The Globalization of Corporate Media Hegemony Lee Artz, Yahya R. Kamalipour, 2012-02-01 When commercial media practices are insinuated into local cultures existing cultural and media practices are often displaced and social inequalities are exacerbated sometimes with the consent of consumers but frequently confronting organized proponents The Globalization of Corporate Media Hegemony provides case studies from five continents from government promoted telecommunications programs and technologies in Canada and Britain MTV Asia s call in request lines and the pan Latin ideology of a Mexican television variety show to Islamic pop radio in Turkey commercial radio in Africa a Millionaire game show in India and Hollywood s muted influence on Korean cinema among others Each case offers new insight into the particulars of an expanding corporate hegemony and together they invite the conversation on media globalization to consider the dynamics of class conflict and negotiation as an analytical perspective having prescriptive potential

McClellan's War Ethan S. Rafuse, 2011-11-23 An important book that rescues George B McClellan s military reputation Chronicles Bold brash and full of ambition George Brinton McClellan seemed destined for greatness when he assumed command of all the Union armies before he was 35 It was not to be Ultimately deemed a failure on the battlefield by Abraham Lincoln he was finally dismissed from command following the bloody battle of Antietam To better understand this fascinating however flawed character Ethan S Rafuse considers the broad and complicated political climate of the earlier 19th Century Rather than blaming McClellan for the Union s military losses Rafuse attempts to understand his political thinking as it affected his wartime strategy As a result Rafuse sheds light not only on McClellan s conduct on the battlefields of 1861 62 but also on United States politics and culture in the years leading up to the Civil War Any historian seriously interested in the period will come away from the book with useful material and a better understanding of George B McClellan Journal of Southern History Exhaustively researched and lucidly written Rafuse has done an excellent job in giving us a different perspective on Little Mac Civil War History Rafuse s thoughtful study of Little Mac shows just how enthralling this complex and flawed individual continues to be Blue Gray magazine

Conservative Conservationist J. Brooks Flippen, 2006-09 In the history of American environmentalism Russell E Train plays a starring role Few individuals have been so influential in creating the United States environmental policies and encouraging conservation efforts around the world In this absorbing new biography J Brooks Flippen describes Train s

significance within the fascinating history of the contemporary environmental movement A lifelong Republican Train left a successful judicial career to found the African Wildlife Leadership Foundation As the problems of pollution and unrestrained growth became apparent he adopted a more ecological approach to nature and became a leader of the emerging environmental movement of the 1960s He soon headed the Conservation Foundation one of the first organizations to appreciate that humans represent only one strand in the web of life President Richard Nixon appointed Train as the initial chairman of the Council on Environmental Quality just as the country celebrated its first Earth Day There he helped craft the most important environmental legislation in U S history After three years he became administrator of the Environmental Protection Agency enforcing regulations during the Energy Crisis and much of the troubled 1970s With the election of Democrat Jimmy Carter Train returned to the private sector as head of the American affiliate of the World Wildlife Fund He found himself increasingly at odds with many Republicans as a new more ideological brand of conservatism grew and bipartisanship faded Train s Republican credentials and environmental advocacy made him a vestige of the past and in a sense a hope for the future Given complete access to the personal papers and recollections of Russell Train Flippen casts an unbiased eye on this remarkable man and the causes he has so fervently promoted Of a prominent Washington family Train has known every president from Herbert Hoover to George W Bush His life and career illustrate the political dynamics of modern environmentalism and illuminate the insider culture of Washington D C
