D'Ambola,2025-03-31 Alan Jackson loved being a high school teacher in a small town in the Midwest He loved everything  
history and he loved passing all this knowledge on to his students He felt it was imperative that children learn about the past  
in order for them to prepare for the future He never in his wildest dreams ever imagined that he would one day become an  
integral part of future history Alan never sought out great wealth or fame He was after all a history teacher in a public school  
in Kansas Not the typical chosen career in which to become rich or famous He never wished for any type of power The most  
control he possessed was over the choice of decorations in the hallways on Presidents Day He never thought for a moment  
that he could impact the lives of more than the students that passed through his classroom and that was only to ready them  
for college He was wrong on all accounts Everything changed because he tried to impress a girl by taking up rock climbing in  
one of the flattest states in the country Alan would become embroiled in national intrigue a worldwide power struggle that  
would change the course of history challenge the largest and most deadly narcotics trafficking network and be the main  
focus of a secret operation that ran all the way up to the President of the United States Fate had left it up to Alan to possibly  
save the lives of untold millions This was all due to a unexpected intergalactic force Unbeknownst to Alan he would become
