Turner,2018-04-17 In this definitive history of the evolution of the Communist Party in America from its early background through its founding in 1919 to its emergence as a legal entity in the 1920s Theodore Draper traces the native and foreign strains that comprised the party He emphasizes its shifting policies and secrets as well as its open activities He makes clear how the party in its infancy was transformed from a new expression of American radicalism to the American appendage of a Russian revolutionary power a fact that Draper develops in his succeeding volume American Communism and Soviet Russia In his special prescient way Theodore Draper himself had the final words on American Communism It is like a museum of radical politics In its various stages it has virtually been all things to all men There are many ways of trying to understand such a movement but the first task is historical In some respects there is no other way to understand it or at least to avoid seriously misunderstanding it Every other approach tends to be static one sided or unbalanced Draper correctly notes that the formative period of the American

Communist movement has remained a largely untold and even unknown story In part the reasons for this are that the Communist movement although a child of the West grew to power in the Soviet East But Draper rescues this chapter with deep appreciation for the fact that communism was not something that happened just in Russia but also in the United States This is a must read for scholars and laypersons alike This volume is conceived as an independent and self contained study of the American Communist movement Draper correctly notes that the formative period is largely untold and even unknown In part the reasons for this are that the Communist movement although a child of the West grew to power in the Soviet East Draper appreciates the fact that communism was not something that happened only in Russia but also took place in the United States That experience is the focus of this volume **American Sugar Industry** ,1912 American Sugar Industry and Beet Sugar Gazette ,1911 **Investigation of Un-American Propaganda Activities in the United States** United States.
