had to collaborate with a difficult team member How did you handle it Answer In one project a team member was consistently negative and uncooperative which affected team morale I approached the person privately to understand their concerns and found they felt overwhelmed with their workload We discussed their challenges and reallocated some tasks to balance the workload better This improved their attitude and overall team dynamics Open and empathetic communication was crucial in resolving the issue What do you think makes a good team player Answer A good team player is someone who communicates effectively collaborates willingly and supports their teammates They are adaptable open to feedback and committed to the team s success over individual recognition They also take responsibility for their tasks and help others when needed contributing positively to the team s dynamics How do you deal with a team member who is not pulling their weight Answer If a team member is not contributing effectively I first try to understand the underlying reasons by having a private conversation with them They might be facing personal challenges or may not fully understand their tasks Once the issue is identified I work with them to provide the necessary support or resources and set clear expectations If the behaviour doesn t improve I escalate the matter to a supervisor while continuing to support the team s overall progress How do you prioritize tasks when working in a team Answer When prioritizing tasks I consider the project s overall goals deadlines and the dependencies between tasks I use tools like project management software to organize and track tasks I also collaborate with team members to ensure we are aligned on priorities and adjust as needed based on any changes in the project scope or deadlines How do you build trust within a team Answer Trust is built through consistent and reliable behaviour I ensure that I communicate openly and honestly follow through on commitments and respect my colleagues opinions and contributions I also foster an inclusive environment where team members feel safe to express their ideas and concerns without fear of judgment Regular team building activities and transparent decision making processes also help strengthen trust within the team These questions and answers should provide a solid foundation for discussing teamwork in interviews or team building scenarios
