Year One in Action Anna Ephgrave,2017-03-16 Children are hard wired to learn and they learn best by being active and autonomous exploring discovering creating and taking risks in other words by playing However formal subject specific lessons and a focus on data targets and unrealistic expectations are causing young children to be bored and stressed and this is stifling their learning Year One in Action reveals the remarkable progress children can make when they are allowed to pursue their own interests ideas and challenges in a superb and enabling environment supported by responsive skilled and empathic staff Demonstrating how a child led approach supports the development of purposeful calm confident and independent children this book offers a unique month by month insight into the workings of a highly successful Year One class It covers all aspects of practice from timetabling adult roles and transitions to the organisation of the classroom and outside area It tracks the events of each month in the year paying close attention to the physical environment and the learning that is taking place Interactions between staff and children are recognised as and exploited as teaching opportunities Throughout the book Anna Ephgrave gives the reasons behind each decision made She also explains what the outcomes have been for the children emphasising that a child led approach with planning in the moment enables rich learning across the curriculum for all children within a meaningful context Key features include over 150 full colour photographs to illustrate practice photocopyable pages of planning sheets record keeping sheets and sample letters to parents examples of individual learning journeys and planning in the moment guidance on what to look

for when assessing children's progress advice on risk benefit assessments suggestions for managing transitions and minimising stress The achievements of these children have been remarkable and they have remained the enthusiastic independent happy and unique individuals that they were when they came into Year One Written by a leading consultant teacher this book will inspire teachers to be brave and do what is right for children let them take the lead trust that they want to learn and above all let them play *What Children Learn in the Classroom* Kate Stewart, 2008 A user friendly at a glance guide for parents to what their children are taught at primary school It gives a brief description of the more modern teaching methods so that parents can gain a familiarity with and an understanding of the processes that their child will go through in primary school Covers the development of numeracy literacy and the wider curriculum from when children enter school in Reception at age 4 through Key Stages 1 and 2 until the move to secondary school at age 11 Also provides a wealth of ways to support children at home

Your Primary School-based Experience Catriona Robinson, Branwen Bingle, Colin Howard, 2025-02-28 This book is an essential companion for all primary trainee teachers whatever their training route It focuses on the school based experience and provides both practical strategies and opportunities for reflection so trainees are challenged to critically evaluate their learning in order to improve attainment and ultimately succeed while in their school settings The book reflects current educational policy and embraces key national priority areas including behaviour inclusion and the teaching of phonics and early mathematics Other chapters look at professional partnerships planning and assessment employability and crucially how to move from good to outstanding teaching Case studies enliven the text and present a range of perspectives for consideration while critical questions engage the reader and promote a deeper understanding of the text This second edition of *Primary School Placements* has been fully revised throughout and in particular provides an increased focus on evidence based practice and is referenced to the latest national curriculum

Intuition Or Evidence? C. V. Gipps, 1995 The intuition or evidence of the title is a theme which runs through the book Prior to National Assessment teachers judgements about pupils were largely intuitive National Assessment has brought about changes in some teachers practice resulting in assessments now being based more firmly on evidence Other teachers however still prefer to assess intuitively The changes in government policy and the demands for testing and publication to raise standard also seem to be based on intuition rather than evidence However by the end of a three year study the authors evidence shows that a number of headteachers felt that standards of teaching had improved but not in the simplistic way envisaged by the government
