Kay Williams, 2000 **Education Reform in Florida** Kathryn M. Borman, Sherman Dorn, 2012-02-01 In Education Reform in Florida sociologists and historians evaluate Governor Jeb Bush s nation leading school reform policies since 1999 They examine the startlingly broad range of education policy changes enacted in Florida during Bush s first term including moves toward privatization with a voucher system more government control of public education institutions with centralized accountability mechanisms and a superboard for all public education The contributors arrive at a mixed conclusion regarding Bush s first term education policies while he deserves credit for holding students to higher standards his policies have unfortunately pushed for equality in a very narrow way The contributors remain skeptical about seeing significant and sweeping improvement in how well Florida schools work for all students *Florida Administrative Weekly*, 2004
