Grout *History of Western Music:* Outlines and Time Lines

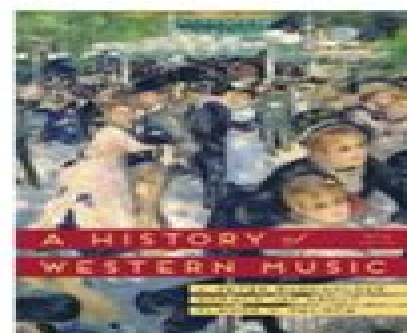

Ed. note: This material was compiled and organized by David Papandrew, in the course of his preparation for qualifying exams in music history at Harvard (which he passed). It's been on GeoCities forever, *GeoCities* is going to be closing down (October 26, 2009), and I did not want this material to be lost. I have attempted to contact David, but have not heard back from him.

Paul, 2013-04-01 American composer Charles Ives 1874-1954 has gone from being a virtual unknown to become one of the most respected and lauded composers in American music In this sweeping survey of intellectual and musical history David C Paul tells the new story of how Ives's music was shaped by shifting conceptions of American identity within and outside of musical culture charting the changes in the reception of Ives across the twentieth century and into the twenty first century Paul focuses on the critics composers performers and scholars whose contributions were most influential in shaping the

critical discourse on Ives many of them marquee names of American musical culture themselves including Henry Cowell Aaron Copland Elliott Carter and Leonard Bernstein Paul explores both how Ives positioned his music amid changing philosophical and aesthetic currents and how others interpreted his contributions to American music Although Ives's initial efforts to find a public in the early twenties attracted a few devotees the resurgence of interest in the American literary past during the thirties made a concert staple of his Concord Sonata a work dedicated to nineteenth century transcendentalist writers Paul shows how Ives was subsequently deployed as an icon of American freedom during the early Cold War period and how he came to be instigated at the head of a line of American maverick composers Paul also examines why a recent cadre of scholars has beset the composer with Gilded Age social anxieties By embedding Ives reception within the changing developments of a wide range of fields including intellectual history American studies literature musicology and American politics and society in general Charles Ives in the Mirror American Histories of an Iconic Composer greatly advances our understanding of Ives and his influence on nearly a century of American culture [An Introduction to Music and Art in the Western World](#) Milo Arlington Wold, Edmund Cykler, 1972 *So You Want to Sing Early Music* Martha Elliott, 2019-02-08 A great majority of European music written before 1750 is for voices but remains understudied and underperformed It includes music for groups of voices and solo voices with and without instruments music for the church and the theater for the court and the chamber as well as music in different languages and with different national styles In *So You Want to Sing Early Music* Martha Elliott introduces this remarkably rich and varied repertoire within a historical context for the 21st century singer Focusing on music from the 17th and early 18th centuries this book offers guidance on style and ornamentation working with vocal and instrumental colleagues reading manuscripts and edited editions of scores Elliot shares advice for how to handle the different kinds of early music performance situations in which singers might find themselves as well as where to find workshops and performance opportunities Equally helpful to the classically trained solo singer or amateur choral singer *So You Want to Sing Early Music* will allow them to broaden their repertoire and build their stylistic toolbox Additional chapters by Scott McCoy and Wendy LeBorgne address universal questions of voice science pedagogy and vocal health The *So You Want to Sing* series is produced in partnership with the National Association of Teachers of Singing Like all books in the series *So You Want to Sing Early Music* features online supplemental material on the NATS website Please visit www.nats.org to access style specific exercises audio and video files and additional resources [Fanfare for a City](#) Jacek Blaskiewicz, 2023-12-05 *Fanfare for a City* invites us to listen to the sounds of Paris during the Second Empire 1852-1870 a regime that oversaw dramatic social change in the French capital By exploring the sonic worlds of exhibitions caf s streets and markets Jacek Blaskiewicz shows how the city's musical life shaped urban narratives about le nouveau Paris a metropolis at a crossroads between its classical Roman past and its capitalist imperial future At the heart of the narrative is Baron Haussmann the engineer of imperial urbanism and the inspiration for a range of musical responses to modernity from

the enthusiastic to the nostalgic Drawing on theoretical approaches from historical musicology urban sociology and sound studies to shed light on newly surfaced archival material Fanfare for a City argues that urbanism was a driving force in how nineteenth century music was produced performed and policed *Beethoven and the Grosse Fuge* Robert S.

Kahn,2010-06-01 The Grosse Fuge composed by Ludwig van Beethoven in his late period has an involved and complicated history Written for a string quartet but published as an independent work the piece raises interesting questions about whether music without words can have meaning and invokes speculation about the composer and his frame of mind when he wrote it Kahn looks closely at the musical aesthetic philosophical and historical problems the work raises considering its history structure and development meaning and response among critics and contemporaries Kahn also studies Beethoven s difficulties with publishers and sponsors his everyday life and his character in light of recent advances in the pharmacology of depressive illness The book places both Beethoven and the Grosse Fuge in their historic and social contexts arguing that Beethoven intended the Fuge as the finale of his String Quartet Opus 130 and created a substitute finale for the quartet at his publisher s urging not because he was unhappy with the work Beethoven is examined as a freelance musician a vocation whose members were frequently excluded from society and the protection of its laws including respect for copyright Viewed in this light Beethoven s famous quirks and resentments become understandable even rational Kahn also devotes a chapter to the phenomenon of synesthesia a sense of motion through three dimensional volumes of space examining how some works of Western music can evoke synesthesia in listeners He also speculates that Beethoven s creative dry spell in his late 40s was caused by an extended bout with clinical depression Written for a general audience and including a bibliography and index this fascinating study will interest scholars and fans of classical music and Beethoven [A Guide to Library Research in Music](#)

Lucas,Laura Moore Pruett,2024-10-14 Teaching Difficult Topics

provides a series of on the ground reflections from college music instructors working in a wide variety of institutional settings about their approaches to inclusive supportive pedagogy in the music classroom Although some imagine the music classroom to be an apolitical space instructors find themselves increasingly in need of resources for incorporating issues of race and ethnicity gender and sexuality and historical trauma into their classrooms in ways that support student learning and safeguard their classroom communities The teaching reflections in Teaching Difficult Topics examine difficult themes that fall into three primary categories subjects that instructors sense to be controversial or emotionally challenging to discuss those that derive from or intersect with real world events that are difficult to process and bigger picture discussions of how music studies often focuses on dominant narratives while overlooking other perspectives Some chapters offer practical guidance lesson plans and teaching materials to enable instructors to build discussions of race gender sexuality and traumatic histories into their own classrooms others take a more global view reflecting on the importance and relevance of teaching these difficult topics and on how to respond in the music classroom when external events disrupt daily life
