End Times Fiction Gary DeMar, 2001-11-06 Tim LaHaye contends that his bestselling Left Behind series with Jerry Jenkins is the first fictional portrayal of prophetic events that are true to the literal interpretation of Bible prophecy Gary DeMar takes issue with this bold claim contending that the theological premise the series is based upon is only one interpretation of the book of Revelation DeMar examines the series in four distinct sections The Left Behind Sensation Putting Tim LaHaye's Literalism to the Test the Theology Behind Left Behind and What Does it Mean and What Does it Matter Readers will learn to develop a simple method of Bible interpretation and to assess the impact of Left Behind on the future of the church and our society *The Religious Divide* Larry Squyres, 2023-12-11 Christianity has been around for over two thousand years So who's right and wrong regarding Catholic or Protestant beliefs What does the Bible say We look at some of the issues baptism and the correct way Purgatory is there such a place The immortal soul is it immortal after death Who are saints Are traditions equal to biblical scripture Is the rapture just a story or does it have another meaning or time Finally in *The Religious Divide* we look at some differences between Catholicism Protestantism and the Bible and come to a better understanding If you have ever had these questions this book is for you In addition this book includes references from where Catholicism takes its answers the Vulgate Bible and the writings of men where Protestantism gets its answers from the King James Version and what does the Bible has to say on these subjects Whether you're curious or want to know get your copy of *The Religious Divide* today *The Religious Divide* is one of the most informative books I have ever read when it comes to understanding the Bible and the differences and similarities between various denominations The author explains a point gives contrasting points and then adds scriptures that make the ideas between them more understandable I love that this author encourages you to find the truth in your heart while helping you figure out the pieces that can be somewhat confusing I recommend *The Religious Divide* to anyone who wants and needs a better understanding of what is found in the Bible wants more clarity on what's right what may be considered wrong and how to find their place in this world through the scriptures Amy Raines Reader's Choice *Fifty Signs of the End Times* David Scott Nichols MD, 2016-01-14 The world is on an inexorable path toward the apocalypse currently exhibiting many of the Bibles prophesied signs of the end times When the Jews regained nationhood in May 1948 the countdown began toward the promised return of the Messiah In *Fifty Signs of the End Times* compelling new information is shared demonstrating that the end time clock is nearing midnight including How the alignment of the nations soon to come against Israel is exactly as prophesied in the Bible The many ways that God has honored His promise to richly bless Israel in the latter days including the discovery of new energy sources Recent and detailed information concerning the coming Tribulation Temple Amazing accounts demonstrating how God is pouring out His Spirit in these latter days How God has miraculously protected Israel in its recent wars Revealing how twelve of Christ's prophecies in His Olivet Discourse have come true in our time Dr David Nichols explains these intriguing signs and dozens

Ryan, 2012-03-27 Astrology in the Middle Ages was considered a branch of the magical arts one informed by Jewish and Muslim scientific knowledge in Muslim Spain As such it was deeply troubling to some Church authorities Using the stars and planets to divine the future ran counter to the orthodox Christian notion that human beings have free will and some clerical authorities argued that it almost certainly entailed the summoning of spiritual forces considered diabolical We know that occult beliefs and practices became widespread in the later Middle Ages but there is much about the phenomenon that we do not understand For instance how deeply did occult beliefs penetrate courtly culture and what exactly did those in positions of power hope to gain by interacting with the occult In **A Kingdom of Stargazers** Michael A. Ryan examines the interest in astrology in the Iberian kingdom of Aragon where ideas about magic and the occult were deeply intertwined with notions of

power authority and providence Ryan focuses on the reigns of Pere III 1336 1387 and his sons Joan I 1387 1395 and Mart I 1395 1410 Pere and Joan spent lavish amounts of money on astrological writings and astrologers held great sway within their courts When Mart I took the throne however he was determined to purge Joan s courtiers and return to religious orthodoxy As Ryan shows the appeal of astrology to those in power was clear predicting the future through divination was a valuable tool for addressing the extraordinary problems political religious demographic plaguing Europe in the fourteenth century Meanwhile the kings contemporaries within the noble ecclesiastical and mercantile elite had their own reasons for wanting to know what the future held but their engagement with the occult was directly related to the amount of power and authority the monarch exhibited and applied A Kingdom of Stargazers joins a growing body of scholarship that explores the mixing of religious and magical ideas in the late Middle Ages *Henry of Harclay* Mark G.
