Biographical Dictionary of the People's Republic of China Yuwu Song,2014-01-10 This biographical dictionary is an indispensable research tool for information about the prominent persons of the past seven decades in China The book documents nearly 600 Chinese individuals who contributed for better or worse to the development of Chinese life and culture since the founding of the People s Republic of China in 1949 Though the book is weighted toward political figures it includes persons in business the military academia medicine social movements the arts entertainment and athletics In addition to an objective description of the person s life an analysis is provided that identifies the individual s contributions and importance

Pitkern-Norfolk Peter Mühlhäusler,2020-10-12 This book tells the story of the language of the Bounty mutineers and their Polynesian consorts that developed on remote Pitcairn Island in the late 18th century Most of their descendants subsequently relocated to Norfolk Island It is an in depth study of the complex linguistic ecological and sociohistorical forces that have been involved in the formation and subsequent development of this unique endangered language on both islands "The"

Athenaeum ,1844 **Judith Butler beyond gender** Carla Rodrigues,2023-09-20 Judith Butler beyond gender is philosophy in motion There is nothing superfluous about this book Nor is there any pretension of displaying erudition What one will read here is political philosophy which is philosophy itself according to the author She takes personal and collective mourning as an object of research and reflection In this project she joins Judith Butler a philosopher who has been approaching mourning as a necessary and crucial issue for political criticism for quite some time now We live in a time when mourning has a great meaning The covid 19 pandemic has already caused the death of millions of people around the world hundreds of thousands in Brazil An immense collective loss We are hopelessly constituted by our losses and absences We are also constituted by our memories Carla Rodrigues also makes us think about all these issues She makes us reflect on inequality in death on the lives that matter as well as those that are lost on which lives are grievable There is no denying this desolate scenario even when some insist on it We share this collective mourning It is about claiming the right to experience it Finding ways to defend a

more egalitarian society requires a public policy on mourning and memory says Carla Guacira Lopes Louro **Current Catalog** National Library of Medicine (U.S.),1979 First multi year cumulation covers six years 1965 70 **Coding Places** Yuri Takhteyev,2012-09-21 An examination of software practice in Brazil that reveals both the globalization and the localization of software development Software development would seem to be a quintessential example of today s Internet enabled knowledge work a global profession not bound by the constraints of geography In Coding Places Yuri Takhteyev looks at the work of software developers who inhabit two contexts a geographical area in this case greater Rio de Janeiro and a world of practice a global system of activities linked by shared meanings and joint practice The work of the Brazilian

developers Takhteyev discovers reveals a paradox of the world of software it is both diffuse and sharply centralized The world of software revolves around a handful of places in particular the San Francisco Bay area that exercise substantial control over both the material and cultural elements of software production Takhteyev shows how in this context Brazilian software developers work to find their place in the world of software and to bring its benefits to their city Takhteyev s study closely examines Lua an open source programming language developed in Rio but used in such internationally popular products as World of Warcraft and Angry Birds He shows that Lua had to be separated from its local origins on the periphery in order to achieve success abroad The developers Portuguese speakers used English in much of their work on Lua By bringing to light the work that peripheral practitioners must do to give software its seeming universality Takhteyev offers a revealing perspective on the not so flat world of globalization
