**Coastwise and Fisheries Trade** United States. Congress. House. Committee on Merchant Marine and Fisheries. Subcommittee on Merchant Marine,1988      **The Golden Age of Offshore Yacht Racing** Dick Carter,Sandy Weld,2025-07-01 This bundle of two books tells of the life designs and success of yacht designer and skipper Dick Carter from his own perspective and that of one of his crew Sandy Weld Not many amateur yacht designers would dare to enter the first boat they had ever designed into the epic offshore Fastnet Race let alone with the intention of winning it But that is what Dick Carter did in 1964 beating all 151 other yachts some sailed by the most notable sailors of the day He repeated the feat 4 years later with another of his own designs which also won the Admiral s Cup that year as top boat and top team but by then he could certainly not be described as an amateur yacht designer His radical innovations created fast and comfortable boats which were much in demand in this the golden age of offshore racing They were commissioned by the top sailors and succeeded in winning the Admiral s Cup Southern Cross Series One Ton Cup Two Ton Cup and many of the biggest races Racing with Dick in these years was Sandy Weld who helped launch tune and race the boats Dick skippered Sandy s account depicts the intense competition of crews dedicated to winning and the camaraderie and enthusiasm of those who participate in this demanding sport It is an appreciation of Dick Carter s designs and his skill as a skipper But after just a decade at the top of his game Dick Carter quit the world of sailing and moved on to other challenges He hadn t been heard of for so long that sailors assumed he was dead His surprise appearance at the funeral of Ted Hood gave rise to the suggestion that he wrote his autobiography While his career as a yacht designer may have been brief the impact of his innovations has lasted the test of time Who today would think of an offshore yacht without internal halyards in the mast or that the rudder always had to be fixed to the keel These concepts and many more were first introduced by Dick Carter

*Away All Boats* John Cole,2014-01-07 High spirited and passionate at once a useful guide and a record of an extended love affair with small boats *Away All Boats* is a blending of sparkling waterlands and vivid memories Author of *Striper* and *Fishing Came First* John N Cole takes readers from the dangers of haul seining for striped bass that challenge a wooden dory s limits in the surf to the excitement of searching the flats of the Florida Keys for tarpon and other game fish aboard a shall draft high tech craft perfectly matched to the task Evocative of nature s miracles and realities and the foibles of men who go down to the sea in ships the writing is dry and witty tender and perceptive Alongside the hard facts and opinions about the selection refitting maintenance and use of small boats is a series of wonderful stories about the author s explorations as a bayman and fisherman in the waters of

eastern Long Island Maine and the Florida Keys Each boat described serves to introduce a key chapter in the author s life and his taste for adventure John Cole s first love is the skiff rowboat dory or sharpie any relatively stable wooden boat that can be easily and efficiently rowed but the author also takes on larger craft powered by the internal combustion engine to indicate that every boat is designed to perform a limited family of functions The trick as we learn in these robust pages is to find the boat you need not always the boat you want and Cole offers practical advice on how to go about it The surprise is that a good boat doesn t have to be expensive some are even gifts from the sea As to basic equipment the author keeps the advice simple a compass charts a tachometer an ammeter an understanding of local winds and tides and with luck an informed weather eye to minimize risks in open water
