*In the Nation's Service* Philip Taubman,2023-01-10 The definitive biography of a distinguished public servant who as US Secretary of Labor Secretary of the Treasury and Secretary of State was pivotal in steering the great powers toward the end of the Cold War Deftly solving critical but intractable national and global problems was the leitmotif of George Pratt Shultz s life No one at the highest levels of the United States government did it better or with greater consequence in the last half of the 20th century often against withering resistance His quiet effective leadership altered the arc of history While political social and cultural dynamics have changed profoundly since Shultz served at the commanding heights of American power in the 1970s and 1980s his legacy and the lessons of his career have even greater meaning now that the Shultz brand of conservatism has been almost erased in the modern Republican Party This book from longtime New York Times Washington reporter Philip Taubman restores the modest Shultz to his central place in American history Taubman reveals Shultz s gift for forging relationships with people and then harnessing the rapport to address national and international challenges under his motto trust is the coin of the realm as well as his difficulty standing up for his principles motivated by a powerful sense of loyalty that often trapped him in inaction Based on exclusive access to Shultz s personal papers housed in a sealed archive at the Hoover Institution *In the Nation's Service* offers a remarkable insider account of the behind the scenes struggles of the statesman who played a pivotal role in unwinding the Cold War

*The Watchdog Still Barks* Beth Knobel,2018-03-27 Perhaps no other function of a free press is as important as the watchdog role its ability to monitor the work of the government It is easier for politicians to get away with abusing power wasting public funds and making poor decisions if the press is not shining its light with what is termed accountability reporting This need has become especially clear in recent

months as the American press has come under virulent direct attack for carrying out its watchdog duties Upending the traditional media narrative that watchdog accountability journalism is in a long dismaying decline The Watchdog Still Barks presents a study of how this most important form of journalism came of age in the digital era at American newspapers Although the American newspaper industry contracted significantly during the 1990s and 2000s Fordham professor and former CBS News producer Beth Knobel illustrates through empirical data how the amount of deep watchdog reporting on the newspapers studied front pages generally increased over time despite shrinking circulations low advertising revenue and pressure to produce the kind of soft news that plays well on social media Based on the first content analysis to focus specifically on accountability journalism nationally The Watchdog Still Barks examines the front pages of nine newspapers located across the United States to paint a broad portrait of how public service journalism has changed since 1991 as the advent of the Internet transformed journalism This portrait of the modern newspaper industry shows how papers of varying sizes and ownership structures around the country marshaled resources for accountability reporting despite significant financial and technological challenges The Watchdog Still Barks includes original interviews with editors who explain why they are staking their papers futures on the one thing that American newspapers still do better than any other segment of the media watchdog and investigative reporting

**Lonely Planet Florida** Lonely Planet,Adam Karlin,Kate Armstrong,Regis St Louis,Ashley Harrell,2018-01-01 Lonely Planet The world s leading travel guide publisher Lonely Planet Florida is your passport to the most relevant up to date advice on what to see and skip and what hidden discoveries await you Kayak the Everglades snorkel the coral reefs of Biscayne National park and experience Miami s mix of cultures from across the Americas all with your trusted travel companion Get to the heart of Florida and begin your journey now Inside Lonely Planet Florida Color maps and images throughout Highlights and itineraries help you tailor your trip to your personal needs and interests Insider tips to save time and money and get around like a local avoiding crowds and trouble spots Essential info at your fingertips hours of operation phone numbers websites transit tips prices Honest reviews for all budgets eating sleeping sight seeing going out shopping hidden gems that most guidebooks miss Cultural insights give you a richer more rewarding travel experience cuisine people culture history literature cinema television music architecture landscapes wildlife Covers Miami the Keys the Everglades Orlando the Atlantic Coast the Tampa Bay Area the Panhandle and more eBook Features Best viewed on tablet devices and smartphones Downloadable PDF and offline maps prevent roaming and data charges Effortlessly navigate and jump between maps and reviews Add notes to personalise your guidebook experience Seamlessly flip between pages Bookmarks and speedy search capabilities get you to key pages in a flash Embedded links to recommendations websites Zoom in maps and images Inbuilt dictionary for quick referencing The Perfect Choice Lonely Planet Florida our most comprehensive guide to Florida is perfect for both exploring top sights and taking roads less traveled About Lonely Planet Lonely Planet is a leading travel media company and the world s number one travel guidebook brand

