Subsequently our racist attitudes and beliefs aren't necessarily conscious or intentional decisions that we made. They're usually developed as a result of our misunderstanding of racism. This book outlines and explains some of the most common aspects of the racism that we as white people develop which often go overlooked, unnoticed and misunderstood. It attempts to clarify the nuances and subtleties of our racism in easy-to-understand terms. This book attempts to bring to the forefront how attitudes and beliefs that we have as well as our position in society are racist developments that we didn't necessarily choose but now cannot deny.

A professional barber, he curries favor with the Communist regime, ultimately being invited to become Stalin's personal barber at the Kremlin where he is entitled to live in a government house with other Soviet dignitaries. In the intrigue that follows, Avraham, now known as Razan, is not only barber to Stalin but also to the many Stalin look-alikes that the paranoid dictator circulates to thwart possible assassination attempts, including one from Razan himself.

Mammoth Zachary Schomburg, 2017-09-12 The people of Pie Time are suffering from God's Finger, a mysterious plague that leaves its victims dead with a big hole through their chests. In each hole is a random consumer product. Mano, a sensitive young cigarette factory worker in love, does his part by quitting the factory to work double time as Pie Time's replacement barber and butcher and by holding the things found in the holes of the newly dead. However, the more people die, the bigger Mano becomes. XO, the power-hungry corporation bent on overtaking Pie Time and Father Mothers, the bumbling priest, have their own ideas about how to capitalize on God's Finger. By contrast and powered by honoring his own lost loves, Mano fights to resist this exploitation by teaching death to those who can't afford to survive it. As Pie Time and Mano both grow irrevocably, Mano must make a decision about how he can best fit into his own life. With a large cast of unusual characters, each struggling with their own complex and tangled relationships to death, money and love, *Mammoth* is a fabulist's tale of how we hold on and how we let go in a rapidly growing world.

The Arbogast Case Thomas Hettche, 2003-11-01 A compelling international thriller that explores the terrain between erotic love and death. On a warm September evening in 1953, Hans Arbogast, a young travelling salesman, picks up a hitchhiker, a refugee from East Germany. As dusk falls, they make passionate love in a meadow. And then she is dead, her body found nestled against blackberry brambles. Even though the evidence is inconclusive, Arbogast is tried for murder, convicted and sentenced to life imprisonment, all the while protesting his innocence. But Germany during the postwar years has no tolerance for scandal; all appeals are denied. For the next fourteen years, he grows to inhabit his cell like a second skin until finally a journalist, lawyer and forensic pathologist from East Berlin set out to reexamine the evidence and have the case reopened. Inspired by an actual criminal case that caused a

furor at the time *The Arbogast Case* elegantly weaves dramatic courtroom scenes with detailed forensic descriptions and authentic details of the grim postwar era The result is a compelling legal thriller in which erotic love and death are intimately intertwined by a young German writer whose lyrical style and utter originality have brought him renown throughout Europe and is now being published in English for the first time

Harrison Ford Virginia Luzón-Aguado, 2020-05-28 Harrison Ford is known for such iconic roles as Han Solo Indiana Jones and Rick Deckard but his career of 50 years and counting encompasses a plethora of other thought provoking roles His off screen persona has been no less intriguing Covering a wide timespan this book assesses Harrison Ford as star from the difficult Hollywood studio years where he began his blockbusters of the 1980s through to the impact of ageist culture on his artistry of recent years The author argues that Ford has generally been seen as a potent irresistible combination of tradition and modernity He is an actor who both reflects and utilises changing ideas about American masculinity in the context of Hollywood film production particular male types are revealed as much in his trademark trustworthy hero act as in his more fallible less conservative and therefore commercially riskier characters Luzon Aguado explores these particular star identities and every fluctuation in between She gives due attention to his much neglected acting abilities while examining the crucial interplay between star persona and the constraints and conventions of genre Going beyond standard accounts of Ford s production and pinpointing overlooked aspects of his work and the creation of the star through cultural artefacts like magazine interviews and advertising campaigns this book reveals the depth and dimensions of the enduring American screen legend that is Harrison Ford
