Antisemitismus Als Kultureller Code Zehn Essays

Cynthia Miller-Idriss,Hilary Pilkington

Antisemitismus Als Kultureller Code Zehn Essays:

Antisemitismus als kultureller Code Shulamit Volkov,2000 Max Reinhardt Peter W. Marx,2024-09-15 Max Reinhardt was one of the formative directors of modern theater Starting as an actor it soon became clear that he wanted more His vision of a theater that returns joy to the people was vast and expansive It included intimate theatrical arrangement as well as mass production in the circus arena Reinhardt s aesthetics were not restricted to a single program but indulged in a playful eclecticism Thus his career as a director that lasted for almost 40 years comprises a broad variety of artists of various genres as well as many different styles At the same time Reinhardt soon longed for an international range guest performances throughout Europe and to the US soon made him into a global star and even a brand He represents a metropolitan culture that roots in the late nineteenth century but comes to an end when Fasicsm in Europe ended any hopes for an international culture As a Jew Reinhardt himself had to flee the Nazis but when he eventually arrived in the US he could not follow up with his earlier successes Marx provides a broad panorama of Reinhardt s work portraying not only his work method and some of his best known productions but also the cultural conditions of his visionary enterprise

Inside the Antisemitic Mind Monika Schwarz-Friesel,Jehuda Reinhartz,2017-01-03 Antisemitism never disappeared in Europe In fact there is substantial evidence that it is again on the rise manifest in violent acts against Jews in some quarters but more commonly noticeable in everyday discourse in mainstream European society This innovative empirical study examines written examples of antisemitism in contemporary Germany It demonstrates that hostility against Jews is not just a right wing phenomenon or a phenomenon among the uneducated but is manifest among all social classes including intellectuals Drawing on 14 000 letters and e mails sent between 2002 and 2012 to the Central Council of Jews in Germany and to the Israeli embassy in Berlin as well as communications sent between 2010 and 2011 to Israeli embassies in Austria Switzerland Belgium England Ireland the Netherlands Sweden and Spain this volume shows how language plays a crucial role in activating and re activating antisemitism In addition the authors investigate the role of emotions in antisemitic argumentation patterns and analyze anti Israelism as the dominant form of contemporary hatred of Jews

The Early Hans Urs von Balthasar Paul Silas Peterson,2015-02-24 although Hans Urs von Balthasar s earliest publication is from 1925 and although he was a mature forty years old in 1945 there is a deficiency in the secondary literature regarding his early literature its historical backgrounds and non theological sources In this study Balthasar is presented in relation to the various contexts in which he was both drawing upon and responding to from the 1920s to the 1940s The major contexts analyzed here are the broad central European Germanophone cultural context the Germanophone Catholic cultural context the German studies context the French Catholic renewal literature and theology of the early 20th century the popular journal Stimmen der Zeit Neo Scholasticism early 20th century French Catholic culture Swiss fascism National Socialist literature the Renouveau Catholique the George Kreis and many others Balthasar s early anti Semitism and some of the problematic

aspects of his early work are also addressed in this study His understanding of the modern age his relationships with some key intellectual figures and his later reflections on his early work are also introduced The book offers a comprehensive study of Balthasar s early intellectual development **Comprehending and Confronting Antisemitism** Armin Lange,Kerstin Mayerhofer,Dina Porat,Lawrence H. Schiffman,2019-11-05 This volume provides a compendium of the history of and discourse about antisemitism both as a unique cultural and religious category Antisemitic stereotypes function as religious symbols that express and transmit a belief system of Jew hatred which are stored in the cultural and religious memories of the Western and Muslim worlds migrating freely between Christian Muslim and other religious symbolic systems

