**Every Army Man Is with You** Nicolaus Mills, 2014-11-13 For Army s players their 1964 football game against a Navy team led by its Heisman Trophy winning quarterback Roger Staubach was a do or die battle Army had lost to Navy five years in a row This time a stunning victory by Army changed the Cadets fortunes and made headlines across the country With five of its starters playing offense and defense Army rallied to an 11 8 triumph The win was the beginning of an even greater challenge for West Point s players Soon they were in Vietnam fighting a war that did not end as they or America expected In *Every Army Man Is with You* Nicolaus Mills tells the story of that unforgettable Army team by focusing on the lives of seven of its players as they go from the football field to the Vietnam battlefield and back again to the States Mills sheds light not just on what that the players experiences meant to them personally but on what their experiences say about the ways the Vietnam era shaped our nation **Modernising the People's Liberation Army** James Char, 2024-06-03 This volume examines the progress made by the Chinese military the People s Liberation Army PLA as it strives to meet its commander in chief s directive to transform itself into a more capable fighting force The book tracks the reforms undertaken by the PLA in meeting its commander in chief s grand objectives set at the 2015 Central Military Commission Reform Work Meeting for China s armed forces to transform themselves into a more professional and modern military Focusing on those changes since late 2016 at corps level and below the first and second sections of the volume document the subsequent force structure and operational changes to the PLA s four conventional services and two newly established PLA branches the Strategic Support Force and Joint Logistic Support Force To that end the contributors examine the reforms promulgated by the Chinese high command and measure them against observable developments in the PLA s power projection capabilities In view of how the instrumentalization of military power is writ large in Beijing s strategic calculus and in regional hotspot issues the final part

of the book also provides pathbreaking insights into two critical but not so well understood phenomena the now regular PLA aerial activities in the Taiwan Strait and the PLA Navy's submarine operations in the South China Sea This book will be of much interest to students of East Asian security Chinese politics and military and strategic studies in general **Lebanon and the Arab Uprisings** Maximilian Felsch, Martin Wählich, 2016-06-23 The Arab uprisings have put Lebanon under increased strain While the revolutions in Tunisia and Egypt caused limited reverberations the war in Syria echoed in the fine tuned political and confessional balance of Lebanon Over one million refugees equal to one quarter of Lebanon's population have moved in from Syria The country's economy and its already weak public infrastructure have been impacted heavily Hizbullah's engagement in Syria has posed questions about Lebanon's disassociation policy Terrorist attacks by ISIL and the growing risk of radicalization across the confessional spectrum have left the country at unease However Lebanon's political elites have vowed to shield the country from regional turbulences Lebanon recently saw a series of demonstrations because of the inability of the government to manage the garbage crisis but it has been far from witnessing a large scale citizen uprising similar to the 2005 Cedar Revolution or the revolts next door This book provides a comprehensive overview of the current situation in Lebanon and a detailed assessment of the difficulties which the country is currently facing **Egypt and the rise of fluid authoritarianism** Maria Gloria Polimeno, 2024-12-10 Egypt and the rise of fluid authoritarianism focuses on the sub upgrade of the regime in Egypt and the struggle of political authorities for internal political legitimacy after 2013 It is an interdisciplinary work that develops a complex theoretical framework for exploring the microstructural and macrosystemic dynamics of leadership power political ecology and the process of authority formation in illiberal systems that have undergone subsystemic transformations after shockwaves also beyond Egypt The book offers a complex groundbreaking socio political and economic analysis of how the forging of an internal claim to political legitimacy in Egypt eventually transformed the regime along the authoritarian spectrum morphing into a fluid autocracy that approximates what the book defines as a non exclusivist personalist regime thereby fragmenting elites In the second part the book offers an economic analysis in which legitimacy and political ecology are closely intertwined In this regard the Social Development Goals are employed as a prism **Women, Peace and Security in Myanmar** Åshild Kolås, 2019-06-17 This book describes women's efforts as agents for change in Myanmar and examines the potential of the peace process as an opportunity for women's empowerment Following decades of political turbulence the volume describes the contributions of women in Myanmar in the midst of a difficult peace process and reflects on the significance of the Women Peace and Security agenda in this context The book examines how women have mobilized for peace while also addressing women's participation in the conflict and investigates the perspectives and aims of women's organizations and the challenges and aspirations of women activists in Myanmar's ethnic areas Contributions in the volume discuss and critically assess the argument that war and peacebuilding add momentum to the transformation of gender roles By presenting new knowledge on women's

disempowerment and empowerment in conflict and their participation in peacebuilding this book adds important insights into the debate on gender and political change in societies affected by conflict This book will be of interest to students of peace and conflict studies gender studies and security studies in general      **U.S. Army Campaigns of the Civil War: The Civil War in the West, 1863** Andrew N. the counter insurgency operations undertaken by the Nigerian military against Boko Haram between 2011 and 2017 Based on extensive fieldwork conducted with military units in Nigeria Counter Insurgency in Nigeria has two main aims First it seeks to provide an understanding of the Nigerian military's internal role a role that today as a result of internal threats pivots towards counter insurgency The book illustrates how organizational culture historical experience institutions and doctrine are critical to understanding the Nigerian military and its attitudes and actions against the threat of civil disobedience today and in the past The second aim of the book is to examine the Nigerian military campaign against Boko Haram insurgents specifically plans and operations between June 2011 and April 2017 Within this second theme emphasis is placed on the idea of battlefield innovation and the reorganization within the Nigerian military since 2013 as the Nigerian Army and Air Force recalibrated themselves for COIN warfare A certain mystique has surrounded the technicalities of COIN operations by the Army against Boko Haram and this book aims to disperse that veil of secrecy Furthermore the work's analysis of the air force's role in counter insurgency is unprecedented within the literature on military warfare in Nigeria This book will be of great interest to students of military studies counter insurgency counter terrorism African politics and security studies in general      **The Kurds of Northern Syria** Harriet Allsopp, Wladimir van Wilgenburg, 2019-08-08 Based
