Chapter 4: Carbon and the Molecular Diversity of Life

Concept 4.1 Organic chemistry is the study of carbon compounds

1. Study this figure of Stanley Miller's experiment to simulate conditions thought to have existed on the early Earth. Explain the elements of this experiment, using arrows to indicate what occurs in various parts of the apparatus.

2. What was collected in the sample for chemical analysis? What was concluded from the results of this experiment?
There were a variety of organic molecules that are common in organisms (hydrocarbons, amino acids, CH₂O, CH₄ and a more)
concluded that organic molecules may have been synthesized abiotically on the Earth

Concept 4.2 Carbon atoms can form diverse molecules by bonding to four other atoms

3. Make an electron distribution diagram of carbon. It is essential that you know the answers to these questions:

- a. How many valence electrons does carbon have? 4!!!
- b. How many bonds can carbon form? 4!!! up to 4
- b. What type of bonds does it form with other elements?

The Ultimate Teen Guide to Getting into the Ivy League Courtney Leigh Malinchak,2017-12-01 Because of their renowned research findings alumni successes educational and athletic opportunities networking connections and top tier name recognitions the Ivy League universities have first rate reputations that not many other colleges can claim The Ivy League universities aim to create value

in the world so they desire students who are going to accomplish groundbreaking feats or create something world changing. Additionally, they want students who are going to positively contribute to their campus, whether that is academically, athletically, or artistically, with the hope that they can help and inspire their fellow peers. Since some of the most intelligent, advanced, and successful students in the world apply to the Ivy League each year, acceptance into these colleges is incredibly competitive. Admissions officers cherry-pick the students who they believe will make a positive difference on the world, which can be done in many forms. In essence, students must have a passionate commitment to something and demonstrate national or even international recognition, ranking, or success. Remember, the best predictor of future achievement is past achievement. In this book, you will learn the 10 Step System on how to get accepted into the Ivy League of your choice. Learn how to stay focused, achieve an impressive high school transcript and GPA, win national awards, show a passionate commitment to something, take advantage of summers, work significant internships, achieve high test scores for the SAT and ACT, write a winning essay, and gain admirable recommendations among other vital information. Additionally, you will learn how to decide between applying Early Action, Early Decision, or Regular Decision. This is the ULTIMATE guide to teach you how to be the ULTIMATE candidate for acceptance into the Ivy League.

[The Complete Medical School Admission Guide](#) Paul Dr. Toote, 2013-02. Finally, a complete guide that covers each step from your High School years to your final goal of becoming a doctor. In this book, you will find step-by-step instructions in plain terms that will demystify the medical school admission process. My goal is that once you complete this book and follow the steps I have laid out for you, your odds of becoming a doctor will be greatly increased. It is said that knowledge is power. We'll be ready to be both knowledgeable and powerful when it comes to the medical school admission process. In this book, I answer the number one question all medical school applicants ask: I show you the best way to impress the application committee. You will learn why more than 50% of all medical school applicants are rejected each year and how to avoid the mistakes. Learn where best to place your energy. Learn how to be in the top 10% of applicants. Learn what to do and what not to do each year from your sophomore year in High School up until your first year out of medical school. Once you have completed this book, you will have more information than 95% of all medical school applicants. This book will help you to stop guessing and start knowing.
