Any Other Name The Split Worlds Series:

Any Other Name Emma Newman, 2016-02-21 Second in the series that weaves magic mystery and parallel worlds together with ease Adam Christopher author of the official Stranger Things tie in novels Thought provoking wonderfully inventive and filled with treachery and mystery the soaring second book in the Split Worlds Series pulls Cathy Will Max and Sam deeper into the twisted world of Fae touched society Cathy has been reluctantly married into the Iris family and moves to Londinium the magical Nether reflection of London setting her on a collision course with the restrictive high pressure social circles that demand propriety and obedience things the vocal and free spirited Cathy cannot abide Will meanwhile is trying to find a compromise for his new bride but whispers in his ear are urging him towards dark deeds Sam determined to dive back into the world of Exilium to rescue innocents crosses paths with Cathy and Max once again as Max and the gargoyle uncover more information about the mysterious Agency and the chain of events that wiped out the Bath Chapter Sacrifices terrible deals and dreadful revelations mark this second installment of Emma Newman's wondrous Split Worlds series Praise for the Split Worlds series JK Rowling meets Georgette Heyer The Guardian Emma Newman has built a modern fantasy world with such lan and authority her ideas of why and how the seemingly irrational world of Fairy works should be stolen by every other writer in the field Bill Willingham Eisner Award winning author of Fables Learning to be a young lady has never seemed so dangerous Mary Robinette Kowal Hugo and Nebula Award winning author of the Lady Astronaut series

A Split Worlds Omnibus Emma Newman, 2018-07-09 Now in one volume the first three novels in the urban fantasy series that playfully mixes magic and interesting characters into an intriguing mystery Kirkus Reviews Between Mundanus the world of humans and Exilium the world of the Fae lies the Nether a mirror world where the social structure of 19th century England is preserved by Fae touched families who remain loyal to their ageless masters Born into this world is Catherine Rhoas Papaver who escapes it all to live a normal life in Mundanus free from her parents and the strictures of Fae touched society But now she's being dragged back to face an arranged marriage along with all the high society trappings it entails Crossing paths with Cathy is Max an Arbiter of the Split Worlds treaty with a dislocated soul who polices the boundaries between the worlds keeping innocents safe from the Fae After a spree of kidnappings and the murder of his fellow Arbiters Max is forced to enlist Cathy's help in unravelling a high profile disappearance within the Nether Getting involved in the machinations of the Fae however may prove fatal to all involved The Split Worlds Omnibus spanning Between Two Thorns Any Other Name and All Is Fair presents the intricately plotted and delightfully suspenseful world Emma Newman has crafted Praise for the Split Worlds series JK Rowling meets Georgette Heyer Newman renders the Split Worlds with verve and an infectious sense of fun and presents in Cathy a strong and personable heroine The Guardian Learning to be a young lady has never seemed so dangerous Mary Robinette Kowal Hugo and Nebula Award winning author of the Lady Astronaut series

Between Two Thorns Emma Newman, 2016-03-20 JK Rowling meets Georgette Heyer in this series

