radio and especially motion pictures to mobilize every citizen for a protracted Cold War. This volume explores how American popular culture has portrayed civil defense from mid twentieth century to the immediate post September 11 era. With analysis of everything from early government propaganda films and 1950s science fiction films to *Happy Days*, the Reagan era TV movie *The Day After* and the small screen nostalgia trend after 9/11, it shows how popular culture reflects American fears and the hope of preparedness. *American Literature in Transition, 1940-1950* Christopher Vials, 2017-12-28 In the aftermath of World War II the United States emerged as the dominant imperial power and in US popular memory the Second World War is remembered more vividly than the American Revolution. *American Literature in Transition, 1940-1950* provides crucial contexts for interpreting the literature of this period. Essays from scholars in literature history, art history, ethnic studies and American studies show how writers intervened in the global struggles of the decade: the Second World War, the Cold War and emerging movements over racial justice, gender and sexuality, labor and decolonization. One recurrent motif is the centrality of the political impulse in art and culture. Artists and writers participated widely in left and liberal social movements that fundamentally transformed the terms of social life in the twentieth century, not by advocating specific legislation but by changing underlying cultural values. This book addresses all the political impulses fueling art and literature at the time as well as the development of new forms and media from modernism and noir to radio and the paperback. **The Cold War in Science Fiction: Soviet and American Science Fiction Films in the 1950s** Natalia Voinova, 2013-05-23 This study will compare the USSR and the United States according to their cinematic use of science fiction in the late 1950s and 1960s in order to coincide with the period of de-Stalinisation and thaw in the USSR and late McCarthyism in the United States. The genre provides an opportunity to express the two powers' scientific stand-off through fiction and serves as a vehicle for the dissemination of ideas and propaganda. Post 1956 marks the time when the period of de-Stalinisation officially began and science fiction saw a carefully crafted rebirth for it served as a tool that could reflect the socialist ideal and quasi-religious faith in science that was promoted by the party. Science fiction uniquely demands for an imaginative view of the future and therefore corresponds with the Marxist-Leninist future-oriented ideology. For this period the themes for American science fiction are hyperbolised monsters and invasion and reflect the fear of the otherness of the Soviet Union and its threat on domestic ideals. These themes are reflected in movies as *Angry Red Planet* and *Them*. On the other hand Soviet science fiction movies focus on the heroic Soviet man who frequently

receives calls for help from outer space and overcomes great trials to save those not living in utopia This storyline is represented in *Towards a Dream* and *The Sky is calling* The author gives special attention to the Soviet movie *The Sky is calling* and the subsequent redubbed American version *Battle beyond the Sun* Further she addresses alterations of plot and subtle propaganda messages in the Soviet movies *Planet of Storms* and the Hollywood remake *Journey to the Prehistoric Planet*

The Routledge Circus Studies Reader Peta Tait, Katie Lavers, 2020-09-10

The Routledge Circus Studies Reader offers an absorbing critical introduction to this diverse and emerging field It brings together the work of over 30 scholars in this discipline including Janet Davis Helen Stoddart and Peta Tait to highlight and address the field's key historical critical and theoretical issues It is organised into three accessible sections Perspectives Precedents and Presents which approach historical aspects current issues and the future of circus performance The chapters grouped together into 13 theme based sub sections provide a clear entry point into the field and emphasise the diversity of approaches available to students and scholars of circus studies Classic accounts of performance including pieces by Philippe Petit and Friedrich Nietzsche are included alongside more recent scholarship in the field Edited by two scholars whose work is strongly connected to the dynamic world of performance The Routledge Circus Studies Reader is an essential teaching and study resource for the emerging discipline of circus studies It also provides a stimulating introduction to the field for lovers of circus
