Antisocial Media English Edition:

Antisocial Media Greg Goldberg, 2018-01-16 Introduction Anxiety and the antisocial Playing Automating Sharing Epilogue immaterial world **Media Capitalism** Thomas Klikauer, 2022-01-01 This book argues that media and capitalism no longer exist as separated entities and posits three reasons why one can no longer exist without the other Firstly mass media have become indispensable to capitalism due to the media's ability to sell the commodities of mass consumerism Media capitalism also creates pro capital attitudes among a target population and establishes an ideological hegemony Thirdly media capitalism provides mass deception to hide the pathologies of capitalism which include mass poverty rising inequalities and the acceleration of global warming To illuminate this the book's historical chapter traces the emergence of media capitalism Its subsequent chapters show how media capitalism has infiltrated the public sphere society schools universities the world of work and finally democracy The book concludes by outlining how societies can transition from media capitalism to a post media capitalist society *Digital Populism and the Use of Neo-Propaganda and Fake News* Vieira, Andreia Teles, Joaquim, Ana Filipa, Duarte, Alexandre, 2025-05-07 As populism grows across global democracies the integration of new technologies has significantly amplified the use of propaganda techniques and the spread of fake news Tools like social media and artificial intelligence AI make digital technologies privileged vehicles for populist communication Due to the use of fallacies propaganda is confused with fake news though these techniques are broader and based on political strategies to manipulate public opinion With the advent of new technologies and the ever increasing incorporation of AI into social life political parties are facing a form of two way communication without intermediaries meaning they can directly reach and influence the public with reduced costs Understanding the social impact of digital propaganda may help foster political literacy among civil society *Digital Populism and the Use of Neo Propaganda and Fake News* explores various populist parties aiming to identify and understand their use of propaganda and fake news It provides a comprehensive global vision of populism in different nations and examines the communication strategies based on propaganda and disinformation Covering topics such as social media computational propaganda and political rhetoric this book is an excellent resource for political analysts journalists sociologists government officials policymakers researchers academicians and more

Balancing Act: Countering Digital Disinformation While Respecting Freedom of Expression Broadband Commission for Sustainable Development, International Telecommunication Union, UNESCO, 2021-09-21 **Digital Justice** Ethan Katsh, Orna Rabinovich-Einy, 2017-03-09 Improving access to justice has been an ongoing process and on demand justice should be a natural part of our increasingly on demand society What can we do for example when Facebook blocks our account we're harassed on Twitter discover that our credit report contains errors or receive a negative review on Airbnb How do we effectively resolve these and other such issues *Digital Justice* introduces the reader to new technological tools to resolve and prevent disputes bringing dispute resolution to cyberspace where those who would never look to a court for

assistance can find help for instance via a smartphone The authors focus particular attention on five areas that have seen great innovation as well as large volumes of disputes ecommerce healthcare social media labor and the courts As conflicts escalate with the increase in innovation the authors emphasize the need for new dispute resolution processes and new ways to avoid disputes something that has been ignored by those seeking to improve access to justice in the past *Crime, Anti-Social Behaviour and Schools* C. Hayden,D. Martin,2011-05-27 The behaviour and safety of children and young people in and around schools is a topic of world wide concern From school shootings and deaths on school premises to the everyday behaviour of young people in school this book explores what is happening in schools in Britain and links it with evidence from elsewhere in the world *Social Networks in Youth and Adolescence* John Cotterell,2007 Discusses the crucial role of social networks in the development of adolescents and young adults between the ages of twelve and twenty five years This book looks at how young people s relationships shape their behaviour and identity and the consequences of peer influence on health risk antisocial behaviour and school motivation *The Harms of Beauty* Sam Barnes,2025-04-30 The beauty industry thrives on creating a sense of dissatisfaction with appearance with social media adding pressure to conform to idealized images of beauty This has led to a growing use of products for bodily improvement such as facial injectables and weight loss drugs which have arguably become increasingly normalized throughout society This groundbreaking ethnographic study lifts the lid on the dark side of beauty revealing why young people are willing to inflict self harm in the pursuit of perfection and exploring the motivations for using buying and selling counterfeit beauty products and services *Watching in Tongues: Multilingualism on American Television in the 21st Century* James G. Mitchell,2020-09-01 This book explores ideas and issues related to second language L2 speakers and L2 use as portrayed on American television It examines many examples of television depictions of L2 speakers and L2 use collected in the first decades of the 21st century The book is divided into four three chapter sections Humor and Homicide looks at two aspects of the inclusion of L2 speakers and L2 use on television L2 use or speakers depicted to create humor in various ways especially through miscommunication or misunderstanding and L2 knowledge used to solve crimes in the detective police procedural genre The section describes the reasons behind these phenomena how they work and the messages they convey to viewers Language Learning explores how both adult and child language acquisition is represented and misrepresented on American television with analysis of realistic vs non realistic depictions Subtitles and Stereotypes explores the ways in which L2 speakers are often negatively depicted on television their portrayal based on stereotypes This work specifically investigates the role that subtitles play in leading viewers to such conclusions employing the idea of language subordination a process that devalues non standard language while validating the norms and beliefs of the dominant group Also considered are ways in which stereotypes are sometimes used to undermine negative perspectives on L2 speakers Language Attitudes and Mediation evaluates depictions of second languages used as tools of mediation in both historical and satirical terms as well as the feelings these portrayals engender in

viewers In short this work asks questions that have not previously been posed about L2 use on television and it provides answers that not only shed light on issues of the representation of language learning and language use but also constitute a lens through which American society as a whole might be understood **Barbarians at the Gate** Patricia

