The Evolving House Museum ,2024-08-05 This volume explores twelve house museums created over more than two centuries and founded across the globe What motivates collectors to establish independent house museums instead of donating their collections to preexisting institutions How have collectors original intentions manifested themselves in their museums Have founder mandates aided the survival or caused the demise of their institutions How have house museums collections or buildings evolved over time Must museums reinterpret their collections to remain relevant to contemporary and diverse audiences In seeking to answer these questions the volume s authors share the unique stories behind the creation and evolution of these fascinating institutions and the intriguing stories of the exceptional individuals who founded them Contributors Aist Bimbryt Eliza Butler Chih En Chen Enrico Colle Allegra Davis Marissa Hershon Mia Laufer Ulrike Mller Nadine Nour el Din Inge Reist Anne Nellis Richter and Georgina S Walker *French Master Drawings from the Collection of Muriel Butkin* Carter E. Foster, Sylvain Bellenger, Patrick Shaw Cable, Cleveland Museum of Art, 2001 Accompanying an exhibition at the Cleveland Museum of Art last fall and now at the Dahesh Museum in New York this catalog focuses upon the French drawings in Muriel Butkin s highly specialized collection which she has promised to the Cleveland Museum To assemble her diverse yet nicely integrated set of drawings Butkin started buying 18th century French drawings when they were affordable In the mid 1970s with the guidance of art historian Gabriel Weisberg she expanded her collection to include 19th century French drawings These drawings were counter to the mainstream impressionist and postimpressionist taste of the time and focused more on academic French subject matter such as life drawings portraits or compositional studies In the preface Butkin herself reinforces her taste by saying that drawings are much more personal and spontaneous than paintings often demonstrating the artistic process Foster curator of drawings at the Cleveland Museum and other scholars present a well researched volume that contributes new information to a very specialized field of art history It is greatly disappointing however that the bulk of the reproductions are in black and white often missing the subtly colored tones in many of the drawings Nonetheless this is recommended for museum and academic libraries that support graduate programs in art history 183 b w illustrations **Master Drawings from the Yale University Art Gallery** Yale University (New Haven, Conn.).
