This book is a result of an effort made by us towards making a contribution to the preservation and repair of original classic literature. In an attempt to preserve, improve and recreate the original content we have worked towards 1. Type setting, Reformatting. The complete work has been re-designed via professional layout formatting and type setting tools to re-create the same edition with rich typography, graphics, high quality images and table elements giving our readers the feel of holding a fresh and newly reprinted and/or revised edition as opposed to other scanned printed Optical Character Recognition (OCR) reproductions. 2. Correction of imperfections. As the work was re-created from the scratch, therefore it was vetted to rectify certain conventional norms with regard to typographical mistakes, hyphenations, punctuations, blurred images, missing content, pages and/or other related subject matters upon our consideration. Every attempt was made to rectify the imperfections related to omitted constructs in the original edition via other references. However, a few of such imperfections which could not be rectified due to intentional/unintentional omission of content in the original edition were inherited and preserved from the original work to maintain the authenticity and construct relevant to the work. **ABC JULE. LEMAITRE, 2022** Memories of a Sparrow. Henri de la Blanchère, I was born in the acclimation garden of the Bois de Boulogne. My mother had made a choice to build her nest of the thatched roof covering the house of a huge but frightful bird called Marabou. Carpet under the crossed thatch we lived in the greatest abundance, the mash of the foreign birds assembled in this garden provided my father and my tender mother with an inexhaustible mine to feed us, and the prudent sparrow woman had chosen the house of Marabou because of the proximity of the water which allowed her to find easily at the edge the worms that we urgently need during our young age, especially at the time of growth of our feathers. My nesting companions were two brothers and two sisters and our parents waited only a few days to show us the use of our wings. Alas, this is easier said than done. One night

the wind rose under the pressure of the storm Carpet in the bottom of our nest under the wings of our parents we trembled with repeated lightning flashes and under the hot gusts that shook the house on its foundations Faint with fear wet with torrents of water coming through the straws and dripping on our nest we pressed against each other without even daring to cry
