**Heidegger, Dasein, and Gender** Patricia Glazebrook,Susanne Claxton,2024-10-15 Heidegger Dasein and Gender takes Heidegger to task on gender by

assessing his views on women as thinkers and exploring what his work offers to contemporary LGBTQ and women's studies. Scholars come together whose Heidegger research engages bioethics, pregnancy, motherhood, and maternal Dasein, whether Dasein can be gender neutral or non binary and what it means when neutrality and gender are defined by patriarchy rather than the spectrum of lived genders, the question of human capacity for transcendence in the immanence of flesh, and the possibility of re-imagining Dasein as gendered, i.e. born into embodiment and bound to memory and the capacity to create new futures by transitioning the present as it slips into history. Authors ask who and what, including animals, can be Dasein and bring Heidegger to issues of sexual abuse and violence, men's experience when thrust into women's daily and not so daily routine, and the intersection of queerness and death. The book aims not to provide final answers but to open possibilities for further thinking with, on, against, through, and because of Heidegger.

In all, there are 22 Question papers from 2008 to 2018 which have been provided topic-wise along with detailed solutions. Practicing these questions, aspirants will come to know about the pattern and toughness of the questions asked in the examination. In the end, this book will make the aspirants competent enough to crack the uncertainty of success in the Entrance Examination. The strength of the book lies in the originality of its question papers and Errorless Solutions. The solution of each and every question is provided in detail, step by step, so as to provide 100% concept clarity to the students.

*Tragedy and Redress in Western Literature* Richard Gaskin, 2018-05-04. This book offers a unique interpretation of tragic literature in the Western tradition, deploying the method and style of Analytic philosophy. Richard Gaskin argues that tragic literature seeks to offer moral and linguistic redress, compensation for suffering. Moral redress involves the balancing of a protagonist's suffering with guilt, and vice versa. Gaskin contends that, to a much greater extent than has been recognized by recent critics, traditional tragedy represents suffering as incurred by avoidable and culpable mistakes of a cognitive nature. Moral redress operates in the first instance at the level of the individual agent. Linguistic redress, by contrast, operates at a higher level of generality, namely at the level of the community; its fundamental motor is the sheer expressibility of suffering in words. Against many writers on tragedy, Gaskin argues that language is competent to express pain and suffering, and that tragic literature has that expression as one of its principal purposes. The definition of tragic literature in this book is expanded to include more than stage drama; the treatment stretches from the Classical and Medieval periods through to the early twentieth century. There is a special focus on Sophocles, but Gaskin takes

account of most other major tragic authors in the European tradition including Homer Aeschylus Euripides Virgil Seneca Chaucer Marlowe Shakespeare Corneille Racine Lessing Goethe Schiller Kleist Büchner Ibsen Hardy Kafka and Mann lesser known areas such as Renaissance neo Latin tragedy are also covered Among theorists of tragedy Gaskin concentrates on Aristotle and Bradley but the contributions of numerous contemporary commentators are also assessed Tragedy and Redress in Western Literature A Philosophical Perspective offers a new and genuinely interdisciplinary perspective on tragedy that will be of considerable interest both to philosophers of literature and to literary critics

**The Argument of the Action**

Seth Benardete, 2024-06-06 This volume brings together Seth Benardete's studies of Hesiod Homer and Greek tragedy eleven Platonic dialogues and Aristotle's Metaphysics The Argument of the Action spans four decades of Seth Benardete's work documenting its impressive range Benardete's philosophic reading of the poets and his poetic reading of the philosophers share a common ground guided by the key he found in the Platonic dialogue probing the meaning of speeches embedded in deeds he uncovers the unifying intention of the work by tracing the way it unfolds through a movement of its own Benardete's original interpretations of the classics are the fruit of this discovery of the argument of the action

Judith Butler: Ethics, Law, Politics

Elena Loizidou, 2007-04-11 The first to use Judith Butler's work as a reading of how the legal subject is formed this book traces how Butler comes to the themes of ethics law and politics analyzing their interrelation and explaining how they relate to Butler's question of how people can have more liveable and viable lives Acknowledging the potency and influence of Butler's concept of gender as process which occupies a well developed and well discussed position in current literature Elena Loizidou argues that the possibility of people having more liveable and viable lives is articulated by Butler within the parameters of a sustained agonistic relationship between the three spheres of ethics law and politics Suggesting that Butler's rounded understanding of the interrelationship of these three spheres will enable critical legal scholarship as well as critical theory more generally to consider how the question of life's unsustainable conditions can be rethought and redressed this book is a key read for all students of legal ethics political philosophy and social theory

**Hegel on Beauty**

Julia Peters, 2014-11-20 While the current philosophical debate surrounding Hegel's aesthetics focuses heavily on the philosopher's controversial end of art thesis its participants rarely give attention to Hegel's ideas on the nature of beauty and its relation to art This study seeks to remedy this oversight by placing Hegel's views on beauty front and center Peters asks us to rethink the common assumption that Hegelian beauty is exclusive to art and argues that for Hegel beauty like art is subject to historical development Her careful analysis of Hegel's notion of beauty not only has crucial implications for our understanding of the end of art and Hegel's aesthetics in general but also sheds light on other fields of Hegel's philosophy in particular his anthropology and aspects of his ethical thought

*A Study of Sophoclean Drama* Gordon MacDonald

Kirkwood, 1994 A study in the dramatic methods of Sophocles especially in the revelation of character as the primary essence of Sophocles art
