Barbara Purdum-Cassidy, Lakia M. Scott, 2018-03-02 Today's public schools represent greater student diversity than ever before in the history of the United States yet pedagogical approaches as mandated by state education agencies and school districts superimpose mainstream curricula and instructional practices which ultimately disadvantage the academic outcomes of the majority minority African American and Hispanic Latino students. Unfortunately, national report findings also heighten the educational crisis that exists for Black and Brown children with regard to reading and writing achievement. As a result, there is a need to deeply explore the relationship between Black and Brown student literacy achievement and educational policy, teacher education program curriculum and assessment. This book seeks to provide some practical insights guided by conceptual and contextual knowledge by understanding how to teach urban African American and Hispanic Latino students by discussing culturally appropriate instructional strategies that have demonstrated success among African American and Hispanic Latino students. This book will showcase successful models for teaching literacy to urban students through a discussion of topics that include 1 increasing literacy achievement and motivation 2 multicultural literacy practices and 3 early and elementary literacy instruction. **Rise & Shine Staar Prep Reading Comprehension, Grade 3** Mark Lyons, 2015-02-03
