Minority Religions and Fraud Amanda van Eck Duymaer van Twist, 2016-04-22 Analysing both fraud and religion as social constructs with different functions and meanings attributed to them this book raises issues that are central to debates about the limits of religious toleration in diverse societies and the possible harm as well as benefits that religious organisations can visit upon society and individuals There has already been a lively debate concerning the structural context in which abuse especially sexual abuse can be perpetrated within religion Contributors to the volume proceed from the premise that similar arguments about ways in which structure and power may be conducive to abuse can be made about fraud and deception Both can contribute to abuse yet they are often less easily demonstrated and proven hence less easily prosecuted With a focus on minority religions the book offers a comparative overview of the concept of religious fraud by bringing together analyses of different types of fraud or deception financial bio medical emotional breach of trust and consent Contributors examine whether fraud is necessarily intentional or whether that is in the eye of the beholder certain structures may be more conducive to fraud followers willingly participate in it The volume includes some chapters focused on non Western beliefs Juju Occult Economies Dharma Lineage which have travelled to the West and can be found in North American and European metropolitan areas

another part of the world is simply considered lunch Part travelogue part cultural commentary and history and part cookbook yes really with Extreme Cuisine anyone can become an adventurous eater or at least learn what it s like to be one Chapters include Mammals Reptiles Water Creatures Birds Insects Spiders Scorpions Plants Leftovers **The Colony** Sally Denton,2022-06-28 A Publishers Weekly Summer Reads Selection The Colony is one of the most gripping and disturbing true stories I ve ever come across Douglas Preston An investigation into the November 2019 killings of nine women and children in Northern Mexico an event that drew international attention The Colony examines the strange little understood world of a polygamist Mormon outpost On the morning of November 4 2019 an unassuming caravan of women and children was ambushed by masked gunmen on a desolate stretch of road in northern Mexico controlled by the Sinaloa drug cartel Firing semi automatic weapons the attackers killed nine people and gravely injured five more The victims were members of the LeBaron and La Mora communities fundamentalist Mormons whose forebears broke from the LDS Church and settled in Mexico when their religion outlawed polygamy in the late nineteenth century The massacre produced international headlines for weeks and prompted President Donald Trump to threaten to send in the US Army In The Colony bestselling investigative journalist Sally Denton picks up where the initial incomplete reporting on the attacks ended and delves into the complex story of the LeBaron clan Their homestead Colonia LeBaron is a portal into the past a place that offers a glimpse of life within a polygamous community on an arid and dangerous frontier in the mid 1800s though with smartphones and machine guns Rooting her narrative in written sources as well as interviews with anonymous women from LeBaron itself Denton unfolds an epic disturbing tale that spans the first polygamist emigrations to Mexico through the LeBarons internal blood feud in the 1970s started by Ervil LeBaron known as the Mormon Manson and up to the family s recent alliance with the NXIVM sex cult whose now imprisoned leader Keith Raniere may have based his practices on the society he witnessed in Colonia LeBaron The LeBarons tense but peaceful interactions with Sinaloa deteriorated in the years leading up to the ambush LeBaron patriarchs believed they were deliberately targeted by the cartel Others suspected that local farmers had carried out the attacks in response to the LeBarons seizure of water rights for their massive pecan orchards As Denton approaches answers to who committed the murders and why The Colony transforms into something more than a crime story A descendant of polygamist Mormons herself Denton explores what drove so many women over generations to join or remain in a community based on male supremacy and female servitude Then and now these women of Zion found themselves in an isolated desert navigating the often mysterious complications of plural marriage and supported Denton shows only by one another A mesmerizing feat of investigative journalism The Colony doubles as an unforgettable account of sisterhood that can flourish in polygamist communities against the odds [Selling the Dream](#) Jane Marie,2024-03-12 Peabody and Emmy Award winning journalist Jane Marie expands on her popular podcast The Dream to expose the scourge of multilevel marketing schemes and how they have profited off the evisceration of the American working class We ve all heard of Amway Mary Kay Tupperware

and LuLaRoe but few know the nefarious way they and countless other multilevel marketing MLM companies prey on desperate Americans struggling to make ends meet When factories close stalwart industries shutter and blue collar opportunities evaporate MLMs are there ready to pounce on the crumbling American Dream MLMs thrive in rural areas and on military bases targeting women with promises of being their own boss and millions of dollars in easy income even at the risk of their entire life savings But the vast majority 99 7% of those who join an MLM make no money or lose money and wind up stuck with inventory they can't sell to recoup their losses Selling the Dream is an urgent and riveting expos Publishers Weekly starred review that reveals how these companies often owned by political and corporate elites such as the DeVos and the Van Andel families have made a windfall in profit off of the desperation of the American working class **Forbes** ,1985

