Anthropologie Et Psychanalyse:

A Jungian Understanding of Symbolic Function and Forms Dominique Boukhabza, 2023-08-11 The purpose of this book is to clarify the function of the symbol and its place at the juncture of psychoanalysis and other social sciences where the singular and the collective intersect and whose laws are identical The debate between Freud and Jung about the symbol is well known by examining the points of contradiction between their respective approaches this book seeks to place them in fruitful tension rather than categorical opposition and explore their similarities and differences In later chapters the author further analyses the function of the symbol in relation to the topics of myth anthropology and dreams This thoughtful book will appeal to those interested and involved in analytical psychology and psychoanalysis as well as psychiatrists and psychologists

The Subject of Anthropology Henrietta L. Moore, 2013-04-23 In this ambitious new book Henrietta Moore draws on anthropology feminism and psychoanalysis to develop an original and provocative theory of gender and of how we become sexed beings Arguing that the Oedipus complex is no longer the fulcrum of debate between anthropology and psychoanalysis she demonstrates how recent theorizing on subjectivity agency and culture has opened up new possibilities for rethinking the relationship between gender sexuality and symbolism Using detailed ethnographic material from Africa and Melanesia to explore the strengths and weaknesses of a range of theories in anthropology feminism and psychoanalysis Moore advocates an ethics of engagement based on a detailed understanding of the differences and similarities in the ways in which local communities and western scholars have imaginatively deployed the power of sexual difference She demonstrates the importance of ethnographic listening of focused attention to people's imaginations and of how this illuminates different facets of complex theoretical issues and human conundrums Written not just for professional scholars and for students but for anyone with a serious interest in how gender and sexuality are conceptualized and experienced this book is the most powerful and persuasive assessment to date of what anthropology has to contribute to these debates now and in the future

Marcel Mauss Marcel Fournier, 2015-07-28 This book is the first intellectual biography of Marcel Mauss 1872 1950 the father of modern ethnology and a leading early figure in the French school of sociology Mauss left a rich intellectual legacy in the social sciences influencing the work of Claude Lévi Strauss and others His masterpiece the 1925 essay *The Gift* on reciprocity and gift economies among archaic societies remains required reading in anthropology and his work more broadly resonates today with students and scholars in fields from the history of religion to sociology Mauss taught the first generation of French field researchers in anthropology and helped secure the legacy of his uncle Émile Durkheim the founder of modern sociology In *Marcel Mauss A Biography* Marcel Fournier situates Mauss's ideas in their biographical context focusing not only on the details of Mauss's life but also on the people and the academic milieu with which he was associated in early twentieth century France He shows how Mauss through his writings teaching and socialist politics found himself at the center of the intellectual and political life of his country and of Europe through two

world wars The book addresses among other topics the effect of the Dreyfus Affair and the First World War on Mauss's thought and the inner dynamics of the group of scholars around Mauss and Durkheim at the journal they helped establish *Ann e Sociologique* The fruit of vast research Marcel Mauss A Biography is the life story both of a legendary scholar and of the institutionalization of sociology and anthropology *Bronisław Malinowski and His Legacy in Contemporary Social Sciences and Humanities* Grażyna Kubica,Dariusz Brzeziński,2024-06-14 As one of the most renowned figures in the history of anthropology Bronisław Malinowski is recognised as having been central to the development of the discipline with interpretations of his thought usually drawing attention to his work in founding the approach of functionalism and his innovative method of intensive field research This book offers a decisive extension of Malinowski's achievement referring to the accomplishments of present day social sciences and humanities and the debts that they owe to Malinowski's oeuvre Bringing together eminent scholars in such fields as social anthropology sociology law cultural studies literary and theatre studies and art history this book emphasises the importance of Malinowski's theoretical and methodological insights as a treasure trove of inspiration for contemporary researchers A critical commentary on the life work and legacy of Bronisław Malinowski it sheds light on his academic work while personal documents many of which are not well known or are completely unknown in the Anglophone sphere prove their fundamental importance for understanding his oeuvre and the intellectual connections between his work and the work of other most prominent intellectuals of the 20th and 21st centuries It will therefore appeal to scholars across the social sciences and humanities with interests in the history of anthropology and sociology and fundamental questions of theory and research methodology **Changement urbain et démocratie participative à Berlin** ,2015-05-05 Cet ouvrage est le r cit ethnographique nourri par la photographie des pratiques d appropriation de l espace et d engagement politique observ es au sein de trois groupes sociaux qui cohabitent dans le grand ensemble de Marzahn la p riph rie de Berlin Est depuis la r unification l ancienne Intelligenz d class e les familles populaires et les Aussiedler Il apporte trois clairages sur la soci t allemande contemporaine et la forme urbaine des grands ensembles Il d crit d abord les effets sociaux et spatiaux des transformations post socialistes l Est de Berlin Il propose ensuite en s appuyant sur la longue tradition de recherches fran aises dans les grands ensembles un regard d cal sur la situation allemande Enfin il rend compte de la recomposition du rapport la politique en Allemagne de l Est 20 ans apr s la chute du mur *Ibss: Anthropology: 1972* International Committee for Social Science Information and Documentation,1974-10-24 First published in 1974 Routledge is an imprint of Taylor Francis an informa company *Sexuality in Islam* Abdelwahab Bouhdiba,2013-02-01 Originally published in 1985 Beginning with the Qur an Abdelwahab Bouhdiba confronts the question of male supremacy in Islam and the strict separation of the masculine and the feminine He gives an account of purification practices of Islamic attitudes towards homosexuality concubinage legal marriage and of the sexual taboos laid down by the Qur an He assesses present day sexual practice including eroticism misogyny and mysticism and concludes that the sexual