providing both inspiring and trustworthy information for every kind of traveler since 1973 Over the past four decades we've printed over 145 million guidebooks and grown a dedicated passionate global community of travelers You'll also find our content online and in mobile apps video 14 languages nine international magazines armchair and lifestyle books ebooks and more Important Notice The digital edition of this book may not contain all of the images found in the physical edition The Rough Guide to Miami & South Florida Mark Ellwood,2008-10-01 The Rough Guide to Miami Southern Florida is the definitive guide to the ever emerging city of Miami and the hot and happening Southern Florida Covering the Cuban must sees like Little Havana the non stop party scene in South Beach and the artsy enclave of the Biscayne Corridor it also features in depth coverage of the glorious Florida Keys The only guide to this region which has a dedicated full length chapter on Fort Lauderdale The Rough Guide to Miami and South Florida is fully updated with expanded listings of restaurants accommodation and nightlife for all budgets and everything from art museums to sun drenched beaches You'll find two full colour sections that highlight Miami's eye catching architecture and Miami Vices including its trendy clubs festivals and fashion Make the most of your time with The Rough Guide to Miami Southern Florida An Ice Age Mystery Rody L. Johnson,2017-03-14 This lively and fascinating book is an intelligent examination of how scientific endeavor operates over time and how community life can be focused and energized It's also filled with portraits of colorful personalities Florida Weekly A fascinating recounting of the early discovery of a Paleolithic human and the issues that were engendered by various opposing scientific views of the validity of the discovery and its analysis Dennis Stanford coauthor of Across Atlantic Ice The Origin of America's Clovis Culture Since the site's discovery long ago the complete story of the Old Vero Site has never been told This is an informative and entertaining account of this remarkable site and its history in American archaeology Thomas D Dillehay author of The Settlement of the Americas A New Prehistory Johnson has thoroughly investigated and transformed into a very readable narrative an entire century of accumulated knowledge about the research controversy and curiosity surrounding the Old Vero archaeological site Barbara A Purdy author of Florida's People During the Last Ice Age An engaging account of the first Paleoindian site discovered in eastern North America Robert S Carr author of Digging Miami Johnson skillfully weaves a tale of prehistoric life in Florida with the 100 year search to understand that long lost world at the Vero Site Andy Hemmings Florida Atlantic University In 1916 to the shock of the scientific community and the world at large a Florida geologist discovered human remains mixed with the bones of prehistoric animals in a Vero Beach canal and proclaimed that humans had lived in North America since the Ice Age These new findings by Elias Sellards flew in the face of prevailing wisdom which held that humans first came to the continent only 6 000 years ago His claim was snubbed by the top scientists of his day he was laughed out of the state Vero's fame declined and the skull Sellards found famously known as Vero Man was lost An Ice Age Mystery tells the story of Sellards's exciting find and the controversy it sparked In the years that followed other archaeological discoveries and the rise of radiocarbon dating established that humans did arrive in North

America earlier than previously thought The skull however was never recovered and many people began to wonder What exactly had Sellards found at Vero And what else might be buried there One hundred years after the first Vero discovery construction plans threatened to cover up the legendary dig site and a band of citizens and archaeologists protested Excavations were reopened Archaeologists uncovered 14 000 year old burnt mammal bones and charcoal signs of a human presence and found further evidence to indicate a continuous human occupation of the site for several thousand years Prior to the latest excavations an etching on a bone possibly 13 000 years old was discovered that could be the oldest piece of art in America Sellards had been right all along Many questions still remain Who were these people Where did they come from And how did they get here This book draws readers into the past present and future of one of the most historic discoveries in American archaeology
