**Scrapbook Piecing with Marina du Plessis** 3 Marina du Plessis,2012-10-18 Scrapbooking aficionados keep coming back for more from Marina du Plessis And it s little wonder because she knows exactly what scrapbookers want In this her third collection she offers more cost effective projects that revolve around her versatile and internationally unique three dimensional figurines created mostly with paper and imagination So even if you have less disposable income to devote to your favourite craft than before Marina s templates for the figurines and lettering and other elements will see you happily scrapping in an affordable manner Best of all you can replicate the projects as is or you can mix and match vary and choose to create your own personalised layouts Included in the templates are figurines frames letters titles tags envelopes and other decorative elements The 40 themes ensure that there is something suitable for girls and boys of all ages and cover birthdays festivals and special events weddings memories pets and simply good times Accompanied by full colour photographs instructions are clear and easy to understand for both advanced and beginner scrappers      *American Perspectives on Learning Communities and Opportunities in the Maker Movement* Barker, Bradley S.,2019-01-11 The maker movement culture emphasizes informal peer led and shared learning while driving innovation Even though some experts view the maker movement as a move backward to pre industrial revolution manufacturing the purpose of making is not to have an abundance

of tools in one space rather it is about helping participants create personally meaningful projects with the help of mentors experts and peers in ad hoc learning communities American Perspectives on Learning Communities and Opportunities in the Maker Movement is an essential reference source that discusses the maker movement in the United States artisanal perspectives and the learning through doing perspective Featuring research on topics such as educational spaces management creativity labs makerspaces and operating procedures this book is ideally designed for entrepreneurs artisans academicians researchers manufacturing professionals and students

### **100 Ideas for Secondary Teachers: Revision**

John Mitchell, 2016-01-28 No matter what you teach there is a 100 Ideas title for you The 100 Ideas series offers teachers practical easy to implement strategies and activities for the classroom Each author is an expert in their field and is passionate about sharing best practice with their peers Each title includes at least ten additional extra creative Bonus Ideas that won't fail to inspire and engage all learners \_\_\_\_\_ The word revision can strike fear into the heart of teachers and students alike The exam cycle in today's modern education system can feel relentless resulting in students suffering from information overload and exam fatigue But it doesn't have to be like this John Mitchell strongly believes that revision can be an opportunity to deepen students understanding of a topic in an innovative collaborative and fun way you just need to think outside the box In this brilliant book John Mitchell offers a diverse range of activities games tips and tricks that teachers can use in the classroom to help guide students through this stressful period By combining theory with strategies tried and tested in the classroom it will help teachers to create a culture where students are encouraged to review and reinforce their learning This consistent approach means that revision becomes an everyday process rather than one that is just used in the run up to exams From adaptations of well known games such as Connect Four and Runaround to brand new activities there are ideas that are suitable for very learning style and subject All of this will help you to prepare students for exams effectively alleviate stress and reintroduce fun into your revision sessions

Popular Mechanics, 1986-05 Popular Mechanics inspires instructs and influences readers to help them master the modern world Whether it's practical DIY home improvement tips gadgets and digital technology information on the newest cars or the latest breakthroughs in science PM is the ultimate guide to our high tech lifestyle

### **Paper Houses**

Roger Sheppard, Richard Threadgill, John Holmes, 1974