Holocaust Peter Longerich,2010-04-14 A comprehensive history of the Nazi persecution and murder of European Jews paying detailed attention to an unrivalled range sources Focusing clearly on the perpetrators and exploring closely the process of decision making Longerich argues that anti Semitism was not a mere by product of the Nazis political mobilization or an attempt to deflect the attention of the masses but that anti Jewish policy was a central tenet of the Nazi movement s attempts to implement disseminate and secure National Socialist rule and one which crucially shaped Nazi policy decisions from their earliest days in power through to the invasion of the Soviet Union and the Final Solution As Longerich shows the disappearance of Jews was designed as a first step towards a racially homogeneous society first within the Reich later in the whole of a German dominated Europe **A Single Communal Faith?** Thomas Rohkrämer,2007-10-01 How could the Right transform itself from a politics of the nobility to a fatally attractive option for people from all parts of society How could the Nazis gain a good third of the votes in free elections and remain popular far into their rule A number of studies from the 1960s have dealt with the issue in particular the works by George Mosse and Fritz Stern Their central arguments are still challenging but a large number of more specific studies allow today for a much more complex argument which also takes account of changes in our understanding of German history in general This book shows that between 1800 and 1945 the fundamentalist desire for a single communal faith played a crucial role in the radicalization of Germany s political Right A nationalist faith could gain wider appeal because people were searching for a sense of identity and belonging a mental map for the modern world and metaphysical security **The Eulenburg Affair** Norman Domeier,2015 The first monograph to treat comprehensively the epoch making though now too often forgotten scandal that rocked German political culture from 1906 to 1909 now in English translation When it broke out in 1906 the scandal surrounding Prince Philipp Eulenburg closest confidant of Emperor Wilhelm II shook the Hohenzollern monarchy and all of Europe to the core Sparked by accusations by the journalist and publicist Maximilian Harden the scandal dominated European headlines until 1909 it was the first modern scandal in which homosexuality was openly discussed Particularly shocking was Harden s claim that Wilhelm had long been under the influence of a homosexual camarilla led by Eulenburg Allegedly this clique had brought about Bismarck s dismissal cut off the emperor from his people and with its undue pacifism maneuvered Germany not only into isolation but to the brink

of war during the Morocco Crisis of 1905 6 The scandal came to be a forum for the German public to debate diverse political social and cultural issues honor friendship marriage privacy sexual mores anti-Semitism spiritualism class struggle submission to authority and enthusiasm for the military Norman Domeier's book now in English translation is the first scholarly monograph on the scandal It draws on a wealth of primary material including ca 5 000 newspaper articles as well as minutes of court trials private correspondence government files pamphlets diaries memoirs and images Domeier's historical analysis offers fascinating insights into the cultural history of German politics in the fateful years of transition from the Belle époque to the Iron Age of the world wars Norman Domeier is Assistant Professor at the University of Stuttgart's Historical Institute

Samuel Hirsch Judith Frishman, Thorsten Fuchshuber, 2022-10-24 Rabbi Samuel Hirsch Thalfang 1815 Chicago 1889 was instrumental in the development of Reform Judaism in Europe and the USA This volume is the first lengthy publication devoted to this striking personality whose significance was no less than that of his contemporaries Abraham Geiger and David Einhorn En route from Thalfang via Dessau and Luxembourg to Philadelphia Hirsch left his mark on societal religious and philosophical developments in manifold ways By the time he was appointed Chief Rabbi of the Jewish community in Luxembourg in 1843 he had already written many of his most important works on the philosophy of religion In them he engaged in debate with the Young Hegelians on the importance of Judaism the religion that more than any other enabled the human actualization of freedom so central to Hegel's philosophy Over time Hirsch took an increasingly radical stance on issues such as Jewish rituals and mixed marriage The goal of his reforms was not assimilation He strove to strengthen Judaism to meet the demands of modernity and enable its survival in the modern era Hirsch's story is key to understanding the transnational history of Reform Judaism and the struggle of Jews to secure a place in history and society

The Unchosen Ones Jannis Panagiotidis, 2019-08-28 This fascinating original well researched and persuasively argued work examines the phenomenon of co-ethnic migration in Israel and Germany Sebastian Conrad author of What Is Global History Co-ethnic migration happens when migrants seek admission to a country based on their purported ethnicity or nationality being the same as the country of destination In *The Unchosen Ones* social historian Jannis Panagiotidis looks at legislation and implementation regarding co-ethnic migration in Germany and Israel This study focuses on individual cases ranging from after the Second World War to after the fall of the Berlin Wall where migrants were not allowed to enter the country they sought to make their home These rejections confound notions of an open door or a return to the homeland and present contrasting ideas of descent culture blood and race Questions of historical origins immigrant selection and screening and national belonging are deeply ambiguous complicating migration even in nations that are purported to be ethnically homogenous Through highly original and illuminating analysis Panagiotidis shows that migration is never a simple matter of moving from place to place

Sites of European Antisemitism in the Age of Mass Politics, 1880-1918 Robert Nemes, Daniel Unowsky, 2014-07-29 This innovative collection of essays on the upsurge of antisemitism across Europe in the

decades around 1900 shifts the focus away from intellectuals and well known incidents to less familiar events actors and locations including smaller towns and villages This from below perspective offers a new look at a much studied phenomenon essays link provincial violence and antisemitic politics with regional state and even transnational trends Featuring a diverse array of geographies that include Great Britain France Austria Hungary Romania Italy Greece and the Russian Empire the book demonstrates the complex interplay of many factors economic religious political and personal that led people to attack their Jewish neighbors [The Medieval Archive of Antisemitism in Nineteenth-Century Sweden](#) Cordelia Heß,2021-12-20

