Secrets to Reaching Your Destiny Salay H. Kekula, 2022-10-16 In this book *Secrets to Reaching your Destiny* I intend to inform my readers about their greatness and how to eliminate the seven major challenges that attempt to hinder them from discovering and fulfilling their destiny. You will learn about rejection and how to grow to a level where it never stops you from pursuing your purpose and vision. There are some people who allow the fear of rejection to destroy their personal relationships but not any more should that be your story after reading this book. Once you learn how to overcome all the other major challenges you will fulfill your destiny and much more.

What Makes People Rich and Nations Powerful , None of These Diseases Chris Oyakhilome, 2001 *How to find a godly wife* Leo Godman, 2025-08-05 Are you ready to find more than just a wife but a divine partner in purpose? In a world flooded with shallow dating advice and misguided relationship goals, *Finding a Godly Wife* offers a refreshing and deeply spiritual alternative: a biblical blueprint for men who want to do it God's way. Written by Pastor Leo Godman, this transformative guide walks men through the essential stages of preparation: knowing their identity in Christ, discovering divine purpose, cultivating wisdom, and being led by the Holy Spirit before they even consider saying "I do." Unlike other relationship books, *Finding a Godly Wife* doesn't rush to matchmaking tips. Instead, it challenges men to first become the kind of man who attracts and honours a godly woman. Each chapter is layered with scriptural truths, practical insights, personal testimonies, and most importantly, divine clarity for navigating the pursuit of marriage.

What Makes This Book Different: Scripture-rooted Guidance. Every principle is grounded in the Word of God, ensuring you're building on an unshakable foundation. Purpose-Driven Process. Learn why vision assignment and spiritual maturity must come before pursuit. God's Order for Covenant. Discover why identity must precede intimacy and why preparation matters more than passion. Pastoral Wisdom. Gain real insights into discerning red flags, walking in love, not lust, and embracing accountability. Powerful Additions in Every Chapter. A Prayer to Seal the Word. At the end of each chapter, a powerful Spirit-filled prayer invites the reader to engage with God personally, reinforcing biblical truth and inviting divine transformation. Reflective Questions. To help you go beyond reading, each chapter includes soul-searching reflection prompts designed to build self-awareness, deepen understanding, and activate obedience. Perfect for journaling, mentorship, or group study. These features don't just inform; they transform. They equip men to live out what they've read and heard from God and to walk into relationships with confidence, clarity, and spiritual strength.

Who This Book Is For: Single men seeking to marry God's way. Divorced or healing men rediscovering identity and purpose. Mentors, fathers, or pastors discipling the next generation. Any man who wants a godly marriage, not just a wedding. Women can also read the book or recommend it for their men. If you're ready to stop guessing and start building, if you're ready for more than just a romantic partner but a covenant partner, this book is your guide. Don't just find a wife. Find a good thing. Step into favour. Walk in purpose. Lead with love. Build for legacy.

The greatness of a nation is less a function of its physical geography than it is of the quality of its human content Any nation can rise to great heights if it has within its borders men and women who will dare to dream and see a life beyond the limitations of the times in which they live These are people who know that however dark and bleak the night may be there ll be light at the break of dawn and are willing both to persevere through the long dark night and to help others do so These men and women are those the world knows as patriots In Dreams of a Patriot Oluneye Oluwole confronts the monstrous subject of leadership crisis in Nigeria not from the boring and tedious perspective of a political analyst but from the refreshing everyday angle of a common citizen who knows that a nation so great and so immensely endowed as Nigeria deserves more from her people She lights a candle in the wind of our turbulent national experience and beckons on all who share in this dream of greatness to help shield its flickering flame from the extinguishing forces that have held her nation down all these years In a subtle unobtrusive way it is an expression of the dreams and hopes of that pained and distressed patriot in every one of us New Media and Religious Transformations in

Africa Rosalind I. J. Hackett,Benjamin F. Soares,2015-01-21 New Media and Religious Transformations in Africa casts a critical look at Africa s rapidly evolving religious media scene Following political liberalization media deregulation and the proliferation of new media technologies many African religious leaders and activists have appropriated such media to

strengthen and expand their communities and gain public recognition Media have also been used to marginalize and restrict the activities of other groups which has sometimes led to tension conflict and even violence Showing how media are rarely neutral vehicles of expression the contributors to this multidisciplinary volume analyze the mutual imbrications of media and religion during times of rapid technological and social change in various places throughout Africa

