Nathaniel Hawthorne, 2005-12 This Prestwick House Literary Touchstone Edition includes a glossary and reader's notes to help the modern reader contend with Hawthorne's complex approach to the human condition. Arguably Nathaniel Hawthorne's most famous novel *The Scarlet Letter* probes the very root of the age-old question: What is good? Can there be redemption in a society where the only good is the avoidance of sin? Through the characters of the beautiful and independent Hester Prynne, the pious yet guilt-ridden Reverend Arthur Dimmesdale, and the vengeance-obsessed Roger Chillingworth, Hawthorne explores the range of human response to sin and the deadly consequences of the inability to forgive oneself and others. In *The Scarlet Letter*, Hawthorne peers into the shadows of the soul to reveal the doubt, fear, and guilt that try as we might to deny them form the foundations of our existence.

Rural Voices Robert Brooke, 2003 Featuring lively essays from rural elementary and secondary teachers, this volume describes the theory and practice of place-conscious education using one's local place to build real, lasting connections to learning. The teachers describe the development and implementation of rich classroom writing programs that link learners with their rural communities and can serve as models for both public engagement and pedagogy. The outgrowth of research led by the National Writing Project and funded in part by the Annenberg Rural Challenge, this book applies place-conscious ideas to rural and regional contexts rather than to urban communities in crisis. Shows how to integrate place-conscious teaching into student-centered workshop teaching. Describes a community writing project that attempted to save a school in the face of economic worries. Details a Rural Institute program that guides teachers in implementing place-conscious education in their setting. Includes an introduction by Robert Brooke and an afterword by Marian Matthews that position the work in relation to national trends in rural education.

Colacurcio, 2013-10-23 The enduring power of many antebellum American texts trace their inspiration to Puritanism From Melville's preposterous but irresponsible quarrels with God to Hawthorne's instructed yet edgy evocations of earlier New England to Dickinson's finely turned little blasphemies Can one imagine that such texts were written anywhere but in the latter days of Puritanism Doctrine and Difference shows how the spirit and forms of liberalism are a necessary but by no means sufficient explanation for the flowering of literature in this period The colonialist writers were attempting to have things their own provincial way amidst an air of rejection by the cosmopolitan literary establishment Capturing the violence of repression the energy required to meet its moral argument head on and the disease of embattled survival this book shows how these works are in many ways the literary remnants of Puritanism
