

## Antigone - Scene 2 & Ode 2

SCENE III

[Re-enter SENTINEL leading ANTIGONE.]

CHORUS AGES:

What does this mean? Send this captive woman  
to the Princess, Antigone. Why should she be taken?

SENTINEL:

Here is the one who did it! We caught her  
in the very act of burying him. --- Where is Creon?

CHORUS AGES:

Not coming from the house,  
[Enter CREON, C.]

CREON:

What has happened? NO!  
Why have you come back so soon?

SENTINEL:

O King,  
A man should never be too sure of anything;  
I would have sworn  
That you'd not see me here again; your anger  
Frightened me so, and the things you threatened me with; I did  
not know what I did then  
That I'd be able to solve the course now!  
No dice throwing this time; I was only too glad to come  
Here is this woman; she is the guilty one;  
We found her trying to bury him. It is  
Take her, then, execute her, judge her as you wish.  
I am through with the whole thing now, and glad of it.

CREON:

But this is Antigone! Why have you brought her here?

SENTINEL:

She was burying him, I tell you!

Foley,2009-01-10 Although Classical Athenian ideology did not permit women to exercise legal economic and social autonomy the tragedies of Aeschylus Sophocles and Euripides often represent them as influential social and moral forces in their own right Scholars have struggled to explain this seeming contradiction Helene Foley shows how Greek tragedy uses gender relations to explore specific issues in the development of the social political and intellectual life in the polis She investigates three central and problematic areas in which tragic heroines act independently of men death ritual and lamentation marriage and the making of significant ethical choices Her anthropological approach together with her literary analysis allows for an unusually rich context in which to understand gender relations in ancient Greece This book examines for example the tragic response to legislation regulating family life that may have begun as early as the sixth century It also draws upon contemporary studies of virtue ethics and upon feminist reconsiderations of the Western ethical tradition Foley maintains that by viewing public issues through the lens of the family tragedy asks whether public and private morality can operate on the same terms Moreover the plays use women to represent significant moral alternatives Tragedy thus exploits reinforces and questions cultural clichés about women and gender in a fashion that resonates with contemporary Athenian social and political issues The Athenaeum ,1848 Sophocles and the Language of Tragedy Simon Goldhill,2011-12-01 Written by one of the best known interpreters of classical literature today Sophocles and the Language of Tragedy presents a revolutionary take on the work of this great classical playwright and on how our understanding of tragedy has been shaped

by our literary past Simon Goldhill sheds new light on Sophocles distinctive brilliance as a dramatist illuminating such aspects of his work as his manipulation of irony his construction of dialogue and his deployment of the actors and the chorus Goldhill also investigates how nineteenth century critics like Hegel Nietzsche and Wagner developed a specific understanding of tragedy one that has shaped our current approach to the genre Finally Goldhill addresses one of the foundational questions of literary criticism how historically self conscious should a reading of Greek tragedy be The result is an invigorating and exciting new interpretation of the most canonical of Western authors     Athenaeum and Literary Chronicle ,1844