The significance of religion for the development of modern racist antisemitism is a much debated topic in the study of Jewish Christian relations This book the first study on antisemitism in nineteenth century Sweden provides new insights into the debate from the specific case of a country in which religious homogeneity was the considered ideal long into the modern era Between 1800 and 1900 approximately 150 books and pamphlets were printed in Sweden on the subject of Judaism and Jews About one third comprised of translations mostly from German but to a lesser extent also from French and English Two thirds were Swedish originals covering all genres and topics but with a majority on religious topics conversion supersessionism and accusations of deicide and bloodlust The latter stem from the vastly popular medieval legends of Ahasverus Pilate and Judas which were printed in only slightly adapted forms and accompanied by medieval texts connecting these apocryphal figures to contemporary Jews ascribing them a physical essential and biological coherence and continuity a specific Jewish temporality shaped in medieval passion piety which remained functional and intelligible in the modern period Relying on medieval models and their combination of religious and racist imagery nineteenth century debates were informed by a comprehensive and mostly negative knowledge about Jews [**The Kaiser Wilhelm Institute for Anthropology, Human Heredity and Eugenics, 1927-1945**](#) Hans-Walter Schmuhl,2008-01-14

When the Kaiser Wilhelm Institute for Anthropology Human Heredity and Eugenics opened its doors in 1927 it could rely on wide political approval In 1933 the institute and its founding director Eugen Fischer came under pressure to adjust which they were able to ward off through Selbstgleichschaltung auto coordination The Third Reich brought about a mutual beneficial servicing of science and politics With their research into hereditary health and racial policies the institute s employees provided the Brownshirt rulers with legitimating grounds This volume traces the history of the Kaiser Wilhelm Institute for Anthropology Human Heredity and Eugenics between democracy and dictatorship Attention is turned to the haunting transformation of the research program the institute s integration into the national and international science panorama and its relationship to the ruling power The volume also confronts the institute s interconnection to the political crimes of Nazi Germany terminating in bestial medical crimes

[**Germany and the Second World War Volume IX/II**](#) Jörg Echternkamp,2014-03 Volume IX II of this series draws on a range of historical sources to explore the effect that the Second World War had on the people of Germany whether they were practically involved in the war effort or struggling to maintain a normal existance [*Antisemitismus in der Stadt St. Gallen*](#)

1918-1939 Thomas Metzger, 2006 Examines antisemitism in St Gallen between 1918-39 amongst the Catholic social democratic and liberal milieus. The Catholics perceived Jews as enemies of Christianity; they attacked socialism, liberalism and Freemasonry as instruments of a world Jewish conspiracy and they adopted racial antisemitism. The social democrats criticized the relationship between Jews and money. The liberal milieu covered a broad spectrum of antisemitic discourse connecting Judaism with economic success, power or communism. Mentions the *St Galler Tagblatt* as an instrument for transmission of anti-Jewish messages e.g. concerning the deicide accusation and ritual slaughter Reports on antisemitic articles which appeared in 1923-25 in four daily newspapers and on antisemitic movements such as the Nationale Front Volksbund, Bund Nationalsozialistischer Eidgenossen, Eidgenössische Soziale Arbeiter Partei, Katholische Front and Bund Neue Schweiz.

Gender and the Radical and Extreme Right

Cynthia Miller-Idriss, Hilary Pilkington, 2020-04-28 Gender and the Radical and Extreme Right takes up an important and often overlooked area of scholarship on the radical right, gender and education. These subfields have mostly operated independent of one another and the scholars and practitioners who attend to educational interventions on the far right rarely address gender directly while the growing body of scholarship on gender and the far right typically overlooks the issue of educational implications. This edited volume steps into this space bringing together seven chapters and an afterword to help readers rethink the educational implications of research on gender and the radical right. As a starting point for future dialogue and research across previously disparate subfields, this volume highlights education as one space where such an integration may be seen as a fruitful avenue for further exploration.

This book was originally published as a special issue of *Gender and Education*.
A Companion to the Holocaust Simone Gigliotti, Hilary Earl, 2020-04-14 Provides a cutting edge, nuanced and multi-disciplinary picture of the Holocaust from local, transnational, continental and global perspectives. Holocaust Studies is a dynamic field that encompasses discussions on human behavior, extremity and moral action. A diverse range of disciplines history, philosophy, literature, social psychology, anthropology, geography, amongst others, continue to make important contributions to its scholarship. *A Companion to the Holocaust* provides exciting commentaries on current and emerging debates and identifies new connections for research. The text incorporates new language, geographies and approaches to address the precursors of the Holocaust and examine its global consequences. A team of international contributors provides insightful and sophisticated analyses of current trends in Holocaust research that go far beyond common conceptions of the Holocaust's causes, unfolding and impact. Scholars draw on their original research to interpret current agenda setting historical and historiographical debates on the Holocaust. Six broad sections cover wide ranging topics such as new debates about Nazi perpetrators, arguments about the causes and places of persecution of Jews in Germany and Europe, and Jewish and non-Jewish responses to it, the use of forced labor in the German war economy, representations of the Holocaust, witness and many others. A masterful framing chapter sets the direction and tone of each section's themes. Comprising over thirty essays, this important addition to Holocaust studies offers