Donaher,2020-05-15 The study of language attitudes is the investigation of beliefs expressed about the nature of language and its diverse usages how these attitudes came to exist and persist and how these attitudes shape social action and policy Language attitude studies have illuminated our understanding of racial issues social and economic stratification cultural stereotypes educational issues folk linguistics and more recently popular culture This volume is an examination of four intersections in language attitudes research Authority Affiliation Authenticity and Accommodation In each section the contributors introduce new dimensions to the study of language attitudes while providing examples of the ways in which the study of language attitudes can continue to inform and shape our understanding of language diversity *Therapeutic process and treatment evaluation in forensic psychiatry and prison* Manuela Dudeck,Najat R. Khalifa,Jürgen Leo Müller,Birgit Angela Völlm,Judith Streb,2022-12-29 *Television and Behavior: Technical reviews* ,1982 **Television and Behavior** ,1982 *Growing Out of Crime* Andrew Rutherford,2002 The classic work on juvenile offenders that argues that young people need to be managed through that stage of their lives when they are growing up by a highly respected commentator who once taught at Harvard and who worked closely with the USA's Gerry Miller on the Massachusetts experiment when the youth institutions were closed overnight in the 1980s **Television and Behavior** National Institute of Mental Health (U.S.),1982 Abstract A comprehensive report summarizes the past 10 years of research activities and findings concerning the effects of television viewing on child behavior and development Approximately 90% of all research publications on this topic appeared during this period representing over 2500 titles The report is presented in 2 volumes a summary report and technical reviews The technical reviews comprise overall comprehensive and critical syntheses of the scientific literature on specific topic areas developed by 24 researchers in this area The topic areas address such issues as cognitive and emotional aspects of television viewing television's influences on physical and mental health television as it relates to socialization and viewer's conceptions of social reality and television as an American institution The overall orientation of the report is toward research and public health issues Resources in Education ,2001-10 Vamping the Stage Andrew N. Weintraub,Bart Barendregt,2017-07-31 The emergence of modernity has typically focused on Western male actors and privileged politics and economy over culture The contributors to this volume successfully unsettle such perspectives by emphasizing the social history artistic practices and symbolic meanings of female performers in popular music of Asia Women surfaced as popular icons in different guises in different Asian countries through different routes of circulation Often these women established prominent careers within colonial conditions which saw Asian societies in rapid transition and the vernacular and familiar articulated with the novel and the foreign These female performers were not merely symbols of times that were rapidly

changing. Nor were they simply the personification of global historical changes. Female entertainers positioned at the margins of intersecting fields of activities created something hitherto unknown: they were artistic pioneers of new music, new cinema, new forms of dance and theater, and new behavior, lifestyles, and morals. They were active agents in the creation of local performance cultures of a newly emerging mass culture and the rise of a region-wide and globally oriented entertainment industry. *Vamping the Stage* is the first book-length study of women, modernity, and popular music in Asia, showcasing cutting-edge research conducted by scholars whose methods and perspectives draw from such diverse fields as anthropology, Asian studies, cultural studies, ethnomusicology, and film studies. Led by an impressive introduction written by Weintraub and Barendregt, fourteen contributors analyze the many ways that women performers supported, challenged, and transgressed representations of existing gendered norms in the entertainment industries of China, Japan, India, Indonesia, Iran, Korea, Malaysia, and the Philippines. Placing women's voices in social and historical contexts, the essays explore salient discourses, representations, meanings, and politics of voice in Asian popular music. Historicizing the artistic sounds, lyrical texts, and visual images of female performers, the essays reveal how women used popular music to shape the ideas, practices, and meanings of modernity in various Asian contexts and time frames. The ascendancy of women as performers paralleled and in some cases generated developments in wider society, such as suffrage, social and sexual liberation, women as business entrepreneurs and independent income earners, and particularly as models for new life styles. Women's voices mediated through new technologies of film and the phonograph changed the soundscape of global popular music and resonate today in all spheres of modern life.

Handbook of Research on Teaching Literacy Through the Communicative and Visual Arts, Volume II James Flood, Shirley Brice Heath, Diane Lapp, 2015-04-22. The Handbook of Research on Teaching Literacy Through the Communicative and Visual Arts, Volume II brings together state-of-the-art research and practice on the evolving view of literacy as encompassing not only reading, writing, speaking, and listening, but also the multiple ways through which learners gain access to knowledge and skills. It forefronts as central to literacy education the visual, communicative, and performative arts, and the extent to which all of the technologies that have vastly expanded the meanings and uses of literacy originate and evolve through the skills and interests of the young.
