Reinterpreting a Native American Identity Eric Hannel, 2015-10-08 Reinterpreting a Native American Identity discusses the ongoing and morphing politics behind the federal government's denial of full Lumbee tribal recognition. At the core of the Lumbee struggle for federal recognition are issues of cultural authenticity, racism, misrecognition, and assimilation grounded in a longer history of colonialism. Beyond merely describing why denial has continually occurred, this book takes an American Indian Studies approach through the use of the Peoplehood Model developed by Tom Holm et al. as a way of arguing for a better and more consistent recognition process grounded in Indigenous methodology and worldview. The Peoplehood Model is juxtaposed with the Western Colonial Model, the process that describes efforts to assimilate another culture. This book centers on the four aspects of Peoplehood: language, sacred history, territory, place, and ceremonial cycle, and shows how these interrelated concepts inform the Lumbee identity and worldview vis-à-vis the federal government's longstanding refusal to fully recognize the tribe. The government's arguments derived from the Western Colonial Model are countered and challenged by Lumbee-centered knowledge and history regarding identity within a syncretistic system of survival as an Indigenous group. This study illustrates that the tribe's indigenous language has not been fully lost to assimilation as the federal government argues, but that Lumbee English is marked by linguistic adaptation which retains a Native American worldview in use and meaning. It further demonstrates that the Lumbee have maintained a sacred history and revere their homeland as the promised land, contrary to the position periodically espoused by the federal government. Lastly, this book argues that the system used to restrict Native American religion harkens back to Roman Law adopted through the writings of Thomas Aquinas, later synthesized by Dominican theologian Francisco de Victoria, and eventually elevated to papal hierocratic ideology adopted by many colonizing countries. While Lumbee religion is Christian-centric, it is also intertwined with Indigenous spiritual and healing practices which are not subsumed by Christianity but are placed as equally valid within a spiritual system.

T&T Clark Handbook of Asian American Biblical Hermeneutics Uriah Y. Kim, Seung Ai Yang, 2019-05-30 The first reference resource on how Asian Americans are currently reading and interpreting the Bible, this volume also serves a valuable role in both developing and disseminating what can be termed as Asian American biblical hermeneutics. The volume works from the important background that Asian Americans are the fastest growing ethnic racial minority population in the USA and that 42% of this group identifies as Christian. This provides a useful starting point from which to examine what may be distinctive about Asian American approaches to the Bible. Part 1 of the Handbook describes

six major ethnic groups that make up 85% of Asian population by country of origin China Philippines Indian Subcontinent Vietnam Korea Japan and outlines the specific concerns each group has when its members read the Bible Part 2 of the Handbook examines major critical methods in biblical interpretation and suggests adjustments that may be helpful for Asian Americans to make when they are interpreting the Bible Finally Part 3 provides 25 interpretations by Asian American biblical scholars on specific texts in the Bible using what they consider to be Asian American hermeneutics Taken together the Handbook interprets the Bible both with and for the Asian American communities A Pictorial and Descriptive Guide to London and Its Environs ,1907 A Pictorial and Descriptive Guide to London and Its Environs Ward, Lock and Company, Ltd,1907 **A Pictorial and Descriptive Guide to London** ,1908 **Pamphlets on Biology** ,1920 *Teaching World History: A Resource Book* Heidi Roupp,2015-03-04 A resource book for teachers of world history at all levels The text contains individual sections on art gender religion philosophy literature trade and technology Lesson plans reading and multi media recommendations and suggestions for classroom activities are also provided *Official Master Register of Bicentennial Activities.