debut a scintillating fusion of urban fantasy and court intrigue from the Hugo Award winning author The Guardian Between Mundanus the world of humans and Exilium the world of the Fae lies the Nether a mirror world where the social structure of 19th century England is preserved by Fae touched families who remain loyal to their ageless masters Born into this world is Catherine Rhoeas Papaver who escapes it all to live a normal life in Mundanus free from her parents and the strictures of Fae touched society But now she s being dragged back to face an arranged marriage along with all the high society trappings it entails Crossing paths with Cathy is Max an Arbiter of the Split Worlds treaty with a dislocated soul who polices the boundaries between the worlds keeping innocents safe from the Fae After a spree of kidnappings and the murder of his fellow Arbiters Max is forced to enlist Cathy s help in unravelling a high profile disappearance within the Nether Getting involved in the machinations of the Fae however may prove fatal to all involved Between Two Thorns shows the darkness beneath the glamour of the social Season Learning to be a young lady has never seemed so dangerous Mary Robinette Kowal Hugo and Nebula Award winning author of the Lady Astronaut series Emma Newman has built a modern fantasy world with such lan and authority her ideas of why and how the seemingly irrational world of Fairy works should be stolen by every other writer in the field This book of wonders is first rate Bill Willingham Eisner Award winning author of Fables All Is Fair Emma Newman,2016-02-21 Third in the series that s an intriguing mix of modern world Victorian Regency England and faery from the Hugo Award winning author of Any Other Name Locus Caught in the insidious designs of powerful puppet masters and playing a life or death game for control Cathy and her comrades face their greatest challenge yet changing the balance of power in the Split Worlds Now at the heart of the Londinium Court deceit and murder track Will s steps as he assumes his new role as Duke Faced with threats to his throne and his life the consequences of his bloody actions are already coming back to haunt him Meanwhile Cathy wrestling with the constraints of the Agency and Dame Iris comes to terms with her new status in Fae touched society and seeks others who feel just as restricted by its outdated social rules As Max works with Cathy to uncover the horrors that underpin the culture he bears witness as the final blow is struck against the last Sorcerers in Albion Put as simply as I can manage this book is wonderful Everything is bigger better more spectacular but at the same time the character development that I d hoped for is given and it s given incredibly well Over the Effing Rainbow There s lots of action in this one but there s still all of the court intrigue and wonderful characterization that I ve come to expect from the series and a few very important threads are wrapped up Don t worry though the ending leaves plenty of hints of things to come and I can t wait My Bookish Ways David H. Martinez,2000-09-01 A handy reference covering nearly 800 of baseball s most important yarns stats and stories everything a fan needs to know *A Holmes by Any Other Name* Bill Mason,2019-01-09 Sherlock Holmes is one of the most recognizable and most parodied names in western literature Bill Mason BSI collects and annotates these parody names from the first one that appeared in 1891 to the present day As Mason says in his introduction One of the great aspects of Sherlock Holmes is the fact that just as the character himself is subject to

endless variation so is his name Ellery Queen noted that the name itself is particularly susceptible to the twistings and misshapenings of burlesque minded authors Surely Arthur Conan Doyle who struggled a little with what he was going to call his detective hero could not have known just how perfect the name he finally selected Sherlock Holmes would be for parody for rhyme for the transposing of letters and sounds for the substitution of suggestive words in the name of a comic character Mason's listings are an invaluable resource for the Holmesian scholar researcher or for those interested in whiling away a few hours with a delightful and chuckle inspiring volume

Art World, 1917 Art World Fred Wellington Ruckstuhl, 1917 *The Major League Baseball Ultimate Book of Records* Major League Baseball, 2013-10-15 Since the first pitch was thrown MLB has tracked the performance of every team and player documented every hit and measured every home run And while some plays are part of the everyday game there are moments in baseball when a player's performance reaches a new level of greatness and new records are made The Major League Baseball Ultimate Book of Records catalogs the game's most remarkable achievements as well as some of the less traditional and quirky stats that all play a part in the game MLB's team of in house writers researchers and historians have scoured the history of the game and written the most accurate complete and definitive record of baseball stats and achievements Major League Baseball Ultimate Book of Records documents the absolute best of the best and packs each achievement into this lavishly illustrated book where fans will be treated to never before seen photographs of their favourite players Double page spreads will show Henderson racing to second base to claim the stolen base record while another full color spread celebrates Bond's crushing hit that set a new threshold for most home runs All the records are here each with an account of events and spectacular photographs that make this truly the most spectacular baseball book ever published

The Lost World of DeMille John Kobal, 2019-10-25 Longlisted for the 2020 Moving Image Book Award by the Kraszna Krausz Foundation As only an accomplished author consummate collector and savvy insider can John Kobal tells the story of the man who invented Hollywood Cecil Blount DeMille 1881-1959 Kobal narrates the story of DeMille's life and follows the director's career from his first film *The Squaw Man* in 1914 through the seventy films he directed culminating with *The Ten Commandments* in 1956 before his death in 1959 Even that first film received an

enthusiastic response from the public and that popular enthusiasm would follow DeMille throughout his career DeMille got his start by observing a film being shot once standing for hours on a box looking through a window watching every move made by the director players and cameraman From that humble beginning he soon mastered the craft of directing and created one of show business s greatest careers Autocrat and artist DeMille immersed himself totally in each picture he directed and demanded complete fealty from his casts and crews DeMille was said to know more about what the American public wanted than anyone else in Hollywood He pushed the boundaries of censorship and audiences responded by forming long lines at the box office From the American West to ancient Egypt he created such magical films as The Crusades and The Greatest Show on Earth that brought vividly to life fantasies perfectly suited to post World War I and mid century America Kobal describes DeMille s impact on Hollywood as a director and showman He argues that this master filmmaker stands for something largely lost in American filmmaking a sort of na ve generous big thinking self confidence a belief that all things are possible John Kobal wrote over thirty books on film and photography His final manuscript The Lost World of DeMille was completed shortly before his death in 1991 It is published at last by University Press of Mississippi A Course in Miracles Workbook Course in Miracles Society,2006 The Workbook and Manual Pocket Edition contains the unabridged language of A Course in Miracles Original Edition taken from the original manuscript for this great spiritual classic It is designed to go anywhere and handle rough treatment of daily use **Lumber World Review** ,1918 Engineering World ,1920