Megachurches in Africa Babatunde A. Adedibu, Felicity Apaah, Okelloh Ogera, Benson O. Igboin, 2024-10-04 The idea of megachurch is pivotal to the nature characteristics and vision of megachurches as a social divine structure grounded on the belief in grand mega God whose omnipotence is revealed encountered and dramatised in space and place Although the concept of megachurch has been discursively and theoretically problematic sprouting and scouting for a big idea grasping that is in itself elusive the book takes a pragmatic detour to engage and nuance and also beat into manageable shape what can readily be construed as megachurch at least in Africa It argues that megachurch is not only related to from the prism of its exponentiality and grandiosity a feature that is pervasive in its conceptualisation but it is also much more inserted into a socio cultural political and religious context that is at once empirical and relatable responsible and responsive daring and appealing local and transnational spiritual and mundane controversial and soothing The institutionalisation of megachurch legitimises its existence radar and reach in terms of social mobilisation charismatics and incarnationality Central to the praxis of megachurches is digital turn that zooms out the Mega Mega powers and affluence of mega pastors mega narratives mega miracles and mega messes All of this is sited and situated most profoundly within the mega failure of state to be responsible and account for mega wealth that African political rulers vanquished into their private lounges The megachurch and state relations might appear complexified and mutually beneficial the knack with which some Africa s megachurches pastors churches churches dribble and meander through this midfield constantly calls to mind the Megachurches Megachurches claim of divine imprimatur and the future of its pentecostality

Invoking God Mehr A. Kalami, 2025-08-04 The main theme of this literary work examines avarice insatiable greed and abysmal voracity of those individuals who under the guise of serving God serve their own vested interest This documented book exposes such people who achieve almost everything to fill their coffers and to vent their hatred through deceit and the obfuscation of the public It is a known fact that the majority of the televangelists commenced life modestly most of them devoid of any academic erudition in theology but with some certification from unrecognized seminaries spread throughout the country wherever

they reside What captivated my interest in writing this book is the unscrupulous methods that such people have employed to accumulate unjustified immense wealth and properties just through the art of obfuscation deceit and false promises of invoking God to heal the sick and dying for a fee a fee that would leave them unhealed and poverty stricken **THE POWER TO RECREATE YOUR WORLD**, 2025-08-27 The power to recreate your world rests within you not with God God has already done everything necessary for us to live in continuous victory Yet many people around the world still struggle to understand how to bring real change into their lives Every believer in Christ has the power and authority to make dynamic changes The true force of our thoughts and words however remains a mystery to most There is a divine energy behind understanding what our thoughts and words truly mean and how they shape our lives Throughout my study of this subject I have explored both secular and biblical perspectives The Bible however reveals the clearest truth our thoughts and words are powerful forces They can either create success or invite failure Whatever dominates your mind and lips will eventually manifest in your life This book will help you understand that your words and thoughts are creative forces Consider how many of your thoughts are negative creating problems you don't want And how many are positive attracting blessings and favor Often we use this power against ourselves without realizing it *Routledge International Handbook of Religion in Global Society* Jayeel Cornelio, François Gauthier, Tuomas Martikainen, Linda Woodhead, 2020-11-29 Like any other subject the study of religion is a child of its time Shaped and forged over the course of the twentieth century it has reflected the interests and political situation of the world at the time As the twenty first century unfolds it is undergoing a major transition along with religion itself This volume showcases new work and new approaches to religion which work across boundaries of religious tradition academic discipline and region The influence of globalizing processes has been evident in social and cultural networking by way of new media like the internet in the extensive power of global capitalism and in the increasing influence of international bodies and legal instruments Religion has been changing and adapting too This handbook offers fresh insights on the dynamic reality of religion in global societies today by underscoring transformations in eight key areas Market and Branding Contemporary Ethics and Virtues Intimate Identities Transnational Movements Diasporic Communities Responses to Diversity National Tensions and Reflections on Religion These themes demonstrate the handbook's new topics and approaches that move beyond existing agendas Bringing together scholars of all ages and stages of career from around the world the handbook showcases the dynamism of religion in global societies It is an accessible introduction to new ways of approaching the study of religion practically theoretically and geographically *Sensational Piety* Murtala Ibrahim, 2022-08-11 Grounded in anthropological comparison and the concept of materiality this book offers an in depth ethnographic study of the similarities and differences among various forms of religious practices in a Pentecostal Church Christ Embassy and an Islamic group NASFAT in the Nigerian capital of Abuja Scholarship in this area tends to focus on inter religious contestations and conflicts however this book proposes that another dynamic is unfolding between Christians and

Muslims that is characterised by conviviality interfaith joint action programmes mutual influences and even the exchange of religious forms The comparative approach reveals that notwithstanding the seemingly opposed worldviews and divergences between Muslims and Christians they all face similar challenges and apply similar techniques for meeting the challenges posed by the precarious Nigerian urban environment It is through practices especially those conducted in semi public settings that people from different religious persuasions define encroach on and feel the weight of each other s presence
