Office of Public Communication,1976-02      **The Metaphysical Theory of Egalitarian Economics** Jo M. Sekimonyo,2018-11-18 What is the catalyzer of the ballooning the social economic and social gap between the gang of robber barons and captains of industry and the rest By the end of the twentieth century every social commerce and trade and political constructs underwent more than rhinoplasties in a desperate effort to escape responsibility A global system underlying the extremely unequal distribution of wealth and power has kept the profane views of the laboring class and hierarchical arrangements between commerce and trade actors the same Conspiracy rules and success myths do work Every existing doctrine compresses the ambiance of the love affair with untamable disillusion Thanks to capitalism as the story goes poor white women and children as humans was recognized Somehow everyone else also found their way through the golden age of self enslavement into the human centipede We have all metamorphosed into efficient slaves      *Rethinking American Music* Tara Browner,Thomas Riis,2019-03-16 In *Rethinking American Music* Tara Browner and Thomas L Riis curate essays that offer an eclectic survey of current music scholarship Ranging from Tin Pan Alley to Thelonious Monk to hip hop the contributors go beyond repertory and biography to explore four critical yet overlooked areas the impact of performance patronage s role in creating music and finding a place to play it personal identity and the ways cultural and ethnographic circumstances determine the music that emerges from the creative process Many of the articles also look at how a piece of music becomes initially popular and then exerts a lasting influence in the larger global culture The result is an insightful state of the field examination that doubles as an engaging short course on our complex multifaceted musical heritage Contributors Karen Ahlquist Amy C Beal Mark Clagu Esther R Crookshank Todd Decker Jennifer DeLapp Birkett Joshua S Duchan Mark Katz Jeffrey Magee Sterling E Murray Guthrie P Ramsey Jr David Warren Steel Jeffrey Taylor and Mark Tucker      **Cast away : for these reasons** Jo M. Sekimonyo,2018-04-14 Do we need an Economic Jihad What can you say about the boring cock fights between Capitalism deities of our time You should be as disgusted as I am of these clown shows that chip away the substance of economic disparity dialogues I have left to the class of economist sloppy cerebral sloths to tiptoeing around of serious issues Instead you the reader and I will be swimming against the torrent current Chapter one through six are exhibits of the case against the current status quo Capitalism And if I see you on the other side of chapter seven please hold my hand tightly from chapter eight through ten Take your time to digest chapter eleven and get yourself prepared for a big slap to your face On the closing argument chapter twelve follows through James Tobin s recommendation Good papers in economics contain surprises and stimulate further work *Fifty Five Shades of Political Economy* What demon possessed me to write this book Well after walking by giving my spare change to people blinded and asphyxiated by misery in every country I have been lucky or cursed to travel to I asked myself repeatedly what else can I do I

was tired of capitalist guardians buffoonery angry of the so called Karl Mark reincarnation ineptness and tired of waiting for a superhero I wrote this book to awake the general public consciousness and put out there a thought provoking solution to the global socio economic plight Stories about inequality have been told on and on Nevertheless I decided to stir the debate onto a new path let s hope that I succeed This book is for everyone who is fed up by the status quo and has been let down by the lumpenintellectuals Let me first reassure most people who could be intimidated to pick up my book once they hear that it is a political economic book it is easier to answer the question of what my book is not about There s no math nor graphs I left it to the economic druids the need of inflating their egos and any smart asses who bamboozle the world with crazy theories that do not stand the test of real life My book is a case against the social economic status quo a roller coaster ride through a volcanic ash cloud for all of us who have been busted bruised and despondent from the current dominant form of economy capitalism And then I hold the reader s hand into the new 21st century paradigm that changes everything And right at the end I provide a real rabble rousing solution I can expect that the only challenge in this book is the new terminology and concepts that I introduce to the readers that they have to adjust to such as Ethosism Translator Jo M Sekimonyo PUBLISHER TEKTIME
