The Secret of Healing and Other Miracles of the Mind Julia Seton, 2024-01-20 Dr. Julia Seton M.D. explores the secrets of healing through the power of the human mind. Included are such topics as The Secret of Healing Transcendentalism The Outside and the Inside of Life Cosmic Therapeutics and Absent Treatments. Dr. Seton writes: If we want to heal ourselves we stand with our whole life open to the positive creative cosmic currents and let them beat through us and around us. We will then and there pass our whole being into union with every creative universal force and to feel the power of its energy sweeping through us. We hold our life to this higher understanding until the great flood tide of the universe comes sweeping along our veins and through our being washing away in its resistless force all the lesser moorings which hold us to the thoughts of disease or decay. We have then the life more abundantly than is promised and we feel that we have entered into that place that is prepared for the people of God. We are healed to stay healed for the very life blood of the universe is in our veins.

A Path to a Fit and Healthy Life for Beginners James L. Blake Jr., 2019-10-16 We live in a society of instant gratification and so many people assume that there is a wonder pill out there to help us achieve health fitness and wellness. We are also surrounded by countless fad diets and fitness programs and we can be overwhelmed by the choices. The first step, however, begins with belief. A Path to a Fit and Healthy Life for Beginners is designed to help you become the owner of your fitness and health. Author fitness trainer and retired US Army veteran James L. Blake Jr. explains the importance of being healthy throughout our life on this earth. He reminds us that we can't just wait for something bad to happen to motivate us into taking the first steps we have to take. That same attitude now in the present before we face the worst and apply it to our health fitness and wellness. It's too easy for us to get caught up in society which is driven by our everyday lives and then before we know it it's too late. Wake up to the reality both for yourself and for your children. As James says: Personal courage is something that is infused, not given.
