Character Feelings

What is it?

Character feelings describe a character's emotions in response to actions around them. A character can have many feelings throughout different situations in text.

Inferring Feelings

Authors leave clues in the text that can show you a character's feelings. You can infer feelings about a character by...

- Words - What is the character saying?
- Actions - What is the character doing?
- Thoughts - What is the character thinking?
- Pictures - What do the photos or illustrations show?

Character In each character's story, the evidence that shows their feelings.	Sasha noticed her picture hanging on the bulletin board. She looked at it, smiled, and felt proud.	The teacher told Sasha that she was chosen for an art show, and she would need to bring 3 more pictures. Sasha had an afternoon but none of the pictures were right. She felt sad and frustrated.	The teacher came over, looked at her pictures, and said they were perfect. Sasha smiled from ear to ear. That Saturday of the show, she was nervous. She jumped up and down with joy.
Feeling	confused	frustrated	happy

Practice

Read about each character below. Use the Character Feelings worksheet to help you choose a feeling for each character. Then, highlight or underline the evidence for each feeling.

Character	Maryann was a ballerina. She started dancing when she was 5, and she loved it. She practiced every day and was very good. She was chosen to perform at the school assembly.	After a while, Maryann noticed she didn't feel happy. She was always tired and sad. She started to miss her old friends and the fun she had at school. She felt lonely and sad.	Just as Maryann thought she was nervous, she heard a knock. She looked up and saw a boy who was wearing a red shirt. He was holding a dog and said, "Hi! I found the dog you lost!" Maryann was so happy.
Feeling			

Character	It was hot and sunny. The kids were playing in the park. They were all having fun. They were laughing and playing. They were all happy.	He really decided to take her to the festival. He was excited. He was happy. He was proud. He was confident. He was brave. He was strong. He was smart. He was kind. He was generous. He was honest. He was fair. He was just.	When they made it to the end of the festival, they found a big tree. They were all happy. They were all excited. They were all proud. They were all confident. They were all brave. They were all strong. They were all smart. They were all kind. They were all generous. They were all honest. They were all fair. They were all just.

for Jones & Bartlett Learning's Clinical Medical Assisting Judy Kronenberger, 2020-04-20 Master your course with the practice and hands on activities that will help you get ready for the medical office In this new edition of Clinical Medical Assisting the exercises and activities align with the American Association of Medical Assistants AAMA curriculum standards The Study Guide aligns to the textbook and includes exercises that reinforce the knowledge and skills required of all Medical Assistants *Multi-Tiered Systems of Support* Gary E. Schaffer, 2022-08-08 Multi Tiered Systems of Support A Practical

Guide to Preventative Practice by Gary Schaffer makes it easy to decipher this important framework for delivering evidence based interventions to improve student outcomes Focusing on the common elements of the intervention service delivery models comprising Multi Tiered Systems of Support this text offers step by step guidance for each stage of MTSS

Psychological Monographs , 1964 *Resources in Education* , 1995-04 A Guide to Detracking Math Courses Angela Torres, Ho Nguyen, Elizabeth Hull Barnes, Laura Wentworth, 2023-05-03 Create a pathway to equity by detracking mathematics The tracked mathematics system has been operating in US schools for decades However research demonstrates negative effects on subgroups of students by keeping them in a single math track thereby denying them access to rigorous coursework needed for college and career readiness The journey to change this involves confronting some long standing beliefs and structures in education When supported with the right structures instructional shifts coalition building and educator training and support the detracking of mathematics courses can be a primary pathway to equity The ultimate goal is to increase more students access to and achievement in higher levels of mathematics learning especially for students who are historically marginalized Based on the stories and lessons learned from the San Francisco Unified School District educators who have talked the talk and walked the walk this book provides a model for all those involved in taking on detracking efforts from policymakers and school administrators to math coaches and teachers By sharing stories of real world examples lessons learned and prompts to provoke discussion about your own context the book walks you through Designing and gaining support for a policy of detracked math courses Implementing the policy through practical shifts in scheduling curriculum

professional development and coaching Supporting and improving the policy through continuous research monitoring and maintenance This book offers the big ideas that help you in your own unique journey to advance equity in your school or district s mathematics education and also provides practical information to help students in a detracked system thrive
