Subcommittee on Department of the Interior and Related Agencies,1977 *The Anthropology of Education* David Julian Hodges,2011-08-03 This unique anthology outlines and reconsiders the disciplinary origins of the anthropology of education The book is a student oriented compilation of classic articles written by anthropologists who helped pioneer the field some fifty years ago Their names constitute a veritable who's who in cultural anthropology Kluckhohn Linton Mead Benedict and Redfield to name a few who while accomplished in the general area of cultural anthropology nevertheless gave specific attention to the developing area of the anthropology of education Also included in the collection are contemporary classics by non anthropologists such as Paulo Freire James Baldwin and Jonathan Kozol who tackle more recent issues facing education and educators The readings are termed classic because collectively they represent the best of that to which today's students of the anthropology of education should be exposed for a first rate introduction to the field Despite their relevance and importance many of these articles are out of print difficult to find or otherwise unavailable though there is still an abiding need for the insights they provide The need for the thinking of these pioneers is as great today arguably greater than when

the articles were written Their contributions and insights must not succumb to the awful tendency of our times for scholarship to be both instant and disposable David Julian Hodges Ph D is professor of anthropology at Hunter College of the City University of New York where he has served with distinction in several capacities Acting Dean School of Education Acting Chairperson Department of Black and Puerto Rican Studies and President of the Faculty Dr Hodges has conducted ethnographic fieldwork among the Cajuns of Southwestern Louisiana and the Iban of Borneo He received his Bachelor of Arts degree from Morris Brown College in Atlanta He received his Master s degree and Ph D from New York University under the tutelage of anthropologist Ethel J Alpenfels Dr Hodges also engaged in post doctoral studies at Harvard and Oxford universities