Sunbirds of the World Robert A. Cheke,Clive F. Mann,2025-06-12 This is a gorgeous book about some of the world s most gorgeous birds JARED DIAMOND Sunbirds are among the most striking of all bird groups their dazzling iridescent plumage and long curved bills are conspicuous when the birds visit garden flowers on sunny days to feed on nectar Some species especially the females are duller in appearance and harder to spot feeding mostly on insects high up in forest canopies Spiderhunters as their name suggests feed extensively on spiders while sunbirds other close relatives the flowerpeckers are especially partial to mistletoe berries This book is the last word on sunbird identification ecology and behaviour Now in its second edition it has been fully revised and updated to reflect the many developments that have occurred in sunbird taxonomy as well as the new research that has been published on their biology It covers all 218 currently recognised species providing details of key identification features voice habitat distribution conservation status movements food and behaviour New colour art by award winning artist Richard Allen has been added and hundreds of high quality colour photographs beautifully capture every species Maps accurately depict geographical distributions of each taxon to subspecies level This beautiful book is the definitive reference to the sunbirds flowerpeckers spiderhunters and sugarbirds of the world and is essential reading for researchers birders and conservationists alike Innovative Stigma and Discrimination Reduction Programs Across the World Alicia Nordstrom,Wind Goodfriend,2021-10-28 Offering practical stigma and discrimination reduction programs in a range of domains including mental health disability ethnicity and sexuality this book is the answer to

What can we do to improve interpersonal relationships by reducing societal stigma towards social groups that are prime targets of prejudice In this volume researchers from four continents share empirically supported stigma reduction programs that capitalize on creativity and psychological science The programs capture a range of populations including high school and college students healthcare providers war survivors sexual assault survivors business professionals and community members With a focus on controversial topics in society today including racism sexism ageism ableism and classism as well as stigma of mental health and body image innovative and unexpected methods of interventions are brought to life in the collected chapters from world leading experts The applications of theater game playing text messaging and social media as well as new formulations of educational workshops and communication strategies shed new perspectives on how all of us can use accessible tools to make positive and productive changes on societal attitudes This is an essential reading for professionals academics and students of psychology business HR mental health counseling and social work especially those interested in stigma reduction **Interior** ,1922 **Continent** ,1922 *Conifers of the World* James E.

Eckenwalder,2009-11-14 Researched for more than three decades this definitive work provides up to date descriptions of all the true conifers of the world including 545 species of trees and shrubs Written for accessibility to both horticultural and botanical audiences it is the first comprehensive update of conifer taxonomy in nearly a century Noted conifer taxonomist James E Eckenwalder also discusses the relationships among the groups practical usages champion trees fossil occurrences and biology New identification guides for the families and genera are based whenever possible on foliage features and thus should be easier to use than traditional conifer keys which focus on seasonal and often microscopic cone characters Eckenwalder shares the reasoning behind his taxonomic decisions many of which are unique to this book reflecting a comprehensive reevaluation of conifer classification He also outlines the features sought in cultivars of each genus particular cultivation concerns and conifers recommended for cultivation under various conditions and to achieve different effects Some 3 000 cultivars have been available in recent times more than five times the total number of conifer species Several hundred original illustrations include drawings of the seed cones for all genera as well as for representative species Maps of the natural distribution of each genus allow for easy comparison of ranges Handsome black and white photographs of species in their natural habitats and attractive color photos further enrich the volume More than 100 images reproduce foliage of many genera as an aid in identification With its unprecedented attention to detail and extensive bibliography this major work is an essential reference for botanists naturalists and horticulturists New York World Champions 1933 Robert Long,2003 New York World Champions 1933 uses ink drawings of the entire New York Giants team done by the author Robert Long has also included World Series opponents star players of that era and Giant players he wishes he had known The author gives a description of his life and love of baseball