alienation and even oppression of modern Muslim women is the result not of the Islamic vision of sexuality but of social and economic pressures

Freud in Cambridge John Forrester, Laura Cameron, 2017-03-09 Freud may never have set foot in Cambridge that hub for the twentieth century's most influential thinkers and scientists but his intellectual impact there in the years between the two World Wars was immense This is a story that has long languished untold buried under different accounts of the dissemination of psychoanalysis John Forrester and Laura Cameron present a fascinating and deeply textured history of the ways in which a set of Freudian ideas about the workings of the human mind sexuality and the unconscious affected Cambridge men and women from A G Tansley and W H R Rivers to Bertrand Russell Bernal Strachey and Wittgenstein shaping their thinking across a range of disciplines from biology to anthropology and from philosophy to psychology education and literature *Freud in Cambridge* will be welcomed as a major intervention by literary scholars historians and all readers interested in twentieth century intellectual and scientific life

Histories of Anthropology Gabriella D'Agostino, Vincenzo Matera, 2023-03-22 This edited volume presents for the first time a history of anthropology regarding not only the well known European and American traditions but also lesser known traditions extending its scope beyond the Western world It focuses on the results of these traditions in the present Taking into account the distinction between empire building and nation building anthropology introduced by G Stocking and taken up by U Hannerz the book investigates different histories of anthropology especially in ex colonial and marginal contexts It highlights how the hegemonic anthropologies have been accepted and assimilated in local contexts which approaches have been privileged by institutions and academies in different locations how the anthropological approach has been modelled and adapted according to specific knowledge requirements related to the cultural features of different areas and which schools emerge as the most consolidated today Each chapter presents a cultural history of one of the historical cultural and geo political contexts that influenced and produced the specific disciplinary traditions The chapters highlight the local contributions to the discipline the influences that the world centres have on the peripheries but also the ways in which the peripheries have learned from the centres in order to re elaborate meaningful or otherwise recognisable disciplinary lines

Language and Sexuality (through and) beyond Gender Costas Canakis, Venetia Kantsa, Kostas Yiannakopoulos, 2010-04-16 This volume is a collection of papers on aspects of language and sexuality as understood and problematized by scholars in linguistics and anthropology The idea behind this volume was to bring together people working on language and sexuality issues from within these two fields given that linguistic research on this topic is more often than not fieldwork related and anthropological research characteristically focuses on issues of sexual onomasiology and semasiology a concomitant of its preoccupation with social categories and categorization This endeavor is in many respects a continuation of the discussion on the social constitution of gender while following up on a slowly but steadily growing tradition of research on language and sexuality both in relation to gender and beyond it Although gender and sexuality may be thought of as distinct in principle they

interact not only in the framework provided by heteronormativity but also in contexts where their presupposed alignment is questioned if not summarily rebuked. Therefore if there is indeed something to be said about language and sexuality beyond gender any such discussion will also have to go through it. On the other hand work on gendered language will have to co-estimate the findings of research on language and sexuality. Contributors in this volume have assumed a variety of theoretical positions from which to tackle their diverse topics covering a wide range of sexually relevant language pertaining to heterosexual lesbian gay and queer experience but also to voice silence the unconscious and nationalism. Issues of identities and desires inevitably take center stage in many of the papers reflecting dominant theoretical approaches and tensions in the field even as authors may remain skeptical of the usefulness of the ensuing polarizations. At the same time the polyphony envisioned by the editors and contributors in this volume will be operative in the ongoing critical appraisal of theoretical stances towards the intricate indexical relation between language gender and sexuality. *The Routledge Dictionary of*

Abdullah Alajmi, Daniele Cantini, Irene Maffi, Imed Melliti, 2025-08-01. There are ongoing efforts in anthropology to decolonise its history and give fairer space to marginalised traditions. This book examines the history and institutionalisation of anthropology in the Maghreb the Mashreq and the Gulf in an open and collaborative manner and from various perspectives. Its primary focus is two fold first to reorient the anthropological focus towards studies conducted in the region particularly on the conditions conducive to the institutionalisation of anthropological knowledge second to shed light on anthropological studies in languages other than English offering different theoretical and epistemological perspectives. *The Routledge*
