

## Operation of the Corvette Tops

### Folding Top

**To raise the top:** The rear compartment lid unlocking handle is located beneath the center of the lid. When facing the rear of the vehicle it is the left handle, pull it toward you to unlock and raise the lid.

- Swing the folding top out. Then close the compartment lid.
- Snap the rear bow retainers into place in the lid receptacles.

- Lock the three windshield header latches.

**To lower the top:** Unlock the header latches, release the rear bow by means of the retainer release lever. This is the right-hand lever beneath the center of the lid. Pull it toward you to unlock the retainer and fold the top forward. Open the rear compartment lid, and after unlatching the header latches, fold the top into the rear compartment, being certain that the header latches lie flat and close the lid.

### Removal of the Folding Top

- Use a pencil to outline the folding top mounting plates so that they may be reinstalled in exactly the same location. Then remove the two mounting bolts from each side shown in the illustration.
- Carefully remove the folding top from the car.
- Use the penciled outlines to locate the mounting plates in exactly the same position when replacing the top.
