The New Domestic Automakers in the United States and Canada A.J. Jacobs, 2015-12-16 Over the past forty years state provincial and local governments in the United States and Canada have provided foreign automakers with approximately 4.80 billion in incentives in order to lure light vehicles assembly plants to their areas This has included tax abatements infrastructure construction land giveaways job training programs and other subsidies As of early 2015 ten foreign vehicle makers operated 20 light vehicles in developed North America Despite the fact that all ten of these automakers have pursued a similar pattern first exporting vehicles into the United States and Canada before launching vehicle plants in developed North America each has followed its own specific historical development path and has created its own unique growth trajectory This book provides a unique historical and qualitative review of these ten vehicle makers from their early beginnings to their export entry into the United States and or Canada through early 2015 In addition it chronicles the histories of more than a dozen former automakers and potential future foreign light motor vehicle assembly plants in the United States and Canada This includes the first foreign automaker to build its cars in the United States De Dion Bouton of France in July 1900 the early 20th Century endeavors of Fiat Mercedes and Rolls Royce and the present day hopes of Chinese and Indian automakers In the process the text also provides an assessment of the top competing states and sites for any future plants the possible incentives packages governments may offer to attract such facilities and an estimated incentive value for each automaker Overall the goal of this book is to expand the knowledge of policymakers at all tiers of government in the United States and Canada and to help them take a more holistic look at the pros and cons of attracting Automobile Manufacturing FDI It is hoped that this will enable them to make more informed decisions when pursuing a new foreign motor vehicle assembly plant Its findings should also prove informative to urban and regional planning political science sociology economics labor and international development scholars and students in North America and worldwide

F&S Index **United States Annual**, 1997

Home Grown BRIAN LUNDIN, Directorate S Steve Coll, 2019-02-05 Winner of the

National Book Critics Circle Award for Nonfiction Nominated for the National Book Award for Nonfiction From the Pulitzer Prize winning author of *Ghost Wars* and *The Achilles Trap* the epic and enthralling story of America's intelligence military and diplomatic efforts to defeat Al Qaeda and the Taliban in Afghanistan and Pakistan since 9/11 Prior to 9/11 the United States had been carrying out small scale covert operations in Afghanistan ostensibly in cooperation although often in direct opposition with ISI the Pakistani intelligence agency While the US was trying to quell extremists a highly secretive and compartmentalized wing of ISI known as Directorate S was covertly training arming and seeking to legitimize the Taliban in order to enlarge Pakistan's sphere of influence After 9/11 when fifty nine countries led by the US deployed troops or provided aid to Afghanistan in an effort to flush out the Taliban and Al Qaeda the US was set on an invisible slow motion collision course with Pakistan Today we know that the war in Afghanistan would falter badly because of military hubris at the highest levels of the Pentagon the drain on resources and provocation in the Muslim world caused by the US led invasion of Iraq and corruption But more than anything as Coll makes painfully clear the war in Afghanistan was doomed because of the failure of the United States to apprehend the motivations and intentions of ISI's Directorate S This was a swirling and shadowy struggle of historic proportions which endured over a decade and across both the Bush and Obama administrations involving multiple secret intelligence agencies a litany of incongruous strategies and tactics and dozens of players including some of the most prominent military and political figures A sprawling American tragedy the war was an open clash of arms but also a covert melee of ideas secrets and subterranean violence Coll excavates this grand battle which took place away from the gaze of the American public With unsurpassed expertise original research and attention to detail he brings to life a narrative at once vast and intricate local and global propulsive and painstaking This is the definitive explanation of how America came to be so badly ensnared in an elaborate factional and seemingly interminable conflict in South Asia Nothing less than a forensic examination of the personal and political forces that shape world history Directorate S is a complete masterpiece of both investigative and narrative journalism