a remarkable compendium of systematic comparative and precise analyses Covers areas and topics not included in any other companion of its type Examines the ongoing cultural social and political legacies of the Holocaust Includes discussions on non European and non Western geographies inter ethnic tensions and violence A Companion to the Holocaust is an essential resource for students and scholars of European German genocide colonial and Jewish history as well as those in the general humanities Anpassung - Abwehr - Aufbruch. Deutsch-jüdische Literatur zwischen 1935 und 1947 am Beispiel der Erzähltexte „Auf drei Dingen steht die Welt“ und „Die Waage der Welt“ von Gerson Stern Hans Behrens, 2017 In der Weimarer Zeit und in den folgenden Jahren des Nationalsozialismus entstand in Deutschland eine deutsch j dische Literatur die auf die ver nderten kulturellen und politischen Bedingungen der Zeit reagierte und Entrechtung Diskriminierung und Verfolgung aber ebenso den innerj dischen Diskurs ber den richtigen Weg in bedr ngender Zeit ber Identit t Gegenwart und Zukunft des deutschen Judentums thematisierte Dieser j dischen Erz hlliteratur wird literaturwissenschaftlich erst in j ngerer Zeit gr ere Aufmerksamkeit zuteil so auch dem Autor Gerson Stern 1874 1954 Hans Behrens zeigt wie der Standort gegenw rtiger und retrospektiver Wahrnehmung beim Autor Stern zu einer Erz hllaltung f hrt die das Judentum als kulturelles System gef hrdet sieht und daraus ihren appellativen Gestus begr ndet Sterns Literatur will Verstehensprozesse in Gang setzen und sie mahnt Verantwortung an so in der fundamentalen innerj dischen Auseinandersetzung zwischen Assimilation und Zionismus um 1900 in der Erz hlung Auf drei Dingen steht die Welt als auch in dem sowohl inhaltlich wie formal komplexen Roman Die Waage der Welt der die Blickrichtung in nichtj dische Milieus erweitert und in einer Kombination von Fiktionalit t und Dokumentarismus die entscheidenden Monate der Macht bertragung auf Hitler ihre Begr ndungszusammenh nge und die innerj dische Debatte dieser Zeit literarisch anschaulich zur Darstellung bringt

Decoding Antisemitism Matthias J. Becker,Hagen Troschke,Matthew Bolton,Alexis Chapelan,2024-10-15 This open access book is the first comprehensive guide to identifying antisemitism online today in both its explicit and implicit or coded forms Developed through years of on the ground analysis of over 100 000 authentic comments posted by social media users in the UK France Germany and beyond the book introduces and explains the central historical conceptual and linguistic semiotic elements of 46 antisemitic concepts stereotypes and speech acts The guide was assembled by researchers working on the Decoding Antisemitism project at the Centre for Research on Antisemitism at Technische Universit t Berlin building on existing basic definitions of antisemitism and drawing on expertise in various fields Using authentic examples taken from social media over the past four years it sets out a pioneering step by step approach to identifying and categorising antisemitic content providing guidance on how to recognise a statement as antisemitic or not This book will be an invaluable tool through which researchers students practitioners and social media moderators can learn to recognise contemporary antisemitism online and the structural aspects of hate speech more generally in all its breadth and diversity Antisemitism in Reader Comments Matthias J. Becker,2021-04-28 This book examines the most frequent form of Jew hatred Israel related

antisemitism After defining this hate ideology in its various manifestations and the role the internet plays in it the author explores the question of how Israel related antisemitism is communicated and understood through the language used by readers in below the line comments Drawing on a corpus of over 6 000 comments from traditionally left wing news outlets The Guardian and Die Zeit the author examines both implicit and explicit comparisons made between modern day Israel and both colonial Britain and Nazi Germany His analyses are placed within the context of resurgent neo nationalism in both countries and it is argued that these instances of antisemitism perform a multi faceted role in absolving guilt re writing history and reinforcing in group status This book will be of interest not only to linguistics scholars but also to academics in fields such as internet studies Jewish studies hate speech and antisemitism
