*Republic of Lithuania: 2021 Article IV Consultation-Press Release; Staff Report; and Statement by the Executive Director for the Republic of Lithuania* International Monetary Fund. European Dept.,2021-09 With a demonstrated resilience to the crisis and the recovery gaining strength macroeconomic policies should aim at preserving stability and complementing structural reforms that address long standing challenges A medium term plan to rebuild buffers support potential growth and target pockets of vulnerability would help address pre existing disparities and

poverty Sustained productivity growth supported by the implementation of politically difficult but needed structural reforms is the only way to support high wage growth and convergence with Western Europe Failure to do so could jeopardize Lithuania's hard earned competitiveness gains *Republic of Lithuania* International Monetary, International Monetary Fund. European Dept., 2023-09-05 The strong post pandemic recovery led to demand driven inflationary pressures Supply side bottlenecks and large increases in commodity prices after Russia's invasion of Ukraine compounded these pressures and resulted in high and persistent inflation The negative impact on disposable income higher interest rates and weaker external demand have led to a deterioration of economic activity If high inflation becomes entrenched it will erode competitiveness and slow the successful convergence process The financial system has ample liquidity and capital buffers to address the weakening economic cycle Higher interest rates have boosted banks profitability but they also bring significant risks