International Directory of Company Histories Tina Grant,Thomas Derdak,1997 This reference text provides detailed information on the world's 2000 largest and most influential companies Each entry contains details such as company's legal name mailing address ownership sales and market value stock index and principal subsidiaries Each two to four page entry is detailed with facts gathered from popular magazines academic periodicals books annual reports and the archives of the companies themselves Information is also provided about founders expansions and losses and labour management actions Entries are arranged alphabetically by industry name and there is an index to companies and personal names *Press Summary - Illinois Information Service* Illinois Information Service,2000-10-02 **U.S. News & World Report** ,1984 An American Fraud Kay Burningham,2011-07 AN AMERICAN FRAUD One Lawyer's Case against Mormonism Each of us has to face the matter either the Church is true or it is a fraud There is no middle ground It is the Church and kingdom of God or it is nothing LDS President Gordon B Hinckley April Conference 2003 Many Mormons assume that this and other similar proclamations by Mormon Leaders are rhetorical statements But what if the LDS leaders meant something else It is estimated that more than 1 1 5 million Mormons have resigned from the LDS Church since 1995 This book exposes why there is such a recent formal abandonment of Mormonism by in many cases previously devout members of the Church Admittedly the LDS Church stands or falls on the divinity of The Book of Mormon However it has been proven that The Book of Mormon is not a translation of ancient American history engraved in reformed Egyptian on golden plates buried by an early American prophet Instead it has been shown to be a 19th century work of fiction authored by Joseph Smith and perhaps others Until the advent of widespread internet access most members of the Church of Jesus Christ of Latter day Saints the Mormons rarely read outside the strictly proscribed canonized scriptures books and magazines approved by Church leaders But over the past 10 15 years Mormons have begun to discover facts about LDS history that had only previously been known to very few mainly scholarly historians of Mormonism Through the discovery of these primary historical sources now available on numerous internet sites most intelligent and curious Mormons have reached a critical point and are furious If they read they have become disaffected and disoriented Many are experiencing existential crises Those who refuse to look outside Mormon

Society for Truth have become increasingly self righteous and insular Older Mormons are confused and frightened The first third of An American Fraud One Lawyer s Case against Mormonism chronicles the Author s journey out of the Religion The second two thirds of the Book the last six chapters are an expose including an analysis under the law The Author an experienced civil trial attorney places the activities of Mormon Leaders over almost two centuries in their proper legal framework analyzing not only the misrepresentations but the resulting damages political environmental and especially psycho social Ms Burningham writes that a determination of whether Mormon Leaders have historically misrepresented the origins of LDS theology does not involve a judicial evaluation of the truth of religious beliefs and is therefore not beyond the reach of the American legal system it is not constitutionally barred The issue is not whether Jesus Christ is the Son of God or the efficacy of prayer These things could never be determined by a secular court of law Instead the fraud committed by generations of Mormon Leaders is that they have misrepresented the facts surrounding the source of their scriptures presenting that source as divine when they have known otherwise Neither the golden plates nor the writings by the Old Testament prophet Abraham claimed to have been inscribed on purchased Egyptian papyri ever existed Furthermore the claimed visitations by biblical apostles to restore lost priesthoods to Smith and his colleagues never occurred And yet for decades LDS leaders have at least ignored if not suppressed and grossly misrepresented what has been proven to be the true facts surrounding Mormonism s origins reworking and re packaging the founding facts and the theology as necessary Those who joined the Church or continued on in the Religion reasonably relied on LDS leaders misrepresentations to their significant detriment Given what has been proven about its sources the Author claims that the Mormon Religion cannot continue to be defended under any guise as a religious organization for the good of its members
