Boros,2012-04-10 to follow **The Debt Trap** Sebastien Canderle,2016-09-19 This is the inside story of private equity dealmaking Over the last 40 years LBO fund managers have demonstrated that they are good at making money for themselves and their investors But when one looks beneath the surface of the transactions they engineer it is apparent that these deals can at times go spectacularly wrong Through 14 business stories all emanating from the noughties credit bubble and including headline grabbing names like Caesars Debenhams EMI Hertz Seat Pagine Gialle and TXU The Debt Trap shows how via controversial practices like quick flips repeat dividend recaps heavy cost cutting and asset stripping leveraged buyouts changed for better or for worse the way private companies are financed and managed today From technological disruption in the worlds of music recording and business directory publishing to economic turbulence in the gambling real estate and energy sectors highly levered corporations are often incapable of handling market corrections when debt commitments start piling up Behind the historical events and the financial empires erected by some of the elite private equity specialists these 14 in depth case studies examine how value maximising techniques and a short cut mentality can impact investment returns and portfolio assets Whether you are a PE practitioner investor business manager academic or business student you will find The Debt Trap to be an authoritative and fascinating account **Congressional Oversight Panel July Oversight Report** United States. Congressional Oversight Panel,2010 Congressional Oversight Panel September Oversight Report United States. Congressional Oversight Panel,2010 NOTE NO FURTHER DISCOUNT FOR THIS PRINT PRODUCT OVERSTOCK SALE Significantly reduced list price The Congressional Oversight Panel s 30th and final oversight report describes the financial crisis summarizes and updates the Panel s prior oversight reports and evaluates federal financial stabilization initiatives In order to evaluate the TARP s impact one must first recall the extreme fear and uncertainty that infected the financial system in late 2008 The stock market had endured triple digit swings Major financial institutions including Bear Stearns Fannie Mae Freddie Mac and Lehman Brothers had collapsed sowing panic throughout the financial markets The economy was hemorrhaging jobs and foreclosures were escalating with no end in sight Federal Reserve Chairman Ben Bernanke has said

that the nation was on course for a cataclysm that could have rivaled or surpassed the Great Depression As the TARP evolved Treasury found its options increasingly constrained by public anger about the program The TARP is now widely perceived as having restored stability to the financial sector by bailing out Wall Street banks and domestic automotive manufacturers while doing little for the 13.9 million workers who are unemployed the 2.4 million homeowners who are at immediate risk of foreclosure or the countless families otherwise struggling to make ends meet It is now clear that although America has endured a wrenching recession it has not experienced a second Great Depression The TARP does not deserve full credit for this outcome but it provided critical support to markets at a moment of profound uncertainty It achieved this effect in part by providing capital to banks but more significantly by demonstrating that the United States would take any action necessary to prevent the collapse of its financial system
