Quantitative Decision Making Dr. Prashant S. Kadu I Dr. Mukul Burghate, Similar to operations management project management employs an array of quantitative techniques while performing planning scheduling forecasting and monitoring tasks The main purpose of the quantitative approach is to make an optimal decision by using mathematical and statistical models in a situation when the probability of all outcomes is uncertain Quantitative approach to decision making produces the best results when the problem is clearly defined several alternatives exist and decision outcomes are easily measurable However in the case that many external factors are outside of the decision maker s control

and their probability is unknown the quantitative methods can become unreliable The purpose of this study Material is to present an introduction to the subjects of MBA Semester I The contents of this text will also cater to the students of courses like DFM DMM M Com and B Com etc The book contains the syllabus from basics of the subjects going into the intricacies of the subjects All the concepts have been explained with relevant examples and diagrams to make it interesting for the readers An attempt is made here by the experts author to assist the students by way of providing Study Material as per the curriculum with no commercial considerations However it is implicit that these are exam oriented Study Material only and students are advised to attend regular classes and utilize reference books available in the library for In depth knowledge We owe to many websites and their free contents we would like to specially acknowledge contents of website www.wikipedia.com and various authors whose writings formed the basis for this book We acknowledge our thanks to them At the end we would like to say that there is always a room for improvement in whatever we do We would appreciate any suggestions regarding this study material from the readers so that the contents can be made more interesting and meaningful Dr Mukul Burghate Author **Resources in Education** ,2001-10 The Wireless World and Radio Review ,1922 **New Ecology for Education – Communication X Learning** Will W.K.
